His defense of his administration was the legislative results it has produced; his reply to personal criticism was that he had been more misunderstood than blameworthy. His attacks upon his political opponents-confined almost exclusively to the Progressives—was not bitter, but sorrowful.

In spite of all the misrepresentation, the unrest, the present-day desire for change, the President said, he saw in the future a return to the old ideas of government, the awakening of the people to an understanding that social changes must be made slowly, and with sure steps. He closed with an appeal to Republicans who left the to eliminate by statute all sin, injusthe millions who remained faithful.
