Post cards addressed to the "Dishonorable Prime and to the "Dishonorable Reginald McKenna, Home Secretary", were left about the premises. Anti-Free Sugar Democrats Join Republicans in Fight Against Underwood Tariff Measures. President's Attitude.

WILMINGTON, N. C., THURSDAY MORNING, MAY 15, 1913.

Washington, May 14.-Using an 'original Wilson man' from Michigan with a fluent pen for an oracle, the anti-free sugar Democrats led by Senator Ransdell, of Louisiana, assailed the Underwood sugar schedule in the Senate today despite strenuous efforts of Senator Simmons and other Democrats to stop the flow of the attack.

Republicans enjoyed the efforts of the Democratic leaders to prevent the reading of a long letter submitted by Senator Ransdell written by Lew-Rowles, of Lansing, Mich., in which free sugar advocates were characterized as "accursed unpardonable apostles of Democratic faith", and the sugar schedule as "a boomerang to knock out the Democratic party.

Senator Kern read statements from men who declared that they had re-fused admission to the postoffice in the strike region by employes of the mine operators. He said men had been tried there by drum head court martial, and refused writs of habeas corpus, and said acts such as these were responsible for the request of recall of judges and judicial decisions. Senator Borah, author of the resolution of the same tenor last year, re-ferred to decisions of the Supreme Court of the United States in similar cases and insisted that it had held that while a Governor of a State might create a military zone such as existed in that State, might employ the militia to enforce order, men must be tried in the civil courts under the ordinary law, and not by military

court martial. Senator Goff admitted many of the incidents related by Mr. Kern, but de-clared creation of military tribunals was justified under existing conditions. THE LEGISLATURE

Determined to Sign Anti-Alien Land Bill, After Due Consideration.

Spite of Federal Administration's Appeal For Veto-International Question

Washington, May 14.-With Governor Johnson's announcement today that he would sign the California alien land bill in spite of the Federal administration's appeal for a veto on account of the Japanese protest, it now becomes necessary for the State Department to determine whether it will proceed with the negotiations with the Japanese government on the basis of defending and sustaining the rest of the Californians to deprive the Japanese of the right to hold real property, or whether it shall concede that the act violates the spirit if not the letter of the treaty with Japan and attempt to find means of nullify-

In his messages to Governor Johnson, President Wilson already expressed the opinion that the legislation is discriminatory so that the Japanese contentions that the act constitutes discrimination in violation of international law and of the spirit of the treaty, is powerfully supported and the position of the State Department made difficult should it be found necessary to champion the cause of the
