STRONG SENTIMENT AGAINST JEROME

Thaw's Canadian Sympathizers Follow Him Into New Hampshire.

PARTISAN FEELING REVIVED

Presence of Canadians in Colbrook Enlivens the Situation—Fugitive to be Arraigned at Ten O'clock This Morning

Colbrook, N. H., Sept. 11.—Twenty-five Canadians, several of them outspoken opponents of William Travers Jerome after his arrest in Coaticook, Quebec, last week, on a charge of gambling, and others from Sherbrooke, where Harry K. Thaw received such an ovation in court, have followed the fugitive across the border into New Hampshire, and revived with their coming the intense partisan feeling so evident while Thaw was in the Dominion. Jerome denounced one of them in public today.

Their presence in Colbrook enlivened what was otherwise a typical Thaw day for those who have been following the erratic course of Standard White's stay in the town since his escape from Matteeau Sunday morning, August 17th. There was no court proceeding, Thaw's arraignment being put off by mutual consent until 10 o'clock tomorrow morning. Thaw's lawyers apparently thinking him safer in the custody of the sheriff than at large, abandoned their attempt to release him on a writ of habeas corpus.

Thaw's Hotel Guarded. The guards about Thaw's hotel were increased tonight from 12 to 20. All were armed and under the direction of Chief of Police Charles Kelley. The chief appointed his first deputies yesterday after hearing stories that officers from New York might attempt to 'bury' Thaw. He augmented them in the face of rumors that the Canadian contingent might essay the same thing with the idea of snatching Thaw from their hands, and at the same time rebuking high Dominion officials responsible for Thaw's sudden deportation yesterday morning.

Crowd Follows Prisoner. Groups of Canadians stood about the hotel corridors and on the street corners throughout the day, and closely followed Thaw when he made his escape from his room. The first of these was to the barbershop, the second to the office of his chief counsel, Thomas Johnson. Two automobiles, engines running, stood at the curb in front of the office all the time Thaw was within. This so alarmed the police chief that he and his men combed the surround Thaw when he was brought out and escorted him to the hotel.

Jerome Cynical. Mr. Jerome spoke with a smile tonight of the "citizens' followers" who crossed the border, but added that he had heard apparently authentic reports that some of the more emotional of the Thaw sympathizers from Canada had spoken seriously of liberating him.

Jerome's denunciation of the partisanism from Coaticook occurred in the morning at the "citizens' house," where the man who interested himself in working up evidence against Jerome on the gambling charge of which he was accused, was introduced to him. Jerome looked him over coldly then spoke acridly, bitterly, of his experience in Coaticook, naming the man as the ringleader. There was a moment of strained silence, then Jerome turned his back.

Thaw's progress down Main street to his lawyers' office this afternoon, drew the population of the village, and environs to the scene. Every available vehicle in town was pressed into service; windows along the way were filled with heads, hands, feet, erect and smiling, walked beside Sheriff Drew. Behind them trotted the small boys of the village, ahead of them yellow dog, yelping delightedly. From the crowd a young girl with a small girl tossed Thaw a bouquet of sweet peas. But there was no cheering.

Unless more delay intervenes, Thaw will be brought before Justice Carr in the morning on the complaint that he is wanted in New York for conspiracy.

Real Fight Yet to Come. Counsel for New York will ask that Thaw be remanded until a requisition warrant can be presented to Governor Peck, and that he be removed to the county jail at Lancaster. Then will begin the real fight against extradition.

In preparation for this Thaw has retained still another lawyer, N. E. Martin, ex-Minister of Concord, a leader in the State Democracy and a close associate of Governor Felker. He arrived in Colbrook today.

Attorney General Tuttle was still here tonight. He is said to be here reports that the Governor would refuse to honor requisition papers signed by Martin Glynn as acting Governor of New York.

MAYOR GAYNOR DIES ABOARD OCEAN LINER

News of His Death Flashed from Steamer Baltic in Mid-Ocean by Wireless and Cable to New York—Remains to be Brought Home on Steamer Cedric—Municipal Political Situation Overturned by Demise.

New York, Sept. 11.—William J. Gaynor, Mayor of New York city, voyaging over sea on the steamer Baltic in the hope of regaining his strength to enter the three-cornered municipal campaign as a candidate for reelection, died suddenly on the Baltic as the steamer was within a few hundred miles of the Irish coast yesterday afternoon.

The first news of his death flashed by wireless and relayed by cable from Europe reached his secretary, Robert Adamson, this morning. The Mayor had succumbed to heart failure, the message said.

Later dispatches from his son, Rufus W. Gaynor, who was his father's only traveling companion, gave details which showed that the end had come with shocking suddenness. That the Mayor's heart had been in a weakened condition for years was the statement tonight of physicians who treated him at the time he was shot in the neck and almost done to death by an insane discharged employe of the city in August.

Plans for a public funeral to be held probably on Monday, September 22nd, will be made tomorrow by the Board of Estimate. Late advice from abroad say the body may be transferred from the Baltic to the steamer Cedric sailing from Queens-town tomorrow, or to the Lusitania sailing from Liverpool on Saturday.

They will arrive in New York Friday or Saturday of next week. George McAneny fusion candidate for president of the Board of Aldermen, announced late today that he had decided to postpone his vacation trip abroad on which he had planned to start on Saturday. McAneny and William R. Prendergast, fusion nominee for city comptroller, were in conference with Gaynor leaders relative to accepting their endorsement when news of the Mayor's death was announced.

Whether another candidate to head the Gaynor league ticket would be named was problematical tonight. Of the many tributes to Mayor Gaynor from men of prominence in public life, one from Theodore Roosevelt was among those made public.

A week before Mayor Gaynor sailed on the Baltic he was visited at his home at St. James, L. I., by his secretary, Robert Adamson, and Fire Commissioner Joseph Johnson. The latter in speaking of the Mayor's condition at that time quoting him as saying of his illness: "I coughed all night long; I could not stop it. My right lung was fighting it out with the fish hook in my throat. I don't see how my heart stood it. I thought it would burst. But the doctor now says that I am all right. He says my heart is still good. I think I shall be all right soon." News of the death of her husband reached Mrs. Gaynor at the Gaynor country residence at St. James early this morning. With her were Norman, the second oldest son, and her daughter, Helen, Marion and Ruth. Mrs. Harry K. Vingt, another daughter, lives in a cottage near the Gaynor home, and at once joined the family circle. Another married daughter, Mrs. Webb, has been spending the

ANDERSON RESIGNS SEAT ON COMMITTEE

Climax of Bitter Attack on Democratic Legislative Methods.

ASSAILS THE CAUCUS SYSTEM

Minnesota Republican Declares "System of Legislation" in Effect Has Made His Efforts a "Farce and a Fraud."

Washington, Sept. 11.—As the climax of the vigorous Republican condemnation of Democratic legislative methods which has marked the currency debate, Representative Sidney Anderson, of Minnesota, on the floor of the House late today resigned as a member of the powerful Ways and Means Committee.

Bitterly assailing legislation through caucus action and partisan consideration of the Underwood tariff bill, and the Glass Currency bill, in committees, Representative Anderson declared the "system of legislation established here" made his efforts on the committee a "farce and a fraud."

Throughout the day Republicans criticized the means employed by the Democrats in framing the currency bill, and the Committee on Ways and Means, and the secret sessions of the caucus which endorsed the bill. This evening Representative Anderson obtained the floor and sent his resignation to the clerk's desk to be read.

The House listened in silence, and through the courtesy of Mr. Anderson, in a lengthy speech explained his reasons for resigning. "I am induced to resign my membership on the Committee on Ways and Means," he said, "because the rules of this House and the system of legislation in vogue here deprive me of my opportunity to serve the country through the committee, and because my continuance on that committee must be construed into an acquiescence in fraud upon those who have not part in the transaction. To believe that I have had, or shall have, some part in framing the legislation reported by that committee. I am induced to resign my membership on the Committee on Ways and Means, and to believe, and do believe that I have had, or shall have, some part in framing the legislation reported by that committee.

These rules, in my opinion, are unwritten, deprive me of my opportunity to serve, and the system of legislation, visible and invisible, which obtains here strips me of my prerogative as a representative of the people. "If the present system continues, the inevitable result must be that I have no part in the framing of the bill through the Ways and Means committee and the House, and said representative read it for him. The tariff bill which passed the House and the Senate, I shall have none. I am overwhelmed, discouraged, disheartened, by the uselessness and fruitlessness of it all."

In an analysis of the operation of the caucus system Mr. Anderson declared that 14 Southern States—Alabama, Arkansas, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia—alone sent 129 Democrats to the House—enough to control the legislative policy of the caucus, and hence of the House.

The day before his departure he was notified on the final steps by the caucus system Mr. Anderson declared that 14 Southern States—Alabama, Arkansas, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia—alone sent 129 Democrats to the House—enough to control the legislative policy of the caucus, and hence of the House.

On Tuesday night he was notified by wireless to Cuxhaven, by Rufus W. Gaynor, and relayed from Cuxhaven to New York by cable. Mayor Gaynor left New York at a time when the city was in the midst of one of the strangest municipal political campaigns in its history.

The day before his departure he was notified on the final steps by the caucus system Mr. Anderson declared that 14 Southern States—Alabama, Arkansas, Georgia, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee, Texas and Virginia—alone sent 129 Democrats to the House—enough to control the legislative policy of the caucus, and hence of the House.

The bullet that lodged in his throat three years ago had never been removed. It was the Mayor's plan to remain abroad less than a week. He expected to sail for New York from Liverpool on September 18th and to reach the city a week later at Queens-town.

MEXICO'S PEACE PLAN INEFFECTIVE

Washington Officials Believe the Situation is Drifting With No Progress

UNCLE SAM FIRM IN ATTITUDE

Interest Now Centers on the Coming Election in Mexico—President Wilson Leaves Washington for Vacation.

Washington, Sept. 11.—Administration officials here are convinced that the Mexico City authorities have no effective plan of their own to bring about peace in Mexico, and that the situation there is drifting.

The United States will await with interest the election scheduled for October 6th, but does not feel bound to recognize the government resulting from that election. Should an election be attempted while most of the country is up in arms, and in which a majority of the people shall have had no voice, the American government will adhere to previous precedents and withhold recognition. These views are expressed by officials in administration circles who know the position of President Wilson.

Senator Manuel de Zamacona, supposed to be the personal representative of Provisional President Huerta, left Washington today, after a day's visit, without seeking any interviews with government officials. Charge Alvaro of the Mexican embassy, conferred with Secretary Bryan but shed no light on the Zamacona mission. The attitude of the United States toward Zamacona has been made plain to the Mexican officials. He will be receiving a summons to come to treat on a new basis and on the assumption that the proposals made by John Lind have been finally settled, namely, that the request for recognition be withdrawn and Huerta eliminated from the Presidential contest.

These points the American government considers essential and sees no necessity for further negotiation unless they are agreed to. While the situation in Mexico City is described by administration officials as one of quietude, Mr. Lind's message to Mexico indefinitely, using his own discretion as to when it is best for him to return.

President Wilson left tonight for Coruquid, N. J. to spend the weekend with his family at the Summer White House, and during his absence no further developments are expected. The administration will advise the message to be delivered by Provisional President Huerta next Tuesday to the Mexican Congress.

Investigate Recent Killing. Washington, Sept. 11.—The State Department was advised today that the Mexican Federal government had directed the military Governor of Chihuahua to investigate immediately the recent killing of Edmond Hayes and John Henry Thomas, Americans, at Madera, by forces under Francisco Cordova and punish the guilty persons. This action was taken in response to urgent representations by Charge O'Shaughnessy at the direction of the department.

Rumor That Huerta Will Resign. Vera Cruz, Sept. 11.—Persistent rumors current here that General Huerta really intends to resign from the Presidency at an early date, are interesting President Wilson's personal representative, Mr. Lind, pending to support these rumors came two stories, apparently from an authentic source. One is to the effect that an American, calling on the provisional President, asked him what he intended to do if General Huerta should resign and replied that one of his eyes had been troubling him greatly of late. Then he laughed and added that if that eye were to blink, he would intend to leave the country and undergo an operation some time early in October. As a matter of fact, General Huerta underwent an operation for cataract several months ago.

The other story was told recently at a dinner party. An Englishman present quoted General Huerta as saying: "Well, it is quite possible that by the end of the week, or soon after, I shall no longer be President."

According to many persons who recently have come to Vera Cruz, from the capital, the impression is growing there that General Huerta soon will withdraw from the Presidency. The majority of them incline to the belief that he will enter the electoral race, which they believe will follow General Porfirio Diaz to Europe.

ENGLISHMEN GET CONTRACT. For Turbine Drums for the Newest American Battleship. Washington, Sept. 11.—An English builder today was awarded the contract for turbine drums for the newest American battleship No. 59 at a price more than one-third the price offered by the lowest American bidder. The accepted bid was \$57,438, submitted to New York agents of the Cylcops Steel & Iron Works, Sheffield, England.

It is exceptional for the Navy Department to send a contract abroad, but Acting Secretary Roosevelt held that the action today was justified by the tremendous difference between English and American prices. The Sheffield bid includes the payment of duty and by giving the work to the foreign builder the United States saves more than \$100,000.

HUGE SUM STOLEN FROM EXPRESS CAR

\$71,900 Missing From Portable Safe on A. C. L. Train No. 89.

DETECTIVES WORKING ON CASE

Money Was in Transit from New York Banks to Points in Georgia—Loss Was Discovered Yesterday.

Savannah, Ga., Sept. 11.—Currency amounting to \$71,900 in transit from the Chase National Bank of New York, to the Savannah Bank & Trust Company and to Brunswick and Valdosta, Ga., banks, was stolen from a portable safe on the Atlantic Coast Line train No. 89, between Jersey City and Savannah. It should have arrived here yesterday morning. The loss became known today.

Fifty thousand dollars of the amount was consigned to the Savannah Bank & Trust Company here. The money was shipped by the Southern Express Company. W. F. McCauley, the president of the Savannah Bank & Trust Company, confirmed the loss of the \$50,000. It was shipped out of New York on Monday on train No. 89 of the Atlantic Coast Line Railroad. When the sealed steel trunk in which it was supposed to have been shipped was opened it was found that the money had disappeared.

"All that I know about it," said President McCauley, "is that the money was started to go from New York, and that it never reached here." The Southern Express Company has hurried its best men to Savannah to undertake the recovery of the money, or to locate the thieves. The seals on the outside of the steel trunk or safe did not show that they had been tampered with, but the seals of the Adams Express Company, which contained the money when it left New York, were still open.

The shipment was sent out of New York by the Adams Express Company and delivered to the Southern Express Company at Washington, D. C. Officials of the Southern Express Company tonight were reticent as to the disappearance of the currency. It is reported that detectives for both the Adams and Southern Express companies are at work on the case. There have been no arrests made.

J. B. Hockaday, of Atlanta, general manager of the Southern Express Company, and other officials are here directing the search for the missing money. Bank President's Statement. New York, Sept. 11.—Samuel C. Miller, vice president of the Chase National Bank, in charge of currency movements, said today that his bank had shipped a large amount of currency to banks in Georgia by the Adams Express Company. "If this money has been stolen," he said, "and is not recovered the loss will fall not upon the bank, but upon the express company."

The President announced the death of his colleague, Representative Wilder, and after adopting resolutions of sympathy and respect, the House, as a further mark of respect, adjourned at 9:27 P. M. to 11 A. M. tomorrow.

CONGRESS CONDENSED. Summary of a Day's Work in the House and Senate. Senate. Met at noon and after failing to agree on legislative programme for next week adjourned at 1:18 P. M. until noon Monday.

MAJORITY MEMBERS ADJUST CONFLICTS

Between House and Senate in Work on Tariff Revision Bill.

REPUBLICANS ARE BARRED

Simmons Predicts Rapid Progress Toward a Complete and Harmonious Agreement of Tariff Disputes.

Washington, Sept. 11.—With the minority members of the Conference committee barred from the proceedings the Democratic majority in charge of the final work on the tariff revision bill today began its work of adjusting conflicts between the Senate and House.

At the end of a short afternoon session the Democrats had completed work on the chemical schedule, and Representative Underwood and Senator Simmons predicted that progress toward a complete agreement would be speedy and harmonious. The Democratic conferees will not call their minority in until they have settled all phases of the tariff dispute. The conference which began today was participated in by Senators Simmons, Williams, Shively and Johnson, and Representatives Underwood, Dixon, Kitchin and Rainey.

Representative Underwood, the Progressive named on the House conference committee, appeared at the conference room early in the afternoon, but when he found that the Democrats were working separately on the bill, he made no effort to join the conference. In today's session the House members yielded to the Senate on the majority of amendments, accepting the Senate lower rates on most of the disputed items. The reductions made by the Senate on the tariff schedules for alizarin and anthracene were approved, and the Senate rates on soaps were retained, although the language of the paragraph was changed at the suggestion of House members.

A compromise was made on the item of chlorate of potash, which the House had taxed at one cent per pound, but which had been free listed in the Senate. It is understood the compromise will be based on practically an even division of the House rate. The Democratic conferees will meet daily in morning and afternoon sessions, and the Republican members probably will not be called in until the latter part of next week. Senator LaFollette intimated today that he considered the procedure of the Democrats unusual, in working over the bill without their associates named from the two Houses, but other members of the committee said the method pursued was in line with precedent established in other tariff revisions.

Washington, Sept. 11.—President Wilson has laid before the tariff conferees the protests by Central American countries against the proposed duty of one-tenth of a cent a pound on bananas. It is understood the President favors the elimination of the tax on the ground that it eventually would fall on the poor.

MURDERED WOMAN IDENTIFIED.

Although Head, Arms and Legs Were Missing from Body. New York, Sept. 11.—The woman who was murdered ten days ago and whose body was cut up and thrown into the Hudson river, was identified this afternoon as Mrs. Casper Janin, of this city. Although the head, arms and legs were missing, the body was identified by a mark on the back. The woman's husband made the identification and told the police she had disappeared from her home on August 14th.

The identification was made at the morgue in Hoboken. Casper Janin, the husband, told the Hoboken police that he and his wife lived in Barcelona, Spain, up to about three years ago, when the woman left him and came to this country. Janin said he followed her soon after and found her at West 104th street, New York.

Janin was positive of the marks on the back of the body which he said were birth marks, offered an unmistakable means of identification. Mrs. Janin's mother, he said, had similar marks on her back and the same mark appeared on the shoulder of their six-year-old child. The police set out to find the man whose name Janin gave them as the proprietor of the house on West 104th street.

UPRISING IN VENEZUELA.

Revolutionary Troops Defeated by the Government Forces. Caracas, Venz., Sept. 11.—The defeat by government troops of the revolutionary forces commanded by General Asuncion Rodriguez, prefect of Cumana, and one of ex-President Castro's military leaders, and his subsequent flight to the Dutch West Indian Island of Bonaire, have ended the uprising in Eastern Venezuela. The Venezuelan army remains at Maracay in full strength. Prisoners from the State of Zcharia and the eastern district continue to arrive at this port.

Washington, Sept. 11.—Representative William Henry Wilder, of the Third Massachusetts district, died at his apartments here tonight after a lingering illness.
