STORMY SESSION

Discussion of Attack from Armored Train Precipitates Clash

FIST FIGHT NARROWLY AVERTED

Investigation Causes Near-Fist Fight Between Senator and Manager of Operators-Crew of Armortrain Offer Testimony.

Charleston, W. Va., June 17 .- A stormy session of the Senate Mine Strike committee at which a near-fist fight betwen Senator Martine, of New Jersey, and Quinn Morton, manager of the Paint Creek operators' association, was narrowly averted, the coal operators of Paint and Cabin Creeks today presented their side of the con-

Mr. Morton was the principal wit-ness for the operators. His discussion of the attack on the strikers' camp at Holly Grove from an armored train, precipitated the clash with Senator Martine at the close of the morning

This afternoon, following an earnest conference between Senators Swanson, Kenyon and Martine, Senaor Kenyon took charge of the hearing and Senator Martine did not ask a single question, although he had been a persistent examiner during the morning. All through the morning session feeling ran high, counsel for the operators three times protesting against the methods of examination oyed by Senator Martine. The afternoon session went off quietly.

The committee made plans tonight to conclude the examination of witnesses tomorrow afternoon, and to start for Washington that evening Many witnesses will be left to be exmined in Washington when hearings are re-opened there, and the commitmay determine to return to Charleston later.

The Miners Quiet. Conditions were quiet among the iners on Paint and Cabin Creeks tow, according to the advices from the hills, although officials of the United Mine Workers declared they expected further trouble soon. The union board for the New River field disrict will meet tomorrow to consider a strike, which, if declared, it is said, for the Insane, at Raleigh. vill involve nearly 15,000 men. forton defended the position taken y the employers, declaring they were utterly unable to accede to the terms lotte. Dr. Munroe dwelt largely on offered by the miners, although the health matters and took occasion to latter were narrowed down to recognition of the union. He went into details as to the negotiations which pre-

ceded the strike in April, 1912. The Holly Grove Fight. Mr. Morton and others discussed at length the fight at the miners' camp | State follow the splendid methods in at Holly Grove on the night of February 7th, when, witnesses for the miners testified, a machine gun raked the town from an armored train. Mr. Morton flatly denied the statement of Calvin, an ex-mine guard, called by the miners, that he had urged that the train be backed up and that the men on board "give them another round". This statement and Calvin's declaraion that Morton had remarked "didn't we give them hell," after the train passed the town, were disputed points which Mr. Morton vigorously denied, and precipitated the clash between he witness and Senator Martine, When Chairman Swanson announc-

ed the noon adjournment Mr. Morton remarked, "We'll all go down and take a few drinks and then we'll feel bet-Senator Martine boiled over Sergeant-at-Arms Higgin, Senators Kenyon and Swanson had difficul-

in quieting things. This afternoon K. S. Leitch, engileer, and William Lardy, fireman, of armored train the night of the olly Grove fight, both testified that first shots were fired from the hills along the tracks, at Holly Grove. The train was moving along about or 18 miles an hour," said Mr. "The first shots were fired the lower end of the town of Holly There were four shots that eemed to come from the hills, and hen the general fusillade began with nooting from the train and from the

Washington, June 17.—Representa
Palmer of the expedi-Washington, June 17.—Representative Palmer, of Pennsylvania, chairman of the Democratic caucus of the House today issued a call for a meeting of the House Democrats on June 25 to consider a report from the caucus budget committee. The plan which is expected to be submitted contemplates the appointment of a budget committee to supervise and regulate appropriations in the House with a special view to fixing a maximum of appropriations to be made during each session.

The scientific work of the expedition began with the sailing of the Karluk, James Murray, Oceangrapher, beginning his investigation of currents, and while Fritz Johansen, United States government biologist, began investigating the sea life in the water through which the Karluk passed. Murray and Johansen will conduct constant research into ocean animals, the chemistry of the sea, temperature of the water and direction of currents in a laboratory constructed especially for them on the deck of the old whaler.

Eleventh Annual Meeting of North Carolina Association at Beach

Responses Were Cordial and Expressive of Pleasure at Being Present-Today's Programme

is Announced.

Welcomed with pleasing and eloquent addresses and most cordially greeted by members of the Wilmington association, the 11th annual convention of the Merchants' Association of North Carolina began in the assembly hall of the Oceanic Hotel, Wrightsville Beach, last night, and will continue in session through Thursday. evening. There were less than 100 merchants in attendance, but a great many others were expected to arrive on the late trains last night and the

early trains today. Practically no business was transacted last night, the meeting being taken up altogether with the addresses of welcome, of which there were four, and the response. This morning the first business session will be held and from then until the closing session Thursday night the merchants will have a plenty to keep them busy as there are a number of matters of vital importance to be considered at

this meeting. The convention was called to order last night at 8:30 o'clock by Mr. Joe Garibaldi, of Charlotte, president of the association. Mr. E. H. Munson, of Wilmington, vice president of the State association and president of the Wilmington association, stated that oseph W. Little, Esq., of the local bar, had been selected as master of ceremonies to introduce the different speakers. Mr. Little then took charge of the meeting and asked Rev. H. W. Koelling, of this city, assistant

Tem. of the city of Wilmington, who made the address of welcome in behalf of the city in the absence of Mayor Parker Quince Moores who was prevented from being present on ac-count of illness in his family. Couna most cordial welcome to Wilmingolina, located on the only river that empties directly into the ocean, thus The speaker said that it gave him pleasure to welcome the visitors to the city that is known far and wide an old town and look in the past," he said, "but we also look into the future. We know that North Carolina in a way is undeveloped, we know that the same is true of Wilmington, but we also know that North Carolina and Wilmington have a great future." In

visitors.
Mr. Little said, in introducing the next speaker, that it had long been said our neighboring city of Charleston that in order to become a citizen of that place residence for 99 years is required. Wilmington may have been in this class at one time, but it has made some progress and now it only requires a residence of 59 years to become a citizen of this city. my pleasure," he said, "to introduce to you one that has not yet qualified as a citizen as regards the length of After a conference today between time he has resided here, but because of his superior ability and talents he Huntley, representing the citizens of has shown since coming here we feel a little closer to him than to an ordinary citizen. Ladies and gentlemen. I take pleasure in presenting to you would agree to allow an entrance to W. P. Stacy, Esq., who will extend to the postoffice building on Trade street. you a welcome in behalf of the Wilmington bar." said Mr. Little.

conclusion he said that as a represen-

tative of the mayor of the city it gave

him peculiar pleasure to welcome the

Mr. Stacy made one of his usual fine addresses and was heard with the deepest interest by all. He said that he had an ideal for the organization, had an ideal for all commercial and and urged that the time is at hand for constructive building. He spoke along this line briefly and was given careful attention and in conclusion he said, "You are as welcome as the waves that blow across the ocean; as welcome as the breezes, yea, as welcome as the flowers in May."

Col. John VanB. Metts, extended the Chamber of Commerce. He declared that he was placed at a disadvantage on the programme as he was placed against three lawyers. He said that he came to the meeting, not to make an address because speech-making was out of his line, but as a representative of the Chamber of Commerce. which has and is doing much, he said

"We estimate that the annual reverse to be derived from bananas at 5 stills. If it can be done by any one cents a bunch cannot very well be shifted to the consumer."

The co-operation of the shifting up had his auditors guessing, when, after he was introduced by Mr. Little, stepped across the platform and picked up a suspicious looking grip. Little had not the winnington association, had his auditors guessing, when, after he was introduced by Mr. Little, stepped across the platform and picked up a suspicious looking grip.
