HEATED WORDS ECHO IN CONGRESSIONAL HALLS

Heflin Dubs Republican Leader Mann a Liar.

While Overman and the Vice President Fall Out Over Moving Pictures. Peace is at Last Restored.

Washington, Oct. 10 .- Personalities were exchanged in the House today between Representative Mann, minority leader, and Representative Heflin, of Alabama, during discussion of a woman suffrage amendment to the Philippine bill. In the heat of the debate Mr. Heflin called Mr. Mann a liar and the latter charged that the Alabama member had made a speech in the House against suffrage which was an insult to womanhood.

After much debate, which for a moment seemed to threaten a physical encounter, a portion of Representative Mann's remarks was ordered expunged from the Record by a vote of 152 to 66. The matter ordered expunged was aspeech Mr. Mann had made two years insisted the young woman should have remained at home.

Uproar followed the remarks made by the minority leader. Representative Jones, of Virginia, joining with Representative Heflin in demanding accurate recording of the statement.

"I repudiate that statement," said Mr. Heflin excitedly. "It is that of a man unworthy of a seat on this floor. The statement is without foundation and unjustified from any source."

After the remark had been expunged from the Record debate ensued on the Mann amendment which would provide suffrage for women in the Philippines, and in this a colloquoy occurred between the Illinois and Alabama members during which Representative Heflin declared:

"I pronounce the gentleman from Illinois a liar." The suffrage amendment was defeated 84 to 58.

The High School did not show up as well as times in each half, while the Tigers made consistent gains through the gained mostly on long end runs and forward passes.

Hashagen was especially good on end runs, making several for 30 yards or more. Silverman and Monroe were good on forward, passes, the former getting two, netting 60 yards while the latter got four and carried one over for a touchdown. Silverman was the High School's best asset on defense, playing a fine game at his enc. For the Tigers, Lewis at center showed up especially well, as also did LeGwin at

halfback and Loughridge at full. The High School got both of its touchdowns in the last quarter on forward passes. The summary of the quarters follows:

COTTON SEED OIL **NON-CONTRABAND**

(Continued From Page One.) permissable under international law and should be free from seizure. The Real Trouble.

"The trouble with the cotton oil situation appears to me to be one of transportation, growing out of the reported action of the Holland-American Line in declining to accept shipments. The Netherlands government disclaims any connection with this action of the steamship company, which is a private owned line.

"The department has inquired of exporters of cotton oil if they know bf any shipment of cotton oil which has been seized or detained by the British government and if so to furnish thedepartment with the circumstances.

"The British ambassador has notified" the department that his government intends to revise their proclamation recity next Monday, and will be presided specting contraband, and that meanwhile shipments to Holland in neutral vessels, of goods, such as foodstuffs, respecting which The Netherlands government have placed an embargo against re-exportation, would not be considered contraband of war or interfered with on that account?

A Close Consideration Given.

"The department keenly appreciates the cottonseed products situation and has given it extended consideration, as with the Holland concerns. That question, as may be easily seen, involves considerations other than the mere right of neutrals to deal with neutral ports. While on the subject of cotton, there is no impediment to the shipment of cotton to any country, not excepting the belligerents. Cotton is noncontraband, for the manifest reason that in its raw state it cannot be used with sincers regret of the death of Mr. for purposes of war.
