Every member of the club will be asked to have a part in the work of the bazaar and it is hoped to make it one of the most elaborate and successful affairs of the kind ever held in Wilmington. The bazaar will be open every afternoon and at night on the dates mentioned. The proceeds from the bazaar will go toward the fund that is being raised to erect a club house, for which the ladies are working most enthusiastically and with every assurance that their efforts will be crowned with success. The fund should be greatly increased as a result of the bazaar. Sorosis will accept any amount of the bazaar, and merchants or other friends of the organization care to donate.

Norfolk, Va., Oct. 18.—The battleship, Vermont, recently out of the drydock at the Norfolk Navy Yard, where she spent seven months, proceeded to sea today for a shakedown trip before being subjected to a severe speed test. It is reported that the Vermont will be subjected to a forced draught test from the Virginia capes to the coast of Maine to determine if her engines which were overhauled while she was in the drydock, are all that is claimed for them.

He was an old citizen, a carpenter by trade and an official of Union Lodge No. 2, Good Samaritans. He was at one time a member of the Board of Aldermen of Wilmington. He leaves a family. The J. W. Fleet Co., the well known clothiers, are removing from the southwest corner of Front and Princess streets, where they have been for many years, to the new building erected especially for the company on Front street, between Chesnut and Grace streets. The work of removing the stock has been in progress for several days. Yesterday afternoon's Fayetteville Observer: "The people of all this section will be grieved to learn that the venerable and beloved Rev. JEALOUSY CAUSED ASSAULT Woman Slugged H. E. Pearce for Taking Another to Show Kansas City, Mo., Oct. 18.—A woman's jealousy and not his testimony "in the lynch cases" at Indianapolis caused the assault of Henry E. Pearce, hotel clerk, Tuesday night, according to Chief of Police Griffin. Pearce was found in an apparently unconscious condition and removed to the general hospital, where he told a rambling story of how he had been threatened with injury by mysterious persons because he had testified at Indianapolis. Chief Griffin said today: "Pearce on Tuesday night had an engagement to take a respectable girl to a show. A woman who had the night previous paid for his supper, his room and his breakfast, objected, and when Pearce started to the girl's home in a taxi cab, she insisted on riding to the house with him. The show over, Pearce took the girl home and it was after leaving her that he was slugged, if at all. That the woman lay in wait for Pearce because she was jealous of her young rival is the belief of the police."

WILL WITHDRAW TROOPS. The American Forces Are to Leave Nicaragua Next Week. Washington, Oct. 18.—Rear Admiral Southerland, in command of the American forces in Nicaragua, thinks it advisable to begin withdrawing his troops Monday. In a message to the Navy Department today he announced that after Monday, except for small guards on the passenger trains, he would have the National Railway Company take complete charge of the line. The withdrawal of bluejackets should be completed by November 15th, he added. The cruiser Cleveland, will leave Nicaraguan waters one week from today and on the following day the Denver will be ready for sea.

HOW TO GET FAT.

Use Samose, Says Druggist J. Hicks Bunting and on Good Fish. The almost universal interest in physical culture is the best evidence that can be offered as to the need of a simple and scientific method of making thin people fat, increasing strength and restoring health. Athletics, when carried to an extreme, often result in straining the vital organs. How much better it would be for the average person to regain health, strength and flesh by using Samose. This flesh forming food is assimilated as soon as it enters the stomach; it helps the organs to assimilate the food and extract the flesh forming elements; it builds up the muscles and rounds out the limbs into shapely plumpness. Samose has been so successful in making thin people fat and restoring the weak and run down to strength and health that the J. Hicks Bunting Drug Co., the popular druggists, sell it under their personal guarantee to refund the money if it does not benefit. (Advertisement.) Football today, W. H. S. vs. Rocky Mount.

Theatrical.

The Academy of Music will make a big and merry offering today, when "The Winning Widow" recalled as last season's biggest musical comedy triumph in Wilmington, will return to delight the folks of this city. The jolly "Widow" will not only appear at one performance, but will be seen at two, which will add to the joy of the day. A special matinee will be given this afternoon, when a scale of popular prices will prevail, all seats downstairs being 75 cents, those in the balcony 50 cents and children 25 cents, anywhere in the theatre. Seats for both performances are now on sale at Plummer's and even the 25-cent tickets can be purchased there. The company presenting "The Winning Widow" this year is larger and even better than the one of last and

LOVELY MARIE GREENE. Big Production of "The Winning Widow" Academy, Matinee and Night Today.

the production is a mammoth and brilliant one. The attraction has been showered with praise and from the Charlotte Observer comes the following: "The Winning Widow" came to Charlotte yesterday with an aggregation of trim and comely maidens who were not at all Quakeresque to say nothing of two comedians who were above par and several others who attracted a full measure of humor from the lines which fell to their lot and the roles assigned them. Consequently the widow, who is a dashing, sprightly creature, and her company had no difficulty in winning a considerable measure of approval. In some respects the production was considered superior to that of last year. "A spicy show is 'The Winning Widow' and one which keeps its audiences on the qui vive. The work of its comedy artists convulsed persons never known to smile in a theatre before. As an exhibition of the human mind divine, for which theatregoers have a designation in the vernacular, it is not likely to be surpassed during the current season. It might be termed a typical musical comedy of the best pretentious sort."

"Uncle Mun" at the Grand. As a special compliment to the young folks, who will enjoy a few surcease from their studies, and as an attraction for the grown-ups as well, the Grand Theatre management will offer for today Mr. Frank Nankivell's great comic supplement success, "Uncle Mun". This highly amusing and entertaining comedy is taken from the well known series as published in the New York Sunday Herald and which has been for months the great rage all over the country. Mr. Nankivell makes his first appearance on the screen in this picture in his famous characterization of "Uncle Mun" and it goes without saying that it will prove immensely popular. The trick photography and funny incidents in this film are worth going miles to see. The children simply can't resist seeing "Uncle Mun" at the Grand today. The other feature film for today is a Vitaphone, "The Redskins Raiders". Thrilling and vividly portrayed, the story, redolent of the plains, will prove one of the big Western features of the season at the Grand. In addition to these two there will be a third picture and all of them will be put on with special effects and full orchestral accompaniment.

Mr. Leonard Chick will have for today a comedy sensation of the same name variety, "The Case Don't Take My Lovin' Man Away." It is the rage from coast to coast and is the production of that rag-time artist, Mr. Albert VonTilzer, who publishes nothing but hits. This song should not be missed. Close of Big Bijou Week. To climax a week of great artistic triumph and financial success, because the theatre has been packed daily, the Bijou will today present a giant sized and otherwise great bill, and the chief feature, the sensational star, it may well be added, will be a film dealing with the Turkish-Italian war. Turkey strenuously for months, and yet is starting more gloriously forth today than ever, due to the war now raging between that country on one side, and the Balkan States and Greece on the other. For this reason particularly will today's costly and up-to-date film, taken by enterprising moving picture folks, who heed not expense nor work in securing views, will attract great attention. The scenes of battle will give a good idea of the strength and methods of warfare of the Turks. It is a modern education and should not be missed. But this is only one star. There will be other big features at the popular Bijou, which will make the day the biggest in its history. So don't fail to be "in on" this swell week-end in the favorite amusement palace. "Lobby a master piece, 'The Flyers' is also a star, and it deals with the fascinating theme of stage-life. The

story is pretty, though intensely dramatic, and it is a novelty. A superb Selig is also a star, showing the workings of the Los Angeles fire department. This also furnishes education along with fine entertainment. Not only are scenes in the daily life of the firemen shown, but some thrilling battles with fierce flames. There will be other delightful features today, which amusement-lovers cannot afford to miss.

DURHAM PARAGRAPHS

Surprise Marriage—New Hotel—Attempted Suicide—Socialist Orator (Special Star Correspondence.) Durham, N. C., Oct. 18.—An event of more than local interest took place here on last Saturday when Miss Mary Ruffin Green and Mr. George Henry Yow were quietly married. The affair was kept secret for several days, and the announcement of the marriage yesterday by Mrs. Lelia Green Davis, Miss Green's mother, came as a distinct surprise to the many friends of the popular young couple. Miss Green is well-known in society circles throughout the State, and enjoys a popularity second to none in the debutante society of the city. She is a petite, fascinating, attractive little blonde, and counts her friends by the score. Mr. Yow was a student at Trinity College last year. He is an all round athlete, being the captain of his class track team, and is very popular among his friends, all of whom offer him hearty congratulations on his luck in securing such a prize as he has won. The young couple will make their home at Thorpe, W. Va., where Mr. Yow's people live. Durham's new hotel, the Lochmoor, was thrown open last night to the public for the first time. The opening was very favorable to the new station for the first night, so that several had to be sent to the Corcoran, which is run in conjunction with the new hotel. The Lochmoor is one of the handsomest and largest hotels in the State and fills a long recognized deficiency in Durham as a city. It is located just to the east of the union station and is in a most convenient place for the accommodation of the traveling public. New fixtures and furnishings have been put in throughout the building and everything is in the best possible condition for the comfort and convenience of guests. David Clayton, a prominent farmer of Person county, almost succeeded in his attempt to win the grand prize in a contest which he entered several days ago. Taking his gun with him, he told his wife that he was going off hunting. Soon a gun shot was heard, but no attention was paid to it. Hours passed, and Mr. Clayton did not return home. His people became alarmed, and a search instituted, resulted in the discovery of the missing man in the woods by his house with a rifle ball in his breast. Although the wound is not expected to prove fatal, it is very painful; but the doctors say that he will eventually recover. The cause given by Mr. Clayton for his act is ill health. Services were held last night at the Second Baptist church in memory of the members who have died during the past year. Two former pastors of this church, Rev. W. C. Barrett and Rev. C. J. D. Parver, delivered eulogies on deceased members, who died during their respective pastorates. Especially beautiful solos were rendered by Miss Nina May Wilson and by Mr. Preston Epps. The North Carolina Baptist State Convention of colored people met this morning at Mt. Vernon Baptist church in Haiti. The morning session was occupied by addresses and responses by some of the best colored speakers of the country. Delegates from all parts of the State are arriving on every train, and the colored people of the city are rising to the occasion of entertaining so many visitors. They expect great things from this convention.

Durham people turned out en masse last night to hear the Socialist speaker, Mr. H. F. Kendall. Our citizens were expecting to hear some blood and thunder, fire-eating harangue, and turned out from sheer curiosity. But their expectations were not realized. There was no waving of red flags, and indeed nothing sensational about the speech. It was a very tame affair. When the people saw that nothing sensational was forthcoming, the packed audience gradually thinned itself out, and by the time Mr. Kendall finished his speech he had many empty chairs.

The greatest struggle will be for the possession of Adrianople, the capture of which by the Bulgarians would leave the road open to Constantinople. Close Watch Kept on Border—Prominent Rebel Arrested Galveston, Texas, Oct. 18.—Official notification that the port of Vera Cruz, Mexico, had been closed by the Mexican government, was received today by Caesar Canseco, Mexican consul at this port. A close watch is being kept along the Texas coast for possible filibustering expeditions. Mexico City, Oct. 18.—Orders were issued here today for the arrest of 16 men for alleged complicity in the revolt of Felix Diaz. All are said to be prominent in public life. Up to 3 o'clock this afternoon only one had been taken into custody. He is Henrique Fernandez Castellot, a son of the minister of justice, under the regime of Porfirio Diaz. Documents found when his house was searched are said to implicate Garcia Granados, minister of the interior under the Diaz-LaBarra regime and many others of high standing.

State's Witness in Grabow Riot Case Help Prisoners Lake Charles, La., Oct. 18.—James W. Ross, State witness, today scored a point for the nine defendants on trial here charged with murder in connection with the Grabow labor riot. The witness testified that he accompanied the union timber workers to Bon Ami and Carson on the day of the battle and he heard A. T. Emerston, president of the union, say to two armed men who joined the party: "Boys, leave your guns behind; we are going out to hold a peaceable meeting." Court adjourned until tomorrow.

NOBLE SELF-SACRIFICE.

Newsboy Dies From Skin Grafting Operation That Saved a Life. Gary, Ind., Oct. 18.—"I guess I turned out to be some good after all," sighed Bill Rugh this morning, then he turned his face to the wall and died. It was Rugh, who, a few days ago, submitted to the removal of a withered leg that material might be provided for a skin grafting operation that saved the life of a young woman he never had seen. Physicians said pneumonia was the cause of Rugh's death, but the ailment resulted directly from his self-sacrifice, having been due to irritation of the lungs by the ether that was given him when his leg was cut off. Rugh had no relatives, and coming to Gary, a trap, several years ago, had made his living selling newspapers on the streets. The girl, Miss Ethel Smith, for whom he sacrificed his leg and later his life, had been horribly burned in a motorcycle accident. It is just two days since her recovery advanced sufficiently to permit her removal from the hospital, in which Rugh died. He will be buried at Rock Island, Ill., Monday. A public meeting has been called for next Monday night, at which plans will be made for raising money to erect a statue to the memory of the newsboy. Mayor Thomas E. Knotts issued two proclamations today, one announcing a public funeral over the body of Rugh Sunday afternoon and the other calling the public meeting for Monday. Miss Smith, who has not fully recovered from the effects of the burns and her operation, was not informed of Rugh's death until late today. "I am so sorry," she sobbed. "He gave his life for me and I could do nothing for him."

ASKS NO QUARTER.

Gov. Johnson Characterizes Colonel as Greatest Fighter Ever. Chicago, Oct. 18.—"The greatest two-handed fighter the world has ever known," was the phrase of Governor Johnson in his characterization of Col. Roosevelt in his address in South Chicago tonight. "Neither today nor yesterday, last week nor last month," said the Governor, "has he asked any quarter from either of the old parties, that are opposing him. It matters not what may have happened in the early days of this week, he does not ask quarter now. He upholds as just and right the contention of Mr. Bryan that which has happened to him should not be allowed to stop or confuse this fight. He asks the Democrats and the Republicans to continue the campaign, but I ask you now to redouble your efforts that you may like on your own shoulders a little of the burden that he has borne so long."
