Paterson, N. J., Dec. 9, 1913: "About a year ago my face began to crack and get scaly in blotches. It soon got worse and my face was all spotted and rough, and it itched me very much at night, and caused me no end of discomfort. After a month or so, pimples and blackheads began to show, first in small numbers and then gradually covering my entire face. It was awful. The pimples were sore and the rash was itchy and my face had a most unsightly appearance. I could get no relief. Resinol Soap and Resinol Ointment caused me instant relief. By the time another jar of Resinol Ointment and cake of Resinol Soap were gone, I can truthfully say that it was a complete cure. My face had assumed its former color and looks, due to Resinol Soap and Resinol Ointment. They are, I think, the best for any skin trouble." (Signed) Robert Troyano, 269 E. 21st Street.
