LARGE ORDERS GOING A-BEGGING IN EUROPE

American Manufacturers Display Lack of Enterprise

British, French and Russian Governments Calling Wildly for Supplies of All Kinds and no American Bidders.

London, Oct. 22.—The failure of American manufacturers to take advantage of the war situation has already caused them the loss of large orders. The other week the war department searched London for agents of American mills to supply a half million pairs of blankets to Lord Kitchener's new army. No agents were found and the orders went to British mills, which were unable to give guarantees as to when the orders would be fulfilled.

Not only the British government, but also the French and Russian are now calling wildly for supplies of all kinds, camp equipment and accoutrements. But the Americans, by what is considered here a surprising lack of enterprise, have not been on hand. It is not a question of seeking business, but of having it thrust at them.

There is likely to be a continuous demand for blankets, olive drab uniform cloth which is now manufactured for the American army, canvas, cooking utensils, army shoes and materials which the United States has never heretofore exported to England.

General trade opportunities are also offered to America, since England, Germany and France have largely supplied Spain and Italy and the lesser countries of Europe, to say nothing of the trade with Africa, the Orient and South America.

ATTENDANCE AT STATE FAIR LARGER THAN IN 1913

Cash Receipts Large First Day—Wednesday Crowd Bigger.

(Special Star Correspondence.) Raleigh, N. C., Oct. 21.—Out at the State Fair this morning the work of judging the exhibits in the many and varied departments of the great fair began and is being pushed as rapidly as possible, with blue ribbons and other evidences of awards coming more and more in evidence.

In numbers of the departments, especially agriculture, horticulture and in domestic science, including canning and cooking generally, the exhibits are by odds superior to those of any previous State fair.

The crowds today were quite large for the second day, exceeding considerably the attendance of Wednesday of last year's fair. It is notable that the cash receipts of the fair Tuesday were just \$4 more than for the same day of the fair last year. The weather conditions are developing nicely and could scarcely be improved on in any respect.

NO DANGER OF DIPHTHERIA

Report of Epidemic at Chabourn Mostly False Alarm—The Fire.

(Special Star Correspondence.) Whiteville, N. C., Oct. 21.—It is learned here on good authority that the reports issued from various sources here of the county were in relation to the diphtheria epidemic at Chabourn have been mostly false alarms, and save one or two cases of diphtheria and a like number of sore throats there is no cause for uneasiness. Superintendent of Schools F. T. Wooten stated to your correspondent last night that there was no danger of the school being closed on account of the disease, and it is under no circumstances will the County Fair be called off.

NEWSPAPER MEN REMEMBERED

All Who Attend Newbern Fair Will be Taken Care of.

(Special Star Correspondence.) Newbern, N. C., Oct. 20.—The management of the Eastern Carolina Fair have made special arrangements to take care of every newspaper man in the State who attends the fair which will be held here next week and the quill pushers will in fact be the guests of the association all during the week. A large number of complimentary tickets have been sent to the editors in all parts of the State and those who do not receive passes have only to make themselves known upon arrival in the city and their needs will be attended to. Letters received from a number of the newspaper men indicate that they will be on hand one or more days during the week and arrangements are being made to see that they have a good time while in the city.

LORIMER AGAIN INDICTED

State Courts Take Action on Embezzlement Charges.

Chicago, Oct. 22.—William Lorimer, once a United States Senator and recently President of the LaSalle Street Trust and Savings Bank, four other bank officials, and John K. Seagraves, chief clerk in the office of the State auditor, were indicted here in State court today on charges of conspiracy, embezzlement and larceny, in connection with the closing of the bank.

The other defendants were: C. B. Munday, vice-president of the bank; H. W. Eutttig, director; Thos. McDonald, cashier, and Charles G. Fox, vice-president.

The LaSalle Street Bank and Trust Company was closed by the State bank examiner James H. Loring, who had previously been indicted in the Federal court.

IN WARSAW, RUSSIA.

Is Kinston Man's Mother and he Can't Hear From Her.

Kinston, N. C., Oct. 22.—Morris Bloom, a shoemaker of 107 West Gordon street, has not heard from his aged mother, who is in Warsaw, Russia, since the war began, and is anxious about her safety. Even now the Germans in Russian Poland have penetrated almost to within sight of the ancient city's mounds. Bloom's mother, whom he has not seen for many years, wrote regularly until after the commencement of hostilities.

THE UNIVERSITY ADOPTS SYSTEM OF LARGER SCHOOLS

Major and Minor Studies for Juniors and Seniors.

(Special Star Correspondence.) Chapel Hill, N. C., Oct. 21.—At a recent meeting of the faculty it was decided that the University of North Carolina should adopt the system of major and minor studies for students in their last two years that is so rapidly gaining ground in all the large Universities of today. This change applies only to courses leading to the degree of Bachelor of Arts and will go into effect with the present Sophomore Class. This system of major and minor studies allows much more concentration along any one subject than was provided for before and will be beneficial in that it will allow students to learn much more about one particular subject instead of wasting their energy on a half score of different studies and not getting anything out of any of them.

The main changes are: to make it compulsory for the student to select some special department in which to concentrate in his Junior and Senior years after due consultation with the head of that department, and to make students select a minor course which he must also continue in his Senior year and which is also subject to the advice of the head of the department which he selects as his major course. Of his major subject he must take as much as six and not more than nine hours work each year, and of his Tuesday course he must take at least one hour each year. The rest of his course he may select for himself after consultation with the head of the department of his major study. The student must hand in his subject in time to be able to specialize by May 15 of his Sophomore year.

IS WILSON COUNTY SHERIFF CHAMPION OF THE STATE?

Let County With Better Record of Tax Collections Speak.

(Special Star Correspondence.) Wilson, N. C., Oct. 21.—Sheriff Howard M. Rowe, of Wilson county, is certainly entitled to go up head. The total tax of the county amounted to \$143,436.69 and Sheriff Rowe collected all except \$529.69 and this was declared insolvent. This record is better than 9-1-2 per cent collected and if there is a better record in North Carolina, Wilson county would like to hear of it. The Treasurer of the county, Sheriff Rowe both on his promptness in settlement and on account of the small amount of insolvents in the county.

Two colored cotton pickers of Taylors Township stand at the head of pickers. Charles Boykin picked 351 pounds in one day and his wife, Lucy Boykin was a close second with 325 pounds at the end of the day.

With the circles in town today the tobacco warehousemen are enjoying a chance to breathe. The floors are full for Thursday's sales. Fully 1,000,000 pounds are in town waiting the opening of the sale. This has been a heavy week and notwithstanding the tremendous receipts the price is steadily climbing. One of the tobacco men from a neighboring town was in town Tuesday and stated that the market was better here, the prices higher than in other Eastern Carolina towns.

FEDERAL COURT CONVENES AT NEWBERN NEXT TUESDAY

Interesting Case is That of George Henderson, of Onslow.

(Special Star Correspondence.) Newbern, N. C., Oct. 22.—The fall term of Federal court for the Newbern district will convene in this city next Tuesday morning with Judge Henry G. Connor, of Wilson, presiding. One of the most interesting cases on the docket will be that of the United States vs. George Henderson, a young white man from Onslow county, who is charged with using the mail for fraudulent purposes.

The specific charge against Henderson is that he sent out to various parts of the country worthless checks for which he received goods. In the majority of cases it is claimed that the defendant sent these checks to whiskey houses. This is not the first time that Henderson has been up before the court on this identical charge and he has even served a term in the Federal prison. The general opinion is that the young man is not of sound mind. Another case of particular interest is that in which the Norfolk Southern Railway Company will answer to a charge of blocking traffic over the inland waterway canal. This case was continued over from the last term of court.

CAMPAIGN HITS MT. OLIVE.

Democratic Speakers Heard by Citizens of Lower Wayne.

(Special Star Correspondence.) Mt. Olive, N. C., Oct. 21.—The Democratic candidates for the various county offices and the candidates for both branches of the Legislature addressed the voters here yesterday afternoon, and during one of the points along their itinerary of the county.

After short addresses by the county candidates and Hon. Fred R. Mintz, candidate for re-election to the House, Col. A. C. Davis, one of the leading members of the Goldsboro bar, spoke for M. H. Allen, also a candidate for the House, who was prevented by press of business from being present. Col. Davis' address of some 40 minutes duration, was the principal address of the occasion and was listened to with rapt attention. Col. Davis, in his usual eloquent manner, recounting with what splendid success the Democratic party had kept its pledges to the people, administering the affairs of the people in both state and nation in such a way that it had absolutely no apologies whatever to make. He closed his address here made a short explanation of the proposed amendments to the State Constitution and urged the voters to support them.

WENT TO CHARLOTTEVILLE

President Few and Prof. Brooks Attend Southern School Meeting

(Special Star Correspondence.) Durham, N. C., Oct. 22.—President William P. Few and Professor E. C. Brooks, of Trinity College, have gone to Charlottesville, Virginia, where they will attend a meeting of the Association of Southern Preparatory Schools. Professor Brooks, along with Superintendent E. D. Massey, of Durham, and Professor W. W. Walker, of Chapel Hill, State Inspector of High Schools, are members of a very important committee on school classification which makes a report at the conference at Charlottesville.

After coming by Martinsville, Va., for Mrs. Few and the children, President Few returns to Durham. Professor Brooks, being further engaged in the work of the conference will not be able to return until about the middle of next week.

GARY DINNERS A CROWN TO THE STEEL INDUSTRY

Counsel for Steel Corporation Argues.

Lawyer in Defense Declares That Conference Saved the Industry in Panic of 1907—Did Not Fool President Roosevelt.

Philadelphia, Oct. 22.—"The Gary dinners, to which 90 per cent of the iron and steel manufacturers of the country came to discuss the situation in the dark days of the panic of 1907, are a laurel and a crown in the history of the industry," said Richard V. Lindabury in his argument for the defense today in the Federal suit to dissolve the United States Steel Corporation.

Mr. Lindabury said that during the panic the iron and steel industry was becoming demoralized and E. H. Gary called together the manufacturers to exchange views and to prevent wide and sudden fluctuations in prices that would bring ruin to every one in the business. As a result of these gatherings, he said, the trade for the first time in the history of panics, came through without a single failure. No prices were fixed at these dinners, as alleged by the government, nor was territory allotted or outputs limited, said counsel.

Mr. Lindabury concluded his argument late today after speaking ten hours. He denied the earnings of the corporation were excessive. The concern always was for a company, he said, never coerced dealers, did not solicit or receive rebates and did not countenance participation with independent manufacturers in pools of sales.

The famous Tennessee Coal & Iron Company sale was touched upon by counsel, who denied that they had acquired that property for any other purpose than to assist in preventing the spread of the 1907 panic. He denied the charge that directors of the steel corporation had deceived President Roosevelt as to the amount of Tennessee stock held by the New York banking firm, which was said to be in trouble during the panic and whose Tennessee stock finally was purchased by the steel interests. Arguments will be resumed tomorrow.

INCREASE IS DENIED BY COMMERCE COMMISSION.

Roads Wanted Increase on Knitting Mill Products from Raleigh West.

Washington, Oct. 22.—A proposed increase in freight rates on knitting factory products from Raleigh, N. C., to 100 points in North Carolina, in what is known as Raleigh territory, to Texarkana and nearby points, averaging about 30 cents a hundred pounds, today was denied by the Interstate Commerce Commission.

"Without doubt," says the commission, "there must be some readjustment of rates to Texarkana and Shreveport from points in southeastern territory," and "while we shall require the proposed rates here involved to be cancelled, we do not deem it proper also to enter an order at this time for future maintenance of the present rates from Raleigh territory points. The railroads are expected to so readjust their knitting factory product rates on a higher basis as to meet the conclusions of the commission.

IS RAW SUGAR BEING HELD FOR HIGHER PRICES?

Secretary Redfield Begins Investigation in Response to Resolution.

Washington, Oct. 22.—Secretary Redfield, in response to a Senate resolution, today began investigation of reports that immense quantities of raw sugar are being held in storage in New York and Philadelphia "in the expectation that Great Britain and France soon will be strong competitors for Cuban sugar and that the price of raw sugar will reach such a figure that the refined product in January and February may go to 15 cents a pound."

The resolution, submitted by Senator Thomas, maintained that such reported holding constituted a violation of the law.

SEABOARD DEFERS ACTION ON QUARTERLY DIVIDEND.

Directors in Session at Baltimore Take Action—Blame European War.

Baltimore, Oct. 22.—Directors of the Seaboard Air Line Railway at their meeting here today decided to defer action on the quarterly dividend on the preferred stock of the company.

Davis Warfield, chairman of the board, said this action was determined upon in view of the business conditions due to the European war, thus conserving the cash resources of the company.

CONGRATULATIONS FOR WILSON

North Carolina Mountaineer Father of 25 Children and a Democrat

Washington, Oct. 22.—President Wilson today congratulated J. E. Duckworth, a North Carolina mountaineer, on his record as the father of 25 children and for having been a Democrat for 65 years. Mr. Duckworth, who had never seen a President before, was introduced to Mr. Wilson by Senator Overman.
