

FIVE BURGLARIES IN ONE NIGHT IN RALEIGH

But Comparatively Little Loot is Secured.

Biggest Jewelry, Dry Goods, Hardware and Automobile Houses in City Robbed; Also West Raleigh Postoffice.

(Special Star Correspondence.) Raleigh, N. C., June 15.—The West Raleigh postoffice, the big jewelry establishment of H. Mahler's Sons, the Thomas H. Briggs & Sons hardware store; the Boylan-Pearce Co., dry goods store and the Raleigh Motor Car Co., Lomis Goodwin, manager, all the biggest establishments in their lines in Raleigh, were burglarized last night, but a comparatively small amount of loot secured.

The door was forced and the safe blown open at the West Raleigh postoffice and stamps and cash taken, the amount of which the postmaster, under instructions from Postoffice Inspector Chester, who is here investigating the case, declines to state.

At the jewelry store of H. Mahler's Sons the rear door was forced and the inner fire-proofing shutters sprung so that the inner fastenings could be released. The burglars went through cases, drawers and stands of silverware and jewelry, but made no attempt to force the great safe where all the more valuable stock is kept.

The Messrs. Mahler have not determined yet just what their loss is, but whatever it is is amply covered by burglary insurance.

Only the second floor of the Briggs hardware store was entered and nothing taken except a long coil of hemp rope that was used in scaling the adjacent walls to the Boylan-Pearce store, which they entered through the skylight. They got no money here and the company has no means of telling just what was taken from the stock. They do not consider their loss at all heavy.

It was the office of the Raleigh Motor Car Co. that was entered. The contents of the office were worked and about \$100 secured.

The police are doing their best to trail the burglars, but they seem to have left absolutely nothing that will serve as a clue. The robbery of the West Raleigh postoffice brings the United States government sleuths into the search, all the robberies being believed to be the result of concerted action, if not all by the same parties.

Governor Craig commissions Judge J. D. Murphy, of Asheville, as commissioner to the National Conference on Uniform State Laws, the appointment being on recommendation of other members of the commission in this and other States. Judge Murphy had heretofore been appointed by Governor Craig as a member of the National commission to promote uniform legislation in the United States with reference to the compensation laws for working men and the appointment just made is one that will involve consideration of kindred subjects.

Newton Wants Union Depot. Corporation Commissioners Lee and Pell have gone to Newton to give a hearing there involving a petition on the part of citizens for the railroad companies to provide a union passenger station. The railroads are the Southern and the Carolina & North-western. Chairman Travis is still in Norfolk attending a special session there by an examiner for the Interstate Commerce Commission involving adjustment of freight rates beyond Norfolk from Northern and Western points.

Goldboro Company Chartered. A charter was issued today for the Barnes-Sandlin Agency Co., of Goldboro, capital \$20,000 authorized and \$2,000 subscribed by W. D. Barnes, L. E. Sandlin and others for real estate and rental business.

PLANS FOR STUDENT CAMPS HAVE BEEN COMPLETED. More Than One Thousand Students Will Join in the Movement.

Washington, June 15.—Plans for the student military camps to be held at Burlington, Vt.; Ludington, Mich., and Asheville, N. C., have been completed by Capt. R. O. VanHorn, of the general staff of the army and the War Department has ordered organizations of cavalry and infantry to proceed there from July 6th to August 7th. More than 150 colleges, universities and higher academies will be represented by some 3,000 students.

A number of specially instructed officers have been detailed by the War Department to give students attending the camps a comprehensive short course in military instruction, including target practice. The National Rifle Association of America has offered special medals for excellence in target practice.

All students and graduates of colleges or high schools between the ages of 17 and 30 years are eligible for the training course. The military organizations detailed for duty at Asheville camp are Troop 1st Cavalry, Fort Myer, Va., commanded by Capt. Clarence R. Day, and the First Coast Artillery Corps band from Charleston, S. C., harbor.

JOSEPH SULLIVAN INDICTED FOR MURDER OF CANNON. Prominent Farmer in Laurens, S. C., Section Must Face Grave Charge.

Laurens, S. C., June 14.—Joseph Sullivan, a young farmer of this section, was indicted by the grand jury here today charged with the murder of John M. Cannon, a Laurens attorney and prominent South Carolinian. The killing occurred at Gray Court, House, S. C., on May 21. Cannon had engaged in the prosecution of Sullivan's brother for alleged disorderly conduct in the vicinity of the county school. While he was awaiting the verdict in this case, Sullivan is said to have approached and upbraided him for the manner in which he had conducted the prosecution. It is said that Cannon resented Sullivan's remarks and attacked him with a cane. The shooting followed, Cannon being instantly killed. It is claimed by the prosecution that two of the four bullets which caused Cannon's death struck him in the back as he was trying to escape.

NEW BABE TAKES PLACE OF HABEAS CORPUS WRIT

Arrives Just Ahead of Judge Chas. M. Cooke.

Mrs. Hand, Charged With Murder of Brother, Less Than a Month Ago, is Released from Custody. Bond \$2,500.

(Special Star Correspondence.) Burgaw, N. C., June 15.—When Judge Chas. M. Cooke, of Louisville, and Solicitor H. L. Lyon, of Whiteville, arrived here this morning, according to appointment, to take up the matter of a writ of habeas corpus, for which Mrs. Grover C. Hand, through her attorney, had applied to Judge Cooke some time ago, they found that she was the mother of a child only a few hours of age. The little one was born this morning.

Owing to the physical condition of Mrs. Hand, who is charged with the murder of her brother, George F. Jordan, less than a month ago, Judge Cooke considered a bond of \$2,500 sufficient to insure the woman's appearance at next term of Superior court, which is expected to be opened the first week in August by Judge O. H. Allen, of Kinston. He accordingly ordered Mrs. Hand released from custody upon the filing of bond in that amount.

Mrs. Hand has been held in custody of the sheriff since two weeks ago, upon order of Judge Cooke, to whom application was made for a writ of habeas corpus. The application was made in Wilmington, following the arrest of the woman upon order of the coroner and his jury. Immediately following the coroner's inquest over the remains of the deceased, the jury ordered that the woman be held in the sum of \$1,000 bond, but later decided they had no right to release her at all, and ordered the sheriff to take her in custody. This was done and the application for writ of habeas corpus then made. Judge Cooke ordered that the woman be not confined to jail but kept under surveillance at her home until the convening of court at Burgaw a week ago last Wednesday. During the four days of court, it seems that the judge had no time to investigate the case, so he announced that he would be here today to take up the matter, leaving Mrs. Hand still in custody under surveillance of a deputy sheriff at her home five miles east of here.

During the term of court week before last the grand jury returned a true bill for murder against the woman and a true bill also against her husband, Grover C. Hand, charging him with being an accessory before the fact. He was placed under bond of \$2,000.

The homicide occurred in the home of the father of the deceased, Mr. George F. Jordan, with whom Mr. and Mrs. Hand and the latter's brother, George P. Hand, resided. The killing followed a quarrel, it is alleged, during which, it is said, Mrs. Hand locked herself in her room for protection. It is claimed that her brother had threatened to kill her and that when he broke the door into her room she shot him to death. Mrs. Hand claims self defense. On the other hand, friends of the deceased declare that he was a man of unusually peaceable nature and held in the highest esteem in his community. He was of local prominence as an Odd Fellow.

The case is one of the most interesting and remarkable in the history of Pender county.

M'ADOO STANDS READY TO AID FARMING DISTRICTS. Secretary of the Treasury Will Lend Government Money If Needed.

Washington, June 15.—Secretary McAdoo again stands ready to lend a hand to Western and Southern banks in case they need money for crop purposes, it was announced today. The plan of lending government money to the banks in agricultural districts for use during crop moving season last year was so successful that it will be adopted this year if the necessity arises.

Money loaned by the Treasury Department last year was secured mostly by commercial paper and all the borrowed money had been returned to the Treasury by April 1st, together with interest amounting to \$280,000. The total amount loaned to banks was \$3,388,000, it went to 193 banks in 62 cities of 28 States.

Secretary McAdoo announced he would lend \$50,000,000, but that much was not sought. In fact, the Secretary was ready to lend as much as \$200,000,000 had the banks in the farming sections demanded it.

NO MEANS OF ESCAPE. Income Tax Dodgers Must be Smooth Ones to Get By With It.

Washington, June 15.—Treasury agents are preparing to take the trail of income tax dodgers. "A man is foolish who attempts to avoid the income tax," said Commissioner Osborn today. "He is sure to be detected sooner or later. There is no chance that tax dodgers can escape."

The time for payment of this tax does not expire until July 1st, but it is known that the Treasury Department already has the information necessary for the prosecution of many persons who made false returns. The penalty for making a fraudulent return is imprisonment for not more than one year or a fine not exceeding \$1,000 or both, with the costs of the prosecution.

WOULD EXEMPT VETERANS. Honorably Discharged from Either Army from Postoffice Age Limit.

Washington, June 15.—A bill to make all persons honorably discharged from either arm of the service exempt from the age limitation on fourth class postmasters when they possess sufficient business capacity for appointment was introduced today by Senator Hoke Smith.

THAW DENIED RELEASE.

Supreme Court Hands Down Decision. Cannot Go to Pittsburgh. Washington, June 15.—Harry K. Thaw today was denied release on bail pending consideration by the Supreme Court of his extradition from New Hampshire to New York. The court likewise declined to grant the auxiliary request for Thaw to be taken to Pittsburgh in the custody of Sheriff Draw of Coos county, N. H., in whose custody he was placed by Judge Aldrich when the latter held the State of New York was not entitled to extradite Thaw to New York. Stop Your Headache in Two Minutes. Take A-K Tablets. (advertisement.)

WOMAN COULD HARDLY STAND

Because of Terrible Backache. Relieved by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I suffered from displacement and inflammation, and had such pains in my sides, and terrible backache so that I could hardly stand. I took six bottles of Lydia E. Pinkham's Vegetable Compound, and now I can do any amount of work, sleep good, eat good, and don't have a bit of trouble. I recommend Lydia E. Pinkham's Vegetable Compound to every suffering woman."—Mrs. HARRY FISHER, 1642 Junata Street, Philadelphia, Pa.

Another Woman's Case. Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRAHAM LAWSON, 128 Lippitt St., Providence, R. I.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtues.

The homicide occurred in the home of the father of the deceased, Mr. George F. Jordan, with whom Mr. and Mrs. Hand and the latter's brother, George P. Hand, resided. The killing followed a quarrel, it is alleged, during which, it is said, Mrs. Hand locked herself in her room for protection. TO THE PUBLIC:

THE State of New York, through its Department of Insurance, has completed the examination of the Metropolitan Life Insurance Company which it is required by law to make every three years. The Chief Examiner, in concluding the report, said:

"The treatment by this Company of its policy-holders in the prompt payment of their claims, in the voluntary payment of millions of dollars in bonuses, and in its social welfare work—are features of the Company's business which deserve commendation."

The Superintendent of Insurance, the Hon. William Temple Emmet, in approving the report, wrote an extended review from which we make extracts:

THE COMPANY'S GROWTH AND MANAGEMENT.

"The administrative officers of the Company * * * have so increased the assets of the Company as to make these equal the resources of many states and even nations. They have at the same time steadily cheapened the cost of insurance to policy-holders, both by direct means and by the distribution of bonuses."

[The report shows that the Company has given back \$35,367,293 in bonuses to Industrial policy-holders in nineteen years.]

"They have extended the Company's business to such an extent as to bring it into contact now with approximately one-eighth of the population of the United States."

[The number of policies outstanding December 31, 1913, was 13,957,748.]

"That this notable growth has involved no sacrifice of efficiency in the handling of administrative details, but, on the contrary, has been the direct result of constantly increasing efficiency, is shown by the comparatively small losses sustained by the Company in proportion to the large investments made."

ITS POLICY-HOLDERS SATISFIED.

"The fact that the percentage of lapses due to the abandonment of their insurance by policy-holders is constantly decreasing, speaks eloquently to the same effect."

[The lapse ratio of Industrial policies has decreased 31.7 per cent. in eight years.]

"This last mentioned development is perhaps the most convincing evidence which could be offered that the Company's policy-holders are, broadly speaking, very well satisfied indeed with what they get in return for the premiums they pay. A very remarkable showing altogether."

ITS SOCIAL SERVICE.

"This Company waited for no changes in existing law before striking out as a pioneer among insurance companies along the pathway of social service on a huge scale."

"For years it has maintained for its policy-holders a nursing service upon a great scale; this has latterly become a veritable marvel of efficiency and practical helpfulness."

[Metropolitan nurses made 1,127,022 visits to sick policy-holders in 1913, for which the Company paid the bills.]

"Leaving out of consideration the mere numbers of those who have been directly benefited by these activities, I think that the example which the Metropolitan has set to other great business organizations by its early recognition of the new responsibilities attaching to all business enterprises which have attained a certain size, is one of the most beneficial of recent occurrences in the field of American business. For years it has through its publications upon the question of health conservation been serving multitudes of people as a sort of University of beneficial instruction upon this most important subject."

ABREAST OF MODERN THOUGHT.

"This great institution, having so very recently been under our critical scrutiny and presenting so many admirable illustrations of what an efficient and enlightened modern business organization on a large scale can do in the way of keeping abreast of modern thought, seems to be in a position where I may properly use it as an illustration that private initiative and enterprise are at their best still capable of doing the finest possible work in fields from which, latterly, all the talk has been that these agencies should be compelled to retire."
