SECOND RECITAL LAST NIGHT BY MISS CONRAD.

The second musical recital was given last night in Woolwin Hall by Miss Agnes Conrad, assisted by Miss Helen Wojtych, violinist, and Miss Adela Laue, pianist. There was a large attendance and the various selections were thoroughly enjoyed by an appreciative audience. The company of artists labored under some disadvantages which prevented the concert from being as fully successful as it otherwise would probably have been. The entertainment was given under the auspices of the Methodist Circle of King's Daughters and Sons. "The Fruitage" was presented.

MISS EMERSON RETIRES.

After a service of a little more than four years as librarian at the city public library, Miss Elise Emerson retires today and is succeeded by Miss Agnes Conrad. Miss Emerson, who has been assistant librarian for the past two years, Miss Lauriston Hardin becomes assistant librarian to succeed Miss LeGrand. Miss Emerson has made a most efficient librarian and during her administration there has been a large growth in the library along all lines. Courteous and obliging at all times she has done a great deal toward making the library one of the most popular institutions in the city. It is with much regret that the management have accepted her resignation.

Miss LeGrand begins her administration under most auspicious circumstances and by reason of her past experience is capable of keeping the library on the same high plane to which it has been brought. The managers are indeed fortunate in having her return in connection with the library. Miss Hardin is a young lady of most pleasing personality and will make a splendid assistant. She has already spent some time in the library in order to become thoroughly acquainted with the details of the work.

Coincident with the change in management it was announced yesterday that there would also be a change in the hours the library now opening at 9 o'clock in the morning instead of 10 o'clock as heretofore. It will close at 9:30 o'clock at night instead of 10 o'clock, as has been the custom.

There are now an average of 200 visitors a day to the library and about 150 borrowers of books. This is a fine showing and indicates clearly that the people of the city are liberal patrons of the library. Practically all the leading works of fiction, poetry and his-

tory, both modern and ancient, can be found on the shelves of the library and the large collection is being added to every week. All the better class of monthly periodicals are to be found on the tables of the reading rooms. There are also the New York Times, The Christian Science Monitor, The Washington Post and the leading State papers as well as all the papers published in Wilmington. For the person who would keep informed on the current events of the day at a minimum expense the library is a boon. It is gratifying to the management that so many are taking advantage of this splendid opportunity for reading good literature of all kinds.

LUMINA ORCHESTRA CHOSEN

Don Richardson's Musicians Will be at Wrightsville Beach the Coming Season—Favorites.

Announcement was made yesterday by the Tidewater Power Company that a contract had been closed with Mr. Don Richardson and his New York orchestra to furnish the music at Lumina, the corporation's handsome pavilion on Wrightsville Beach, for the coming season. Mr. Richardson is one of the best known violinists and conductors in the South, and his present aggregation of musicians has been playing together for three years in New York City.

Six leading orchestras in different sections of the country were tried out by the Tidewater in making the selection, and the choice undoubtedly will meet with the unanimous approval of the patrons of Wrightsville Beach, in Wilmington, North Carolina, and in fact throughout the South, for Mr. Richardson is widely and favorably known. He is especially popular in North Carolina, as he is a native of Sampson county, and in addition has conducted orchestras in different cities in the State. For a number of seasons he was located in Charlotte, conducting one of the best orchestras there that the Queen City has ever known.

In his present orchestra, Mr. Richardson has one of the most complete and able aggregations of musicians ever assembled in New York City. For several years it has been his favorite there, playing private engagements only and appearing before the most fashionable hotels and clubs of the metropolis. This orchestra has the distinction of having been selected from a list of 28 orchestras at the breakfast given by the Women's Democratic Club to President Wilson and his family December 21st, 1912. It is the only orchestra in New York City which plays an entire programme of popular and classic selections without the use of notes. Each member is required to memorize his part.

GOING TO ATLANTA.

Local Shriners Will Help to Add to Big Noise Down There in June. The local members of the Ancient Arabic Order of the Nobles of the Mystic Shrine are planning to go in large numbers to the meeting of the Imperial Shrine in Atlanta, Ga., June 14th-17th, when the only orchestra in New York City which will take that metropolis by storm and give them a real demonstration of hustle and enterprise. For the purpose of arranging for this stirring event there will be a meeting of the local lodge in the Masonic Temple tonight.

Mr. H. E. Longley is president and Mr. C. B. Newcomb is secretary. There are 76 Shriners in Wilmington and it is judged that at least 25 of these will want to go to Atlanta, if enough signify their intention of going it is planned to charter a Pullman car in which to make the trip and which will also be used as sleeping quarters during their stay in the Georgia metropolis.

IN MEMORIAM.

At a called meeting of the Hibernian Benevolent Society Monday morning, March 30th, 1914, for the purpose of attending the funeral of our late deceased brother, Captain John Barry, President Donnan appointed a committee to draft suitable resolutions expressive of the deep regret the Society has sustained in the death of Captain Barry.

Resolved, that he pleased Almighty God, the Supreme Ruler of Man, to take from amongst us our beloved brother, the late Captain John Barry, who has for the last forty-eight years been a devoted member of our Society; and

Whereas, Captain Barry, one of the Chartered Members of the Society, organized on March 17th, 1866, almost a half century ago, has been a most useful and worthy member, who has been one of our worthy and esteemed President, Mr. Timothy Donnan; and

Whereas, Captain Barry was not only one of the oldest members of the Hibernian Society, but was also the oldest son of the dear Emerald Isle in this, his adopted city of the great Western Republic, and had passed the eighty-fifth year of his age, and while it can truthfully be said that he was a model of American citizenship, he was ever true to the land of his birth, being born in Middleton, County of Cork, Ireland.

Resolved, That the Hibernian Benevolent Society in the death of Captain Barry has lost one of its most respected and benevolent members, whose friendly hand and genial disposition we so often enjoyed. Resolved further, That the City of Wilmington is bereft of a useful and upright citizen, one who took great interest in its political and material welfare, holding several positions of trust in city and county affairs, and up to his departure holding the respect and confidence of all its citizens; and

Resolved further, That we deeply sympathize with the bereaved family of the deceased, in particular with his devoted wife, now in her 87th year, and the 63rd year of her married life. Resolved, That a copy of these resolutions be spread upon the records of this Society, that they be published in the local papers and that a copy be forwarded to the bereaved family.

Theatrical.

Again yesterday the airiest, fairest, daintiest and brightest show the Victoria Theatre has yet set before the folks of Wilmington held forth, to the immense delight of immense sized audiences. "The best bill yet," was the general exclamation. So it is, and Wilmington folks who haven't seen it, should take advantage of once and three last chances today—matinee this afternoon and two performances tonight. Tomorrow the bill and artists change.

The present bill is an All-Girlie Bill, and it has been one of the bright, bewildering surprises of the season. Every artist is a star, and a big one. The team of Russell & Church, presenting their comedy "Joining the Army" is a great hit. Fun, waxes fast and furious, while the gowns worn by the clever young women are perfect "dreams." There is another splendid team in Lydia and Clara Knott, who are seen in the play "Making Mary," and it's a dandy. Mlle. Paula, a famed European artist, one of the biggest salary getters on the Keith Circuit, is also providing beautiful April 13th, matinee and night, local theatre-goers will have opportunity of seeing the famous musical show that was the talk of New York last year. This opera was written by the greatest writer of cabaret music, Yvonne, Herr-Bruno Granichstaden, and the dances which he wrote into the delicious score of "The Rose Maid" are largely responsible for the famous tango and turkey trotting craze that has swept over the country. Almost every tuneless number has its rollicking dance accompaniment that invites encores until the gaily chorus girls are fairly exhausted. The performance is said to begin with a romp and finish with a graceful whirlwind of twinkling toes. The song numbers are described as "ear tickling and positively irresistible in tunefulness."

"The Day of Days" today. Today is another one of those extraordinarily big days for theatre-goers of Wilmington, thanks to the enterprise of the management of the Grand Theatre, which has secured the acme of all moving picture theatres. There today, as a special feature, Mr. Daniel Frohman, the noted theatrical manager, will present the equally noted romantic actor, Mr. Cyril Scott, in Broadway star cast, in the great play, "The Day of Days." It is the biggest and best thing in motion pictures and is a production such as only the moving picture theatres of the world can offer. They are also lucky in the fact that they will have chance of seeing this wonderful, stupendous film at the small price of admission of 10 cents, the smallest in the world. In addition to the big film Grandites will have another chance of hearing a special programme by the popular Vocalist orchestra.

"The Day of Days" has been described as a "kaleidoscope of adventure and a panorama of emotion, with New York at night as the background. It is thrilling in plot and action and brilliant in scenic effects. Grand has made special preparations for the presentations, which will commence at 11 o'clock this morning and last until 11 o'clock tonight.

Bargain Day at Bijou. Five reels of the biggest and best motion pictures ever produced, for five cents! Really it's ridiculous. But that's what you'll get for your "jit" at the Bijou today, besides the customary musical programme. Leading off is a big two-reel dramatic feature, "The Thief and the Book." This is one of the greatest photoplays, by the majestic players, ever produced. Twenty-two hundred feet of one of the most interesting sideights ever written. It deals with a band of thieves, shows interesting sideights of their lives, and also tells the pitiful story of a beautiful but poor orphan girl alone in the world, who becomes subject to the mercies of the thief. This is a production which you will enjoy throughout. The acting is excellent, well-defined plot, and pretty story will hold you enthralled.

Another big two-reel production, "The Lie," a Gold Seal film, tells the story of a gambler who gets a young man in his clutches for evil designs. The young man's sister defends him with a pistol, and he is told to clear her of blame for a murder. One of the most interesting stories you have ever seen on the screen.

The fifth reel on the "How Motion Pictures Are Made," a very interesting picture giving views of the largest film manufacturing concern in the world. Close views are given of the wardrobe rooms, scenario department, and other interesting sights connected with the manufacture of films. It ends up with a rollicking comedy by the actors, and is indeed one of the most interesting of this kind ever produced.

COUNCIL MEETS TODAY.

Session Promises to be Not Altogether Dull. The weekly meeting of City Council at the city hall this morning at 10 o'clock will not be altogether dull, according to indications. Councilman Wood's resolution appropriating \$25,000 for the purpose of sinking a battery of deep wells for a municipal water supply, introduced at his insistence at the last meeting, will come up for its final reading and vote, and to judge from the remarks made and the matter last week, will likely be voted down four to one. In this event, Councilman Wood declares that he will carry the fight to the people themselves, and circulate a petition asking an election on the subject.

He will also probably bring up the question of a municipally owned electric lighting and power plant, his twin pet project along with the deep wells proposition.

Council will also likely receive official notification of the action of the Board of Health at the special meeting of last week, when the former regulations of the Board of Health were revised so as to apply to the city and county, instead of the city, as heretofore, and including a number of new features relative to the matter of scavenging, etc., which have been the means of late in producing considerable discussion.

DR. HOGUE HEADS UNION.

Former Wilmington Rector Honored by Many Friends. It will be a source of pleasure for the many friends of the Rev. Dr. R. W. Hogue, former pastor of St. James' Episcopal church, this city, to know that on Monday of this week he was unanimously elected as president of the Ministerial Union of Baltimore, Md., in which city he is rector of the Ascension Protestant Episcopal church. Dr. Hogue succeeds Rev. Dr. Peter Ansel.

The Ministerial Union of Baltimore is a militant organization and includes the pastors of all Protestant churches in the Monumental City. The honor which has come to Dr. Hogue, among his fellow co-laborers, is one which Wilmington people know has been worthily bestowed, and those who know him best know that the Baltimore Union has done its best credit in honoring Dr. Hogue in this way.

Came to Wilmington to Marry. It was learned yesterday through the return of the marriage license to the office of the Register of Deeds that Dr. Thompson B. Woods, Jr., formerly of Chester, S. C., but now of Maysville, N. C., and Miss Katherine W. Welch, of Baltimore, Md., were married in Wilmington Saturday, the ceremony being performed by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian church. There were several witnesses, among these being Mr. A. Woods and Mrs. Evelyn Woods Thornton, of Chester, and Dr. B. K. Blalock, of Norwood. The bride was formerly a nurse in a Baltimore hospital and Dr. Woods met her while he was an interne in the same institution.

CHANCE TO RECOVER

(Continued from Page Five.) ports that the injured man was still alive, and apparently had splendid chances to recover. Coming just at the time it did, the accident seems peculiarly unfortunate. In the face of snow, sleet, ice, rain and extremely cold weather for this section, the work on the skeleton of the big bank and office structure has gone steadily forward at all times, without even a minor accident to mar its progress. Just when the frame construction had been completed, and the steel workers were preparing to wind up their task and leave the city, an accident which in 99 cases out of 100 would in all probability prove instantly fatal. The contracting forces and the Wilmington public rejoice that the injured man escaped from instant death and apparently has every chance for recovering.

MR. T. P. JOWERS DEAD.

Aged Citizen Passed Away Yesterday Morning at East Arcadia. Mr. T. P. Jowers, of East Arcadia, died yesterday morning at 3 o'clock after a long illness. The funeral will be held this morning at 10 o'clock and the interment will be in the family burying ground at Carver's Creek. He was 61 years old and is survived by two children, Mrs. W. R. Allen, of East Arcadia, and Mr. Morgan Jowers, of Maple Hill.

He was a native of Anson county, having been born and reared near Lilesville, but had resided for many years at East Arcadia. For a long time he was in charge of a bridge construction force for the Seaboard Air Line. Later he became connected with the Atlantic Coast Lumber Co., at Georgetown, S. C., where he worked for several years. He had many friends who will be greatly grieved to learn of his death.

Mr. and Mrs. J. A. M. Norton, of this city, left yesterday afternoon to attend the funeral. Mrs. M. Norton is an aunt of Mrs. Allen, the daughter of Mr. Jowers.

Boy or Girl? Great Question!

This brings to many minds an old and tried family remedy—an external application known as "Mother's Friend." During the period of expectancy it is applied to the abdominal muscles and is designed to soothe the intricate network of nerves involved. In this manner it has such a splendid influence as to justify its use in all cases of coming motherhood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do these knowing mothers speak of the absence of morning sickness, freedom from strain on the ligaments and freedom from those many other distresses which are usually looked forward to with so much concern.

There is no question but what "Mother's Friend" has a marked tendency to relieve the mind and this of itself in addition to the physical relief has given it a very wide popularity among women. It is absolutely safe to use, renders the skin pliable, is penetrating in its nature and is composed of those emollients best suited to thoroughly lubricate the nerves, muscles, tendons and ligaments involved.

You can obtain "Mother's Friend" at almost any drug store. It is prepared only by Bradford Regulator Co., 401 Lamar Bldg., Atlanta, Ga.
