Authorized Quarantine Pen Feature Will Mean Much-Will be Operatby J. J. Hopkins, Son & Co. Advantages.

J. J. Hopkins & Son Co., Inc., yesterday afternoon awarded to Rhodes & tracting firm, the contract for the concontinue in session through Friday quarantine pen to be located on their from the city limits, the cost of the ly \$10,000.

Work upon the plant will begin immediately, and it is to be completed within 60 days. It will be erected under the supervision of Mr. B. H. Stephens, the architect who prepared the plans When completed, the new plant will

give Wilmington one of the most modand quarantine pens in the South. In The first meeting of the institute order to operate the quarantine pen Sttaes government, as well as the State government. Agents of both departs ments visited Wilmington some time ago, and after inspection of the site gin at 9:30 o'clock with devotional ex- and plans, authorized the company to operate a quarantine pen.

By reason of this feature it will be over county from tick-infected diswork of the department of social tricts, which is prohibited under the present circumstances. These cattle will be penned and slaughtered at the

It is expected that the establishment of an authorized quarantine pen here will not only open up to Wilmington and larger territory from which to draw on for a fresh meat supply, but also be the means of encouraging cattle raising on a more extensive scale throughout the surrounding sections. The abbatorr, affording means for laughtering cattle under the most sanitary conditions, is something that the New Hanover county health deppartment has been working for several
