THAW'S LAWYERS WILL SUBMIT TO DEPORTATION

Habeas Corpus Proceedings Postponed Until Next Wednesday.

Until That Time Prisoner Must Remain in Jail at Sherbrooke.

NEW YORK WANTS THE FUGITIVE

New York Authorities and Dominion Immigration Officers Protest Against Latest Developments, But Powerless.

Sherbrooke, Que., Aug. 21.—Until Wednesday of next week, barring unforeseen developments, Harry Kendall Thaw will remain in the Sherbrooke jail. On that day he is to be arraigned in the Superior Court on a writ of habeas corpus.

This, in brief, was the status tonight of Matteawan's fugitive, arrested on Tuesday near Coaticook, Quebec, and committed to jail here on a defective writ, ignorant of the moves made by his lawyers. Thaw has spent his time pacing the length of the narrow corridor in the Sherbrooke jail, and was not even aware that the writ of habeas corpus in his case was served on the jailor this afternoon and that but for a timely telephone message he would have been produced in court today.

Meanwhile District Attorney Conroy of Dutchess county, New York, Deputy Attorney General Franklin Kennedy, of Albany, and other primarily interested in getting Stanford White's slayer across the border, seized the possibility of Thaw's immediate production and sought to find another judge before whom to arraign him.

The sheriff, after reading the writ carefully, said that while no time for return was stated, he had understood from the court that Wednesday was the day and he "allowed" that Thaw had better stay in jail.

Rumors sprouted meanwhile that the New York authorities were ready to kidnap Thaw, that an automobile was ready to whirl him to the New York line, that an open clash, perhaps in street battle, was imminent.

The governor of the jail explaining his difficulties tonight said: "Some one representing himself to me as the chief of police called me on the telephone this afternoon and said Thaw would not need to appear in court before Wednesday. It was not entirely settled as to the time, because I thought he said something about tomorrow. As a matter of fact, I rather doubted that it was Judge Globsensky."

"I was confused, particularly when I received another call. This time it was from a man who told me to get under cover because something was going to happen."

Thaw's attorneys optimistic. Thaw's lawyers said tonight they were well satisfied with the events of today. They feel now that Thaw's case may influence it, is practically settled. The departure for Ottawa early this morning of W. L. Shurtliff Thaw's removal from Canada without prolonged legal proceedings.

SWIFT WORK ON TARIFF BILL

Republicans Tire in Fruitless Opposition to the Schedules—Fight on Free Raw Wool Postponed Until Today.

Washington, Aug. 21.—Republican Senators gave evidence today of tiring over continued fruitless opposition to the tariff schedules, and rapid progress was made in consideration of the bill, the fight on free raw wool having been postponed until tomorrow.

The flax and silk schedules were approved as amended by the Finance Committee, and the Democratic caucus. Senators McCumber and Gronna ineffectually sought to transfer tax from the free to the dutiable list, but the bill was passed over at the request of Chairman Simmons for revision. The schedule was disposed of in fifteen minutes.

When the paper schedule is disposed of tomorrow, Senator Simmons will call up the wool schedule, and a vote on free raw wool before adjournment for the day. The schedule was dismissed in general debate today. Senator Pittman, introducing a wool growing State, expressing his approval of free wool and averring it was for the best interests of the wool producers of his State.

DIGGS AWAITING SENTENCE.

Court Now Turns Its Attention to San Francisco, Aug. 21.—With Maury I. Diggs convicted and awaiting sentence for having violated the Mann White Slave act in transporting Martha Wilmington from Sacramento, Cal., to Reno, Nev., for immoral purposes the government turned its attention today to Diggs' companion in flight, F. Drew Caminetti, indicted for laying the offense for having taken Lola Norris on the excursion to Reno.

Diggs, who was visibly shaken by the jury's verdict last night, was released at midnight on \$20,000 bail, furnished by his brother, I. P. Diggs, his uncle, Marshall Diggs. He will be sentenced to the penitentiary on September 24. Five years is the maximum penalty.

SULZER AND GLYNN WORK ON THAW CASE

Both Claimants for Governorship Spent Busy Day.

SULZER TELEGRAPHS BRYAN

Both Men Who Claim Executive Power in New York State Send Messages to Washington Officials.

Albany, N. Y., Aug. 21.—Both the men who claim to be New York State's chief executive, were busy on the Thaw case today, and there was much telegraphing and telephoning. Governor Sulzer late today made his initial move in the matter, so far as he has disclosed when he telegraphed Secretary of State Bryan at Washington asking that the American consul general at Ottawa advise the Canadian authorities to return Thaw to the jurisdiction of this State at Rouses Point, N. Y.

This was Governor Sulzer's message: "Please instruct Consul General at Ottawa to request Minister in charge at Sherbrooke, Canada, to return Harry K. Thaw, an escaped lunatic, to the United States at Rouses Point, N. Y." (Signed) "WILLIAM SULZER, Governor."

Several hours previously Acting Governor Glynn, conjointly with Attorney General Carmody, sent a telegram in duplicate to Mr. Bryan and to the Federal Secretary of Commerce requesting them "in the name of the State of New York" to ask Canadian immigration authorities to deport Harry K. Thaw to the State of New York.

The telegram emphasizes the importance of haste. Mr. Glynn's activities for the day in the Thaw matter began at 2 o'clock in the morning, when he was routed from bed by a dispatch from District Attorney Conroy to Dutchess county to act in proceedings in which Congress had been in communication with Immigration Commissioner W. D. Scott, of Ottawa, and believed the Canadian authorities would send Thaw to some point in this State. Later Mr. Conroy telegraphed that the Canadian authorities apparently had changed their minds and seemed to be disposed to put the fugitive over the border in Vermont, if they decided to return him at all.

There also was an exchange of telegrams between Mr. Glynn and Commissioner Scott and Fred C. Blair, supervisor of the immigration bureau at Ottawa. Superintendent Blair informed Mr. Glynn by telephone that he could do nothing until the courts had taken action, but that his department would use every effort to have Thaw returned direct to New York State. Later Mr. Glynn telegraphed to Commissioner Scott by Attorney General Carmody, who also had been in direct communication with him.

Mr. Glynn was visibly disappointed when informed that dispatches from Ottawa announced that Thaw's attorneys were successful in deferring the court hearing until Wednesday, also that Washington dispatches represented the Federal officials as being in doubt respecting the proper steps for them to take.

Bryan Responds to Glynn. Washington, Aug. 21.—Without authority to make a formal request in the name of the United States Government for the delivery of Harry K. Thaw by the Canadian authorities, Secretary Bryan late today responded to Acting Secretary Glynn's request for assistance in the effort to bring the Matteawan fugitive back into New York by sending the following personal telegrams to the British ambassador, Sir Cecil Arthur Spring-Rice, now at Dublin, New Hampshire. "We are informed that Harry K. Thaw, who lately escaped from an insane asylum in New York in which he was confined after acquittal of murder on the ground of insanity, is in custody in the province of Quebec with a view to his deportation under the Canadian immigration laws. The Department, while not in a position to make a request in the matter, which in its present aspect is not within our extradition treaties, brings it to your notice with a view to such action as the Canadian authorities may find themselves justified in taking."

BANKS TO PROTEST THE CURRENCY BILL

Material Changes in Glass-Owen Measure to be Advocated.

A CONFERENCE AT CHICAGO

Bill, if Passed, Will "Cripple the Banking System" and Project It "Into Politics" Declares Prominent Financier.

Chicago, Aug. 21.—Protest against the administration currency bill is expected to be the result of a conference of bankers from all over the country which will begin here today. Amendments probably will be recommended to eliminate some of the features of the Glass-Owen bill now pending in Congress.

More than 250 bankers are expected to attend the conference. Among them will be members of the Currency Commission of the American Bankers' Association, presidents of the various State bankers' associations, presidents of banks representing clearing houses, and other representative bankers. The conference is to be under the auspices of the bankers' currency commission, which has invited the financiers of the country to come together to unite on a plan of action concerning the proposed currency bill.

The principal objections of the bankers to the bill as it stands were stated today by Charles G. Dawes, delegate to represent the Chicago Clearing House Association, to be the Federal reserve board's members that would be appointed by the President. "If this bill is passed, our banking system will be projected again into politics," said Mr. Dawes. "The great system of National banks in part of the fabric of business. No greater calamity could come than an alleged measure of reform which would cripple the banking system. It is dangerous to tamper with it. Capital must awake now to the menace and not defer action until it is too late."

Washington, Aug. 21.—The House Democratic caucus and the conference of Democratic members of the Senate committee on Banking and Currency considered the Administration currency bill today. One minor amendment was voted into the bill in the caucus, which adjourned until tomorrow with the necessary amendments to be reported from being a director of more than one bank, pending. Representative Wingo, of Arkansas, declared at the close of the caucus that he would furnish the Republicans with campaign material for a charge that the Democratic party has surrendered to Cleveland H. Dodge, and Cyrus McCormick, who had made heavy contributions to the Wilson campaign fund.

OUTLINES

Sulzer and Glynn, each claiming chief executive power in New York State spent a busy day working on the Thaw case. President Wilson is preparing a special message, relating in detail the negotiations with the Huerta government, which he will probably read before Congress on Monday. A deadly charge of dynamite was discovered near Mayor Gaynor's winery in the New York City Hall. When told of the discovery the mayor evinced little interest. Habeas corpus proceedings in the Thaw case postponed until Wednesday of next week, the prisoner must remain in jail at Sherbrooke until that time. His lawyers now plan to submit to deportation. Bankers from all parts of the country in conference at Chicago are expected to protest against the administration currency bill. New York markets: Money on call steady 2 to 2 1/2 per cent; ruling rate 2 1/4 closing bid 2 to 2 1/4. Flour quiet but firm. Wheat steady. Corn firm. Rosin and turpentine firm. Sugar cotton steady; middling uplands 12.55; middling gulf 12.50; sales 200 bales.

WILSON PREPARING A SPECIAL MESSAGE

Contains Details of Negotiations With Huerta Government. Will Probably Read Document to Congress on Monday.

WILL EXPLAIN THE SITUATION

President Thinks Reading the Address Publicly Will Lay America's Views and Huerta's Contentions Before the People.

Washington, Aug. 21.—President Wilson was at work tonight on a special message which he probably will read to both Houses of Congress next Monday relating in detail the negotiations which have been conducted through his personal representative John Lind, with the Huerta Government in Mexico.

The decision to make a comprehensive statement on the situation, Congress was reached today after the President had about concluded that the negotiations between Mr. Lind and Provisional President Huerta, since the exchange of notes, had developed no new basis for discussion.

With this message the President will present the two notes setting forth the American suggestions to the Huerta Government, and its reply, which he is being urged to do by members of his cabinet and to which idea he is strongly inclined it will be the first time since the days of George Washington that a President has communicated a matter of foreign policy in person to the executive branch of the Government. While there was no information from the White House to indicate what object it was hoped to accomplish through a message at this time, there was a well defined belief in official circles that President Wilson thinks the reading of the address which will lay the American viewpoint and the Huerta contentions before the Congress and the people of this country, and which also will be made public to the world generally, cannot but have an important effect on the situation in Mexico. It is expected to be a partial answer to the intimations of Provisional President Huerta in his note that President Wilson stands alone in his

EXPLOSIVE FOUND NEAR CITY HALL

Charge of Dynamite Discovered Near Mayor Gaynor's Office.

HIS HONOR UNPERTURBED

Deadly Charge Would Have Wrecked Entire Building—Was Discovered by a Passing Citizen.

New York, Aug. 21.—A deadly charge of dynamite, three whole 10-inch sticks and two halves with a fuse and detonator, was discovered this afternoon near Mayor Gaynor's office windows in the city hall. The bureau of combustibles found that the explosive was 40 per cent dynamite, the regulation blasting proportion, and the amount found would, if exploded, have wrecked the city hall. The mayor was in his office when the dynamite was discovered by a citizen passing through City Hall Park. Mr. Gaynor evinced little interest when told of the explosive's proximity and remained apparently undisturbed at his desk while police officers hurriedly drew a cordon about the dynamite to keep back an excited crowd.

The dynamite found today, lay on a basement floor in a concrete mass or area-way within 60 feet of the mayor's window. The explosive was arranged in a lattice formation with two small pieces on top. A partly burned four-inch use, made of gunpowder tightly rolled in a paper cylinder, led to a detonating cap on one of the half sticks. Close to the cap was a piece of Chinese punk and several partly burned matches. The dynamite and use was wrapped in a piece of heavy ambric secured by red and blue wire. The cloth was blue with red and white figures by Italian women of the working class.

MONEY FOR CROP MOVEMENT

Wilmington Will Share \$1,500,000 With Raleigh, Greensboro and Charlotte—Mr. Sprunt Agent for Funds.

Washington, D. C., Aug. 21.—Assistant Secretary of the Treasury Williams made the positive statement to Senator Overman and Representative Webb today that Wilmington, Raleigh, Greensboro and Charlotte would get their proportion of the government money which is to be loaned for the movement of crops.

It is understood that about \$1,500,000 will be placed in the four cities above mentioned. It was explained that it is the intention of the government to allow all banks to have a share of the money, but that only four cities in North Carolina will receive the money direct from the Treasury Department. Other banks who desire the use of the loan can obtain it at a reasonable rate of interest from the four cities designated.

FIRE ON STEAM YACHT.

Destroys Vessel, Spreading to Buildings on Nearby Island. Lake George, N. Y., Aug. 21.—Fire which originated today on the steam yacht Pocahontas, owned by George Foster Peabody, the New York banker, spread to two nearby islands, and destroyed the servants' quarters at Triuna, Mrs. Spencer Trask's Summer home, and a number of other buildings. The yacht, two gasoline boats and four row boats were destroyed. Mrs. Trask, authoress, and widow of Spencer Trask, bankers, was seriously ill in her home. She was taken in a launch to the home of Mr. Peabody where she is now in a critical condition.
