WILSON CONSIDERS NEW PLAN FOR PEACE

President Will Discuss Mexican Situation With His Cabinet Tomorrow.

FORMAL NOTE TO NATIONS

Diaz is Denied Visitors on Board the Louisiana—Mexican Newspapers Dislike United States Policy—Fighting.

Washington, Oct. 29.—President Wilson has under consideration a new plan for restoring peace in Mexico which he will discuss with his cabinet Friday and make public within a few days.

Officials were reticent as to what is contemplated. As the United States has asked not only the European governments but those of Latin-America and the Orient to withhold the formulation of their policy toward Mexico until the Washington government can make known its plans for dealing with the situation, the solution of which the President and Secretary Bryan are working, is believed to be more comprehensive than any suggestions heretofore made for the pacification of the Southern Republic.

No Direct News. Through the State Department has not been informed officially of the reported purpose of Gen. Huerta to declare Gen. Blanes as having been elected, it is certain that in line with previous declarations, the election of Sunday will not be recognized as constitutional.

The inability of the Huerta government to conduct a constitutional election is a serious matter to the American government to suggest a method of holding the elections in which safeguards and guarantees can be given which will permit the constitutionalists to return to power.

Other Alternatives. Various alternatives, such as more support for the constitutionalists, or lifting the embargo on arms, have been suggested as ways to influence Huerta's retirement.

Note to Nations. Secretary Bryan said today that a formal note has been sent to all European governments asking them to suspend formulation of a policy toward Mexico until the United States had defined its attitude.

IMPORTANT CHANGES MADE

Many Amendments to Administration Currency Bill Were Adopted by Committee Yesterday—Increase Board.

Washington, Oct. 29.—Important changes in the administration currency bill resulted from today's executive work on measure by the Senate Committee.

The committee passed over for later action the proposition to substitute a central, government-controlled bank for the regional bank plan in the bill on which the members were evenly divided and proceeded to perfect the details of the measure.

The complexity of the proposed reserve board was materially altered by amendments adopted today, and it probably will be further changed before the bill is passed.

A large part of today's session was devoted to a discussion of the number of regional banks to be created if the regional plan is retained, but no conclusion was reached.

The committee has temporarily abandoned all efforts to dispose of the central bank plan, on which the committee stands six to six.

Soon after elected, those directors present met and heard arguments of Oklahoma City and Houston in favor of their cities for the next convention and elected officers.

NEW YORK POLITICS AT FEVER HEAT

ADOPT COMMITTEE REPORT

National Association of Railway Commissioners Recommend Federal and State Supervision of Issuing of Stocks.

Washington, Oct. 29.—After a long and at times acrimonious debate, the National Association of Railway Commissioners tonight adopted a report of the committee on railway capitalization recommending rigid Federal and State supervision of the issuance of stocks and bonds of utility and railroad corporations.

The report recommended: That there be limitation by law of the purpose for which the issue of stocks and bonds shall be permitted.

That authority be given commissions to see to it that the proceeds of sales of stock and bonds are devoted to the purposes for which they are issued.

That no stocks or bonds be issued without the positive approval of the commission after full investigation.

That power be given the commission to impose such conditions upon the issue as may be necessary.

That the regulation of the stocks and bonds of inter-State common carriers be delegated to the Interstate Commerce Commission.

That the regulation of the stocks and bonds of intra-State express rates be adopted.

That the day's session was culminated by a discussion of the State's rights as relating to the powers of the individual States to regulate rates.

Commissioner John H. Marble, vice president of the commission, declared that on account of the action of the Texas railroad commission, which developed the situation of the State being heard by the Supreme Court, "ruin is staring the people of Louisiana in the face and the transportation in our State has become intolerable."

Mr. Barrow insisted that if the power of the Interstate Commerce Commission to remove discrimination against the popular of inter-State commerce was not sustained, the Texas State commission "soon will be making rates for the whole western territory."

The resolution was finally passed by a vote of 20 to 19.

It was decided to hold the next convention at Washington, November 17th, 1919.

President, L. B. Finn, Kentucky; first vice president, Clifford Thorne, Iowa; second vice president, Judge Robert R. French, Virginia; secretary, William H. Connolly, Washington, D. C.

Washington, Oct. 29.—The Smithsonian Institution today announced that the Hodgkins prize of \$1,500 for the best treatise on "The Relation of Atmospheric Air to Tuberculosis" had been equally divided between Doctors G. Hinsdale, of Hot Springs, and S. Adolphus Kroft, of New York City.

CHARGES AND COUNTER CHARGES

Made in Three Corners Municipal Fight.

Speakers Followed by Crowds Take Stand Before Tammany Hall and Are as Rapidly Removed. Stillwell's Confession.

New York, Oct. 29.—New York's heated municipal campaign was kept in the feverish stage tonight. John A. Hennessy, former Governor Sulzer's graft investigator, whose speeches for the fusion ticket headed by John Purroy Mitchell, have been a striking feature of the campaign, kept up his attacks on Tammany Hall and Edward E. McCall, the Tammany nominee for mayor, laying stress in his talks tonight on charges of barge canal graft by which he declared Tammany benefited.

Former Judge McCall, who spoke in Manhattan and Brooklyn, attacked Mitchell for his former connection as counsel for a corporation.

The \$25,000 campaign contribution from the late Anthony N. Brady, traction magnate, first offered and declined by William Sulzer when he was running for Governor last year, and then given to Charles F. Murphy, leader of Tammany Hall, who declared yesterday that he returned it to Brady, remained a point of discussion.

Support was given Murphy's declaration that he returned the money to Brady by a statement from former Judge Samuel A. Beardsley, who originally took the \$25,000 from Brady to Sulzer and on the latter's refusal to accept it handed it to Murphy.

Beardsley's statement today without comment. Murphy's name, said that a campaign contribution of \$25,000 made by Mr. Brady in the campaign of 1912 was subsequently given to him.

Hennessy in one of his speeches tonight challenged Beardsley to furnish proof that Murphy gave back the \$25,000.

Testimony to support the authenticity of a letter written last Summer from Sing Sing by ex-Senator Stephen J. Stillwell, a convict asking the then Governor Sulzer for a pardon in return for an exposure of "boss rule" in New York City, was given during the day by Col. William H. Amory, who carried the pardon application to Albany. Stillwell had declared the published version was garbled. Col. Amory declared the letter as made public was exactly as it was originally written.

Stillwell's reputed confession, said to be contained in a "littie black book" in possession of Hennessy, will be turned over to Attorney Whitman tomorrow, according to statement tonight by Hennessy, who was a witness again today in the preliminary investigation of charges made during the trial of Attorney Whitman's inquiry will result in grand jury proceedings if the district attorney uncovers evidence which he believes warrants prosecution.

Republicans, Progressives, Independent Democrats and Independent Leagueurs were called upon to night by Marcus S. Sulzer, who was candidate for president of Manhattan Borough, to organize a permanent anti-Tammany society.

Congress from New York City, gave a dinner tonight to their party candidates on the municipal ticket. Chas. F. Murphy sat near Representative John Fitzpatrick, who was tonight master. The diners cheered McCall.

Supporting ex-Senator Stillwell in his repudiation of the alleged application for pardon, was today sent to his resignation to the State Department.

Defy Tammany. Fourteenth street, in which is situated Tammany Hall, witnessed an exciting scene late today when speakers of a rival political organization came there to expound their faith.

Speakers for the society to lower rents and reduce taxes on homes, accompanied by two women distributing their literature, sought to win votes opposite the hall. Crowds of Tammany sympathizers watched the invaders take their stand opposite the office occupied by Charles F. Murphy, leader of Tammany, and heard one of the speakers point to the hall and shout: "The man who is responsible for high rents and taxes is over there."
