Trade and manufacturing conditions as described in Associated Press correspondence in The Star this morning, disclose the fact that great opportunities exist in England, France, Russia and other countries for American man ufacturers and exporters. It is not alone the large government contracts to a safe haven of prosperity." that are seeking for takers, but dealers are seeking in vain for supplies.

A London letter in today's Star will direct from London.

if English manufacturers and traders our cotton growers. were in a position to do business, the their enterprise. However, money might not be so scarce, as a matter of impossible owing to the war situation.

What has become of the boasted here and in Europe. commercial prowess of Americans? let a foreign war so overwhelm us with panic that we can't move a peg? It really seems so

It certainly is a peculiar situation that with the competition of possibly 300,000,000 of Europe's producers prevented by war, we are not going to invade the markets there and elsewhere. For fifty years the Republican party has tried to shut out competition at home by a tariff wall, and now that war has eliminated competition with us in all parts of the world, what is the matter with our keenness and in-

This country ought to turn loose its surplus and hoarded money, and acquire a sufficient stock of nerve to make the most of commercial opportunities while Europe is plunged into the midst of its greatest misfortune.

SOUTH CAROLINA'S BOND RELIEF MEASURE.

Rejecting all amendments except one, the South Carolina Senate on ple puts a new responsibility on the Wednesday overwhelmingly passed the voters. It means that this is more than Still achieving, still pursueing bond resolution aimed at relieving the ever a Democratic nation and that in Learn to labor and to wait.". cotton crisis in that State. The House the election on the 3rd of November But someone else said: "But we must having passed a similar measure, it the people have complete control of hustle while we wait". is inevitable, as heretofore predicted the matter of choosing the legislative ered but tolerates unlawfulness of by the Columbia State, that the General Assembly would go on record with have in electing their President and the biggest bond issue proposition over undertaken by any Southern State.

The resolution provides for a state issue of \$35,000,000 in bonds of five of 5 per cent. interest for the purpose of providing the State with funds with which to buy cotton at 10 cents per pound or make loans on cotton at a credit calue of 9 cents per pound. Under the bill the State producer can give his note to the State, together with his warehouse receipt, interest and cost charges. Under the of cotton, or for the land owner on American had invented the siege gun The Observer is told that this big which the cotton is grown, and hold-Mr. A. D. Turner, of Chadbourn, pro- ers of cotton for benefit of producera poses to aid the "buy-a-bale" move- or land owners.
