

BANK OF GOLDSBORO.

New Enterprise Being Promoted—Mrs. Oliver Ill. (Special Star Correspondence.) Goldsboro, N. C., Jan. 7.—Stock has been subscribed to insure a very strong bank in Goldsboro. It is in capital to be something like \$150,000 or \$200,000, of which nearly all has been taken. Those desiring shares should make application to Mr. Geo. L. Edgerton, of this city. The new bank is being promoted by Mr. Jas. Kyle, of Wilmington, who has secured an option on the Borden building, corner Walnut and West Center streets, now occupied by the Imperial Pharmacy. This is a very desirable location for the Bank of Goldsboro and Goldsboro is very proud of its assurance. Our city has grown so rapidly in the last few years that the local banks are inadequate to meet the demands of the business people of the surrounding country. With the assurance of this strong institution Goldsboro will be able to meet the demands of her business people.

The many friends of Mr. J. Stanley Oliver, of this city, will regret to learn of the continued illness of his bride, who prior to their marriage on December 15th, was operated on for appendicitis at St. Luke's Hospital in Richmond. Since their marriage she has continued to grow worse, and had to return to the hospital for a second operation. It is hoped that Mrs. Oliver will rapidly recover her wonted good health. As soon as she recovers sufficiently Mr. and Mrs. Oliver will return to Goldsboro, their future home.

GREENSBORO COLLEGES

They Are All Down to Work Again—Car on Fire (Special Star Correspondence.) Greensboro, N. C., January 7.—School work at the State Normal and Industrial College was resumed in earnest yesterday morning and at the city schools the pupils reported after a two weeks' absence for the Christmas holidays that the Normal it was reported that practically all of the nearly 650 young women who live in the dormitories had returned. All members of both the Normal and city faculty were at their posts yesterday morning. Today Greensboro Female College re-opened and the young ladies who attend this celebrated Methodist college for women are reporting to day. The two negro schools, A. & M., and Bennett Colleges, resumed work last week. Oak Ridge, Whitsett Institute, Guilford College, Jefferson Academy and the various public schools in the county resumed work this morning. The last week of this morning, the latter part of last week of this morning, that the full machinery of the county educational forces is now in motion.

A freight car in the middle of a long train which pulled in here early Sunday morning from the south, was discovered on fire and when members of the crew made an examination they found the interior to be a roaring furnace. The seal on the car was broken and the theory was that a tramp was responsible. The car was detached from the train and ditched, no other cars being damaged. The burned car was loaded with hams, flour and hardware.

STR. INDRAKUALA FLOATED

British Tramp Which Sank Luckenbach, Towed to Newport News. Norfolk, Va., January 7.—In crew of the tugs Rescue, Edna V. Crow and Dauntless, the British steamer Indrakuala, which sank the American steamer Julia Luckenbach in Chesapeake Bay last Friday, is coming down the bay en route to Newport News. The Indrakuala was floated this afternoon.

The hole in the ship's port bow was temporarily repaired, but she is so badly damaged that no attempt was made to proceed under her own steam. The revenue cutter Apache, which has stood by the vessel since Saturday, is conveying the ship to Newport News. When the vessel reaches that port tomorrow it is expected that deputy United States marshals will be on hand to serve subpoenas on the crew, who will be required to testify before steamboat inspectors who will conduct an investigation and endeavor to place the blame for the sinking of the Luckenbach.

Charges that the British ship refused to aid the crew of the Luckenbach will also be probed.

WILL GUARD MARCHERS.

Taft Will Turn Out Cavalry for Suffrage Parade, if Necessary. Washington, January 7.—President Taft will turn out the Fifteenth United States Cavalry at Fort Myer, if necessary, to protect the suffragettes who desire to parade down Pennsylvania avenue on March 3rd, before the throngs drawn here to witness the inaugural procession the following day. This was the information given out at suffragist headquarters today. The women declared the commissioners of the district and Major Richard Sylvester, superintendent of police, have withheld permission for the parade, because they feared the actions of a hostile crowd might overtax the police and proper protection could not be given the marchers.

Prominent local business men have volunteered their services to the suffragist managers, and it was said they obtained the President's promise to call out the troops to safeguard the marchers from interference, if the police protection was inadequate.

\$250,000,000 FOR ROADS.

Proposed in a Bill Introduced Yesterday by Senator Swanson. Washington, Jan. 7.—Federal appropriation of \$250,000,000 to aid the States in building good roads was proposed in a bill introduced in the Senate today by Senator Swanson. Mr. Swanson's bill contemplates the apportionment among the States according to population and mileage of post-roads. It is provided in every instance that the States shall pay one-half the cost of construction, but after the completion of any given road the National authorities are to withdraw from all supervision.

"My Hero." It is from the "Chocolate Soldier," and, of course, you've heard, but hear Mr. Karn shout it at the Grand Theatre today.

CITRUS CROP KILLED

Forty Million Dollars Damage From Cold Wave in California. Los Angeles, Cal., January 7.—"From San Bernardino to Los Angeles every acre of oranges and lemons has been frozen." This was the statement that came tonight from Pomona, center of one of the heaviest producing sections of the citrus fruit belt. Only a fifth of the crop may be saved, it was asserted. If this be true the total loss on 150,000 acres of the fruit will amount close to 40 million dollars.

More conservative persons, however, figured the total damage at 20 million dollars. Between five and eight million of this sum will be the loss to railroads in curtailed freight receipts.

The weather moderated considerably today, but the mercury began to drop at sundown and it was expected by midnight the fruit growers would be in the midst of the final "killing frost" of the present cold snap.

While Pomona reported a damage of 80 per cent of the crop, San Bernardino county appeared today to be the heaviest sufferer. San Bernardino includes the Delands orange section, adjoining Riverside and it was declared that 90 per cent of the crop was ruined.

Growers and representatives of fruit-buying and shipping concerns reported tonight that an inspection of the entire citrus country showed the great devastation. The cold was so intense and so sustained in all sections that today the orange and lemon foliage appeared withered and dry. Orchardists maintain that the matured trees were not damaged, though they admit that frost killed much nursery stock. Tulsa, Okla., January 7.—With the Arkansas river frozen solid, Tulsa's water supply was cut off today and tonight the municipal electric light and power plant was forced to shut down after all the available artificial ice had been melted to supply the boilers with water. The supply of ice on hand, about one thousand tons, was consumed during the day and early evening. The Arkansas river averages a depth of three feet and is the city's only water supply. It is frozen to its bed for the first time in 20 years.

The lowest temperature today was five degrees above zero. Many cattle are reported to have frozen to death in the Osage pasture lands. Denver, Col., January 7.—With low temperatures reported from all over Colorado today it is believed that the cold wave which has prevailed over the Rocky Mountain region has passed its crisis. The lowest temperature recorded in the Rocky Mountain region is at Steamboat Springs, where an unofficial record of 54 below zero was made.

PARCELS POST RULING

Distinctive Stamp May Be Used on Packages to Foreign Countries. Washington, January 7.—Postmaster General Hitchcock decided tonight after conferences with officials of the Postoffice Department that the distinctive parcels post stamps might be used for the payment of postage on packages sent to foreign countries. Under the international parcel post, the decision was telegraphed immediately to the postmasters of all important cities in the country. It follows, therefore, that both ordinary postage stamps and the distinctive parcels post stamps may be used in forwarding packages by parcels post to foreign countries. Under the law, however, ordinary postage may not be used to pay postage upon packages sent by parcels post from and to points in this country.

Postmasters have been notified that packages sent to a foreign country by the parcels post cannot be insured as domestic parcels are, but they may be registered as in the past.

"BE AS FEMININE AS YOU CAN." Gist of Instruction Given to Suffrage Cause Campaigners.

New York, Jan. 7.—"Be just as feminine as you know how to be. Wear frilly clothes and becoming hats and ear rings, so as not to look too strong minded," are the instructions given by Dr. Mary Halton, of the 29th Assembly district, to 50 charming girls who started out tonight to make after-dinner calls upon young men with specific appeals for the woman suffrage cause.

"Make your calls soon after dinner—in pairs," the order reads. "No use to waste time with the 'ants'; we will take care of them later. Spend your time with the man without convictions. Talk and leave him thinking. Don't make long calls. Make the men glad you came and sorry you left so soon."

There are 11,000 voters in the district whom the young workers hope to reach by their campaign.

URGES CHARTER REVOCATION

Gov. Tener Thinks Coatesville Should Forfeit It. Harrisburg, Pa., January 7.—Governor Tener, in his message to the Pennsylvania Legislature, which began its biennial session today, urged the revocation of the charter of the Borough of Coatesville for its failure to punish any of the persons implicated in the death of Zach Walker, which was burned by a mob in August, 1911.

"People of this Borough by fomenting murder and consorting with murderers," said the Governor, "have not only violated the laws and obstructed the administration of justice, but in my judgment have forfeited the high privilege of further acting as a governmental agency of the State."

Governor Tener recommended that the question of equal suffrage for women be submitted to a vote of the people.

RAISE NEW YORK SPEED LIMIT

Aldermen Would Let Autos Make 15 Miles An Hour. New York, January 7.—The speed at which automobiles may be driven through the thickly settled portions of New York city is increased from 8 to 15 miles an hour by an ordinance adopted today by the Board of Aldermen.

At the same time the board provided that automobilists must use their discretion and avoid reckless driving, regardless of the speed limit permitted. The ordinance establishes severe penalties. If Mayor Gaynor signs the measure, it will take effect March 1st.

FOG HURTS SHIPPING

New York Harbor in State of Blockade—Mishaps to Vessels. New York, January 7.—Shrouded in a dense fog New York harbor today was in a state of almost blockade and two vessels which tried to nose their way out met with mishap.

The Adriatic of the White Star line, with J. P. Morgan as former U. S. Senator Nelson W. Aldrich of Rhode Island, among its 1,600 passengers, grounded off Governors Island shortly after noon and was not released until nearly 7 o'clock this evening. The Hamilton, of the Old Dominion Line, ran ashore at Fort Wadsworth and stove in her bow above the water line by its impact with a one pier. The Hamilton put back and reached her North river pier tonight.

The mists began to thin out before 10 o'clock and the blockade was raised. The Adriatic left her temporary anchorage and again started for Europe, passing quarantine at 9:30 o'clock. Other vessels followed suit.

Incoming the California and the Saratoga reached quarantine and the Minnewaka and the Carmanita, together with the Prince Joachim from Colon, passed in Sandy Hook.

SPEAKS FOR GROSSCUP.

Wilson Asks N. J. Legislature to Vote for State Chairman. Trenton, N. J., Jan. 7.—Governor Wilson today gave an example of his system of political persuasion when he saw individually nearly all of the Democratic members of the State Legislature and earnestly urged them to vote for Edward E. Grosscup, Democratic State chairman, for State treasurer, as against Edward I. Edwards, also a Democrat and at present comptroller of the State.

The Governor told the legislators that, while he was a warm personal friend of Mr. Edwards, he believed the latter's banking connections made it inadvisable to elect him State treasurer, a position which controls the deposits of public funds.

Tomorrow the Governor will resume his activities as President-elect as he has made a number of engagements on National affairs. Chief among these is the conference with Senators Hoke Smith, of Georgia and Thomas P. Gore, of Oklahoma.

TRANSPORT PRAIRIE HOME

Lost Five Marines Scrimmage in Nicaragua. Philadelphia, January 7.—The transport Prairie, with 28 officers and 528 marines on board, arrived at the Philadelphia Navy Yard today from Nicaragua.

The marines and the officers were sent to Nicaragua last August to protect American interests there during the rebellion, and they saw active service. During a scrimmage near Managua five American marines were killed. These men were part of the detachment which sailed from here in August.

As soon as the transport docked Harry Edwards, a private, who was wounded during a brush with rebels, was removed to the Marine Hospital. Edwards had his left leg badly crippled by a shot.

RAILROAD MEN ARRESTED

Division Superintendent And A Brake Man Held for Wreck. Indianapolis, January 7.—Two arrests were made today on indictments growing out of the investigation of the Cincinnati, Hamilton and Dayton Railroad wreck November 13th, when 16 persons were killed.

R. B. White, division superintendent of the railroad, and one of the 16 officials of the company were indicted, was released on \$5,000 bond.

Carl Gross, a brakeman, was taken from the hospital to jail and had not been released this afternoon.

New York, Jan. 7.—The Federal grand jury, which indicted Presidents Mellen and Chamberlain, of the New Haven and Grand Trunk railroads, and Alfred W. Smithers, of the Grand Trunk board, began today, it was understood, an investigation of the entire railroad, trolley line and steamship situation in England to determine whether the New York, Haven & Hartford Railroad Company is a monopoly in restraint of trade under the Sherman anti-trust law.

Washington, January 7.—Powell Clayton, Republican National committeeman from Arkansas since 1872, today handed his resignation to Chairman Hilles. General Clayton told Mr. Hilles he expected to give up his residence in Arkansas and live in the District of Columbia. His services as a National committeeman has been continuous and is the longest on record. His successor will be chosen by the Arkansas State Committee.

New York, January 7.—The strike of hotel waiters, cooks and kitchen help scheduled to begin tonight resulted in about 200 answering the call of the delegates of the International Hotel Workers of the World. It was reported tonight that the Hotel Men's Association was considering the employment of white waitresses or negro waiters, to replace members of the union.

RUN-DOWN PEOPLE

Made Strong by Vinol. Run-down conditions are caused by overwork, worry, too close confinement, a chronic cough or cold which it is difficult to cure.

We want to say to every person in this condition—your need Vinol. Our delicious cod liver and iron tonic without oil, the great strength-creator. It will supply iron to the blood in the most easily assimilated form, create healthy appetite, strengthen your digestive organs and make you eat better, sleep better and feel better. A case has just come to our attention from West Scranton, Pa., Mr. Chas. Proper says: "For three years I was all run-down, weak and had no appetite and after all that time I am glad to say Vinol has brought back my health and strength which is just what I needed." We are confident that Vinol is the best body-builder and strength-creator we have ever sold. Try a bottle on our guarantee to refund your money if it fails to benefit you.—Robt. R. Bellamy, druggist, Wilmington, North Carolina. (Advertisement.)

AMMUNITION FOR MADERO.

But None for Revolutionists—Result of Taft's Proclamation. New Orleans, Jan. 7.—Approximately 5,000,000 rounds of ammunition have been shipped from New Orleans to Mexico since the date of the issuance of the so-called neutrality proclamation by President Taft last Spring. Testimony to this effect was given today before Senator William Alden Smith, chairman of the Senate committee which is investigating the Mexican situation.

The bulk of the ammunition, it was said, was shipped to the Madero government with the knowledge of agents of the State and Treasury departments at Washington. In only a few instances were shipments made to revolutionary factions opposed to the Madero government.

Several representatives of fire arms companies were before the committee today and were forced to produce original orders, copies of invoices, names of purchasers, names of consignees, etc. Senator Smith questioned the witnesses, closely in an effort to ascertain whether the money for these war supplies was furnished by American capitalists.

After the conclusion of the testimony which was given behind closed doors, Senator Smith declined comment on it in detail, but remarked: "We have struck a warm trail here and the testimony taken does not tend to support the declaration of neutrality by this government—as a matter of fact, it appears that the Madero faction in Mexico has been permitted to get unlimited quantities of arms and ammunition while Madero's opponents have been forced to comply with the President's proclamation."

ONE KILLED; MANY HURT. Cleveland, Cincinnati, Chicago & St. Louis, Jan. 7.—One person was killed, three probably fatally injured, and 33 slightly hurt when six cars on train No. 15 of the Cleveland, Cincinnati, Chicago & St. Louis Railway, bound from Cincinnati to Chicago, jumped the track at Stockwell near this afternoon. The train was running at a high rate of speed when a wheel on the baggage car broke, throwing that car, the smoker, day coach, the diner and two sleeping cars into a ditch. Edwin Zunner, of Rochester, N. Y., was crushed to death. When the smoker left the track it overturned, but the Pullmans and diner, though thrown down a 15-foot embankment, held together. The day coach was demolished.

Zunner was riding in the smoker and was so badly crushed as to make identification difficult. A steady down-pour of rain added to the horror of the wreck.

FREEZE CAUSES FAMINE. Water Being Sold By the Gallon on Salt Lake City Streets. Salt Lake City, Utah, January 7.—Because of the sudden cold weather and general freeze water is being sold by the gallon on the streets of Salt Lake City from municipal sprinkling carts. A number of laundries have been compelled to shut down.

The back of the cold wave seemed to have been broken and it is hoped that this, with extraordinary provisions made by the city council, will relieve the water-famine tomorrow. The temperature tonight was 10 above zero.

NEW ADVERTISEMENTS. Bijou-Motion Pictures. Peterson & Rulfs—Skuffer Shoes. Academy of Music—Little Miss Brown. Academy of Music—The Merry Widow.

Business Locals. For Rent—Rooms. Miss Stiles—Dancing. Wanted—Specialty Salesmen. Standard Merc. Co.—\$30 Weekly.
