DROPPED DEAD AT HIS LAST REUNION

Lieut-Gen. Arthur McArthur Stricken While Addressing Comrades

VETERAN SUFFERED STROKE

Soldiers of the 24th Wisconsin Volunteers Were Attending Reunion at Milwaukee—Many Tears Dimmed Eyes Seen.

Milwaukee, Wis., Sept. 5.—While recalling the deeds of the Twenty-Fourth Wisconsin Volunteers in the Atlanta campaign, Lieut-Gen. Arthur McArthur, U. S. A., retired, dropped dead, following an apoplectic stroke at the last reunion of the regiment, known as the "Chamber of Commerce" regiment, in the University Building to-night.

Within a few minutes after the venerable general fell to the speakers' platform in the midst of his address, Edwin B. Parsons, a captain, and member of the regiment, suffered a paralytic stroke on the right side, from the shock of seeing his companion fall, and had to be carried from the hall.

The old soldiers attending the reunion, about 100, failed to grasp the situation for some moments, and when they rushed to the side of their fallen commander and tried to arouse him they found him dead.

The old soldiers turned away with saddened eyes, then one by one they knelt by the side of their stricken commander.

"Our Father, which art in Heaven," began one of the veterans, and the others joined him in repeating the Lord's Prayer.

At the conclusion of the prayer, as the soldiers arose, one of them took from the wall an American flag and spread it over the dead general. Then silently the old soldiers left the hall.

ENGLAND'S CLAIMS

Too Heavily Burdened With Canal Maintenance Charges

Washington, Sept. 5.—The letter of Sir Edward Grey, the British foreign secretary, to the Gateshead Chamber of Commerce yesterday regarding the British government's attitude towards the Panama Canal, is regarded here as an indication that the negotiations between the two countries are to have a financial basis, the foreign secretary's argument being that British shipping is to be burdened with an undue proportion of the charges for the maintenance of the canal, through the complete exemption from tolls of American coastwise shipping.

In view of this, importance attaches to an inquiry which now is being conducted on the isthmus, by Professor Emory R. Johnson, special commissioner on Panama traffic and tolls. He is engaged in a study of the financial aspect of the enterprise, so that the tolls may be adjusted to the needs of the canal on a strictly scientific basis, and he is expected in Washington soon with this data.

A vast amount of data already prepared by Prof. Johnson shows that 75 per cent of the traffic through the canal will be American coastwise shipping. This would indicate that foreign vessels would have to pay 10 per cent more tolls than they were to pay on American shipping, which would not be equitable. But it is pointed out that a proportionate share of this burden, if it exists, would have to be borne by American ships in the foreign trade which would consequently be on a parity of equality with British ships.

ROOSEVELT CONTINUES TOUR

The Colonel Speaks at Paul and Minneapolis, Minn., and Pushes Still Further Westward—Reasons For Support.

ITALIANS CALL ON GOVERNOR WILSON

Two Delegations Hear His View on Immigration Problems

St. Paul, Minn., Sept. 5.—Minnesota heard first hand from Col. Roosevelt today his reason for asking support for the new Progressive party. The Colonel spent the day in St. Paul and Minneapolis and made three speeches. Tonight he resumed his journey westward with Grand Forks, N. D., as his next stop. He made a speech before the State Fair tonight, in which he declared the nomination of Wilson at Baltimore was arranged by the "Democratic bosses." He expounded the Progressive views on the tariff, Canadian reciprocity, the courts, co-operation of the government and the farmers, to improve the yield of farms and measures to better the condition of wage workers. Then he went to Minneapolis, and after a speech given by the Minnesota Progressive League, he delivered what he called a "lay sermon" in which he gave his views upon the significance of the Progressive movement from the standpoint of the moralist, rather than the politician. Tonight he made a brief address at the Fair grounds only, where he attended a "farm dinner."

Col. Roosevelt reached St. Paul early this morning. Col. Roosevelt, saying that Gov. Wilson had said that the Democratic platform was not a programme, asked: "Then what is it? The minute that any man announces that their platform does not tell the truth they condemn themselves for putting it forth and they condemn the man who is unfortunately compelled to stand upon it."

During the day he spent an hour with State Progressive leaders who were anxious for his advice as to whether a Progressive State ticket should be named. He expressed the opinion that the Progressives should name their own ticket, "straight down the line," although if the Progressive Republicans should win at the Republican primaries this month, he thought such a step might not be necessary. He is willing to abandon the Progressive State ticket, he told the Minnesota leaders, only if it is possible to take over the Republican organization bodily. It is understood that decision will be postponed until after the primaries.

The minute that any man announces that their platform does not tell the truth they condemn themselves for putting it forth and they condemn the man who is unfortunately compelled to stand upon it."

GOV. MANN SPEAKS

Virginia Governor Defends Federal Appropriations for Waterways

New London, Conn., Sept. 5.—Gov. W. H. Mann of Virginia tonight addressed the Atlantic Deeper Waterways Convention here, discussing Federal appropriations for waterway improvement. "The time has come," said Gov. Mann, "when we will not have to beg Congress for appropriations for the improvement of our waterways. We will demand appropriations."

During the evening session, Mayor F. W. Donnelly, of Trenton, N. J., presented, on behalf of the Association, a large hall clock to Congressman J. Hampton Moore, of Philadelphia, president of the Association.

Col. P. A. Stovall, editor of the Savannah Press, also presented to Congressman John H. Small of North Carolina a silver service on behalf of the Association.

The committee having in charge the time and place of the next convention, has agreed on Jacksonville, Fla., and the following year in Troy and Albany, jointly. It is expected that the action of the committee will be formally ratified by the convention tomorrow.

M'KESSON NOMINATED

Republican Who Will Oppose Yates Webb in Charlotte District

Charlotte, N. C., Sept. 5.—The Republican Congressional Convention of the Ninth district met in this city this morning and was called to order by Warren Vines Hall, secretary of the congressional committee, in the absence of the chairman, Dr. Abernathy, of Lincoln, who was elected chairman of the convention and A. P. Rhyne, of Gaston county, secretary, and with this organization the convention proceeded to the nomination of a candidate for Congress to oppose Hon. Yates Webb, Democratic Congressman from this district.

Warren Vines Hall nominated Chas. F. McKesson, of Morganton, for Congress, and there being no other nominations, the convention unanimously selected Postmaster McKesson to make the race.

The convention Col. Walter R. Henry, of Charlotte, was unanimously selected the Taft elector for the Ninth district, and with the election of the new Congressional committee the convention came to a close.

Charleston, W. Va., Sept. 5.—Union miners at a number of towns today decided to quit work tomorrow and start for this city to protest against the declaration of martial law, although advised not to do so by union leaders. The situation presented by the decision of the men to quit work tomorrow was directly responsible for increasing militia forces.

ITALIANS CALL ON GOVERNOR WILSON

Two Delegations Hear His View on Immigration Problems

MAKES NEXT SPEECH MONDAY

The Governor Will Speak at New York Press Club and Analyze Three Principal Parties—To Attend Convention

Sea Girt, N. J., Sept. 5.—Governor Woodrow Wilson received two delegations of Italians today, one from Jersey City, and the other from Brooklyn. He talked about immigration to them.

"There is no sort of visit more welcome to me now," he said, "because I fear that things that I have written have been most grossly misinterpreted. I have had frequent occasions recently to meet delegations similar to this and it has been a great gratification to me that they all speak in generous language of appreciation towards myself, but also with an extremely broad-minded apprehension of what my real position is and of what my real feelings are."

"The fact of the matter is that America has been enriched by having the aspirations of some of the finest races in the world brought to her shores. I don't know whether we ought to rejoice that other countries are in the same degree impoverished, but for myself, as an American along with yourselves, I rejoice most heartily in the circumstances that men of every European blood have brought to this country their highest aspirations, because they can't bring these aspirations without adding to the aspirations of the country and making the country greater and freer than it would be without them. For myself, I have never felt the slightest jealousy of the right kind of immigration, and by the right kind of immigration I mean the voluntary kind. When men of their own initiative come with a preliminary love for or desire for America, to establish homes for themselves here and to identify themselves with the country, the result cannot be anything but good for the country itself."

The Governor devoted himself for the most part to his correspondence today. His next speaking engagement is Monday at the New York Press Club, when he will analyze the three principal parties, their platforms and aims. Governor Wilson said tonight he would attend the Democratic State Convention at Trenton on October 1st.

N. Y. CONVENTION TODAY

Bitter Struggle Among Progressives Over Gubernatorial Nomination

Syracuse, N. Y., Sept. 5.—A bitter struggle over the nomination for Governor on the new Progressive party ticket made its appearance here tonight and promised a lively session of the State convention tomorrow. The candidacy of Wm. A. Prendergast, of New York, and State Chairman Hotchkiss for the gubernatorial nomination formed the basis for the trouble.

For Lieutenant Governor Timothy Woodruff, supporter of Prendergast, was particularly bitter tonight. He said that those attempting to nominate Hotchkiss were not acting in good faith and that his nomination would split the party.

"If this party could be formed in two months I guess we could form another one in two months," he declared.

State Chairman Hotchkiss spoke bitterly tonight of what he termed an attempt by outsiders to cause dissension in the new party through the use of money. He said he was not a candidate for Governor and that he favored Prendergast's nomination.

SEMI-FINALS TODAY

Jerome Travers Will Play Kerr for Golf Championship

Chicago Golf Club, Wheaton, Ill., Sept. 5.—Jerome Travers, of Upper Montclair, will play Hamilton Kerr, of Edgewater, and Charles Evans, Jr., of Edgewater, will play Warren K. Wood, of Homewood, tomorrow in the semi-final rounds of the National amateur golf championship.

Travers had some trouble today in beating Mason Phillips, and Kerr had to play 37 holes to overcome Paul Hunter. Evans had easy work eliminating H. Schmidt, of Worcester, while Wood won by default.

Norman F. Hunter, the Edinburgh player, who carried the hopes of the English contingent, after Harold Hindman was eliminated, tonight is in bed in the club dormitory with cold compresses on his head to ward off a threatened heat prostration. This collapse in the test play Wood in the semi-finals and gave him a chance to rest during the afternoon, while the other were playing matches under a broiling sun.

Norristown, Pa., Sept. 5.—Two men and a boy were killed near here tonight by the premature explosion of a dynamite charge at a stone quarry.

Members of G. O. P. National Committee Make Another Effort to Supplant Them in Pennsylvania With Taft Men.

Marines and Blue Jackets Control the Situation in Nicaragua

New York, Sept. 5.—Chairman Chas. D. Hilles and members of the Republican National Committee took steps today in another effort to supplant Roosevelt electors on the Republican ticket in Pennsylvania with Taft men. The proposal of Wm. Flynn that Taft electors be substituted for Roosevelt electors after he has succeeded in obtaining signatures to petitions naming the Roosevelt men on a Washington party ticket, some time about September 30, has not been accepted, and some other plan is to be tried.

Senator Penrose came here today and conferred with Wm. Barnes and other members of the National Committee on the subject. Mr. Barnes is chairman of the advisory committee of the National Committee. Chairman Hilles gave out a letter of more than 1,000 words addressed to Henry C. Waason, chairman of the Republican State Committee of Pennsylvania. In this letter Mr. Hilles reviewed the situation, in that State, and said:

"From the standpoint of decency, honor and morality, the Roosevelt electors should not defer their retirement from the Republican ticket another day. They should not make it necessary for the Republican managers to appeal to the courts to compel them to withdraw."

In conclusion Mr. Hilles said: "I ask you to telegraph each of the electors who will support the President to forward his resignation without further delay, in order that the Republican ticket may be completed."

MAIL CLERKS' OFFICERS

Association Re-elects President and Secretary-Treasurer

Norfolk, Va., Sept. 5.—The United States Railway Mail Service Mutual Benefit Association today re-elected John F. Bradley, of Atlanta, president, and W. S. Corning, of Chicago, secretary-treasurer. The association received an invitation presented to the convention of San Francisco, to meet in that city in 1915, and recommended to the executive committee its acceptance. A proposition to increase the annual dues from \$1.50 to \$2.00 per capita was defeated by a constant vote of two-thirds majority. Peter J. Schardt, of Milwaukee, president of the Railway mail association, and generally in charge of all legislation affecting railway mail employees, arrived here today and addressed the convention for two hours prior to adjournment. The delegates tonight enjoyed a shore dinner at Ocean View as the guests of the Norfolk Board of Trade.

CONFESS TO KILLING

Mrs. C. C. Bailey and A. L. Watson Murdered Former's Husband

Shreveport, La., Sept. 5.—Mrs. C. C. Bailey, wife of a saw mill owner of Metcalf, La., and A. L. Watson, one of Bailey's employees, both of whom were arrested after a coroner's investigation into Bailey's death, confessed to the killing today, according to parish authorities. Bailey was attacked as he slept Tuesday night. Watson told the authorities a stranger entered the house and strangled Bailey and that as he (Watson) leaped from his bed the intruder threw the axe at him and fled.

REBEL LEADERS CAPTURED

Government Troops Are Successful Over the Rebel Forces in Several Engagements—Robbery and Extortion.

Washington, Sept. 5.—Government successes over the rebel forces in several engagements in Nicaragua, resulting in the capture of a large number of the directing heads of the revolution, together with the almost complete domination of the situation by the American naval forces now in the country, summed up the situation in that Central American republic today.

Large forces of American marines and bluejackets are stationed at the important bridges and stations along the railroad and Major Butler, commanding the marines, expresses the opinion that he will have little trouble protecting the railroad and maintaining communication between the capital and Corinto.

Reassuring advices were received at the Navy Department from Admiral Southernland regarding the situation of the Americans and other foreigners at Matagalpa. The battalion of marines which was brought to Corinto of the California, after having been rushed down the east coast of the United States from Philadelphia, left Corinto yesterday for Leon, accompanied by a hospital corps detachment.

The second battalion and a large landing party from the cruiser Colorado was expected for the same destination today.

More details of the recent government victories were reported to the State Department today by Minister Weitzel.

Generals Zeledon and Mena are using every means at their command to obtain money with which to foster their cause. To this end they have resorted in many instances to robbery and extortion.

WAKE FOREST OPENING

Bright Outlook For Successful Term at State Baptist College.

Wake Forest, Sept. 5.—With more students enrolled than in any previous year the 78th session of Wake Forest College bids fair to eclipse all others in every respect. More than 400 students have registered for the Fall term and more are coming in on every train.

The accommodations and rooms for the boys are taxed to the limit. The rooms in the dormitory were engaged before the session started and practically every room has been taken outside. The majority of the newcomers are now turning to private families where they are being taken care of until they can make some arrangements.

The prospects are bright in every respect and the success of the year will begin today. The college is particularly fortunate in having an addition to the faculty this year in the person of Dr. Hubert Poteat, son of President Poteat, who has been elected to the chair of Latin. All classes were met yesterday and real work will begin today.

MAY NOT BE ON TICKET

Taft Men Claim Progressives Have Not Filled Petition in Time

New Orleans, Sept. 5.—If the contentions of the Taft leaders, backed by the opinion of Secretary of State Hebert, are correct, the Louisiana Progressives will not have the names of Col. Roosevelt and his other candidates on the State ticket at the November election. To secure a place on the ticket the Progressives are required by law to file a petition with the Secretary of State, signed by at least one thousand electors. They have not yet done so. The Taft leaders and Secretary of State Hebert, a brother of Clarence S. Hebert, in charge of the Taft campaign, say that the time limit for filing the petition expired last Tuesday night. The Progressives hold that they have until October 1st. A court settlement of the matter is expected.

SOUTHERN TRAIN WRECKED

Engineer Killed and Several Trainmen Seriously Injured.

Macon, Ga., Sept. 5.—Engineer C. S. Scribner, of Atlanta, was killed, Fireman James Burden fatally injured and four other trainmen seriously hurt today when a Southern passenger train left the rails on a curve near Bolton, Ga. Some of the passengers were seriously injured.

Engineer Scribner was crushed to death when the engine left the track and plunged into a ditch. Fireman Burden sustained a broken back and other injuries, from which it is expected he will die.

The baggage car, mail car and one coach left the tracks, but did not run over. The cause of the wreck has not yet been officially made known.

HAYES DENIES STATEMENTS

Demoted N. Y. Police Inspector Will Not Admit He Said His Story Would Cause Commissioner Waldo to Resign.

TAFT LEAVES FOR NEW LONDON, CONN.

Still Nursing Lame Ankle, Goes to Speak at Waterways Convention

New York, Sept. 5.—Cornelius G. Hayes, the demoted police inspector, made a categorical denial today of published statements quoting him as saying he would tell on the witness stand at his departmental trial a story that would cause Commissioner Waldo to resign in twenty-four hours.

The statements were said to have been made by Hayes to District Attorney Whitman during the secret conference he held with the prosecutor last Tuesday evening, when it was understood Hayes had asked Mr. Whitman to delay presenting to the grand jury certain evidence involving the former inspector until after his trial on the charge of making a false statement to Mr. Waldo, which begins tomorrow. He was summoned to police headquarters and ordered officially to affirm or deny the statement, together with other accusations he was commissioned to have made against the commissioner. Hayes made a complete denial.

Although District Attorney Whitman refused today to discuss his conference with Hayes, it was learned that the prosecutor was surprised to hear that Hayes had repudiated some of the statements attributed to him. Mr. Whitman expects to attend the trial tomorrow, to hear what Hayes will say in his defense.

Police Commissioner Waldo said tonight that first Deputy Commissioner McKay, who has been subpoenaed as a witness in the trial, will preside at the trial. Before it proceeds, Mr. Waldo said, the deputy commissioner will listen to the argument of counsel as to whether he has the right to preside and be a witness at the same time, and will then rule upon the question.

Louis Libby, part owner with William Shapiro of the murder car in the Rosenthal case, was called today before the grand jury which indicted Police Lieutenant Becker for the murder of Rosenthal. He professed ignorance of the murder plot.

The investigation by the commissioner of accounts into alleged graft levied on owners of news stands results tonight in the arrest of Benjamin F. Strauss, an election district captain on charge of grand larceny. According to the evidence of a witness at the investigation Strauss acted as the agent of an alderman in the collection of graft.

WATERWAYS CONVENTION

Gov. Foss Makes Plea for Development of System.

New London, Conn., Sept. 5.—A plea for the development of inland waterways of the United States was made tonight by Gov. Eugene N. Foss, of Massachusetts, in an address before the Atlantic Deeper Waterways Convention. Gov. Foss advocated, as a future policy in the development of transportation, that for every dollar spent for the extension of railroads in America a dollar of public money should be put in the extension and deepening of the waterways.

"Rail and water systems," he said, "are natural copartners in the development of any country. Each helps the other, and it is only by their mutual service that true progress can be reached."

The European cities of Antwerp, Hamburg, Glasgow and Manchester were pointed to as ports made famous by the development of navigable rivers.

ARMS FOR AMERICANS

State Department Trying to Help Residents of Cananea.

Washington, Sept. 5.—Every effort is being strained by the State Department to get arms and ammunition to America in the Cananea district, to enable them to protect themselves against the ravages of the rebels. Today a request from the residents there was received at the State Department asking for 500 rifles immediately, accompanied by 200 rounds of ammunition for each gun. Attempts are being made to ascertain where the nearest rifles available for this purpose can be obtained, and when this is learned President Taft will be called upon to make an exception to his proclamation prohibiting the transportation of arms across the border.

The situation in this district is known at the State Department to be grave, and every effort will be made to assist the people in protecting themselves. The guns will have to be paid for by the people to whom they are given.

TAFT LEAVES FOR NEW LONDON, CONN.

Still Nursing Lame Ankle, Goes to Speak at Waterways Convention

TO HOLD POLITICAL CONFAB

The President's Brother, the National Chairman and Treasurer Accompany Him and Will Hold a Conference.

New York, Sept. 5.—Still nursing his lame right ankle, but determined to keep his engagement with the Atlantic Deeper Waterways Association at New London, Conn., tomorrow, President Taft left New York late today on the yacht Mayflower up Long Island Sound.

C. P. Taft, the President's brother, Charles D. Hilles, chairman of the Republican National Committee and George Sheldon, its treasurer, accompanied him. Tonight and tomorrow before he arrives in New London, the President expects to hold a long political conference with these three men.

The President boarded the Mayflower in the Brooklyn Navy Yard and she steamed up the East river to the roar of the guns of a half dozen war vessels in the yard, while hundreds of jacksies in white lined the rails of the Mayflower and those of the warships. Mrs. Taft came down from Beverly on the yacht.

Mr. Taft plainly showed the pain he felt from his injured ankle at the Pennsylvania station where he was taken by wheel chair and elevator directly to a waiting automobile, and had but few steps to make. At the yard, however, he had to walk the Mayflower's gangplank and he did it gingerly and with care. Major Thomas L. Rhoads, the President's personal aide, and the physician who accompanied him on the trip, declared today that the ankle was so much better that Mr. Taft will be out enjoying his vacation next week.

The President's engagement in New London will keep him only a few hours, and he expects to board the Mayflower tomorrow afternoon and steam up to Beverly, where he expects to remain for several weeks.

NEW YORK MOOSERS

Frame Platform and Settle Fight Over Gubernatorial Nomination.

Syracuse, N. Y., Sept. 5.—Tonight the Progressive party's convention adopted the platform framed by the resolutions committee, which followed closely the platform of the National Progressive Convention, and pledged support to Roosevelt and Johnson. A report was current following the adjournment of the convention that the trouble over the gubernatorial nomination had been adjusted to a large measure and that Mr. Prendergast would be selected.

The platform as adopted tonight declares in the preamble: "We pledge ourselves to the elimination of special privilege in every form. We covenant unceasing war against the use of political or governmental power for the private gain of bosses or their friends, who would build up great individual fortunes through monopoly, high prices and inordinate profits."

"We propose to use the powers of the government to protect property rights no less than heretofore, but seek also to serve human welfare more."

National issues as presented in the Chicago platform are dealt with at great length. The strike program, of unimpeded legislation to advance the interests and conditions of labor is endorsed and the declaration made that greater responsibility in carrying such measures into effect rests upon the State than the Nation.

FLOGGING RESORTED TO

Prisoner in Michigan "Penn." Whipped for Outbreak

Jackson, Mich., Sept. 5.—For the first time in its history, flogging was resorted to at the Michigan State prison here today.

Nine of the ringleaders in the recent outbreak were given from 10 to 30 lashes each, and it is understood that all who took a prominent part in the rioting will be meted out similar punishment. The number of lashes given each was in accordance with the report of physicians as to how much punishment the prisoner could stand.

Everything otherwise is gradually assuming a normal condition at the prison, though the troops are still on duty.

Mexico City, Sept. 5.—Zapatistas, crossing the state of Guerrero and Puebla into the state of Oaxaca, are reported to have captured San Miguel Ahuehuatlan yesterday, and after sacking the town to have celebrated their victory by burning most of the houses. Carlos Menzies, a wealthy merchant, was seized and cremated in the flames of his own store.

New York, Sept. 5.—William Mailley, who, in 1903 and 1904, was national secretary of the socialist party and for several months past associate editor of the Metropolitan Magazine, is dead at his home of diabetes, aged 41 years.
