PRES. BAKER TAKES SLAM AT "RED" DOOIN

Claims Cincinnati Offered Him \$6,000 Job

Club Leader Issues Signed Statement in Which He Berates Charlie for "Going Backward Instead of Forward."

Following up the story carried in yesterday's Star, the following is from the Philadelphia North American, bearing on the gossip regarding Charlie Dooin's alleged willingness to testify for the Federalists in their anti-trust case against organized baseball:

The war is on between President Baker and Charles Dooin. The Phillies' president issued a statement yesterday, in which he claims that he has done all that he intends for the former local manager.

"Baker's statement was not solicited, but was sent out. It is a reply to Charles Dooin's interview on Monday. Baker has returned to Brooklyn.

"Baker's signed statement, which came from the headquarters of the Phillies yesterday, follows:

"If Dooin is quoted correctly in the papers, he is losing his friends so fast by his talk that he won't have a sympathizer left but himself. By his actions in New York during the annual meeting he drove away the friendship of nearly all of the club owners who were willing to help him, but by my personal efforts I persuaded Cincinnati to take his matter up, and I offered him last week, during my stay in Philadelphia, a contract with the Cincinnati club for two years, at \$6,000 per year, which he refused.

"Manager Herzog came to New York last Friday and saw me about Dooin, and asked permission to see him himself. He saw Dooin Sunday night and they met me at the Philadelphia club's office on Monday, and stated that Dooin had refused his offer again.

"I think if Dooin testifies for the Federal League he will make one of the best witnesses that organized baseball could have, as he will show up by his own statements that, having been in baseball for a long term of years, and going back instead of forward in his work, he has found a club in organized ball which is willing to pay him \$6,000 per year for two years for catching. I have done all that could reasonably be done.

"Dooin stated to Herzog that he wanted the matter to stand until the league meeting, in New York, in February. I was so disgusted with his actions yesterday that I did not bother to call him up. The Philadelphia club will offer him a contract in due time for his services as catcher for 1915.

"WILLIAM F. BAKER," "President of Phillies."

CHARLIE DOOIN TIES UP HIS SORE DIGIT

After Big Cry Is Willing to Accept \$6,000 Berth With Cincinnati.

Philadelphia, Jan. 14.—Charles S. Dooin, former manager of the Philadelphia Nationals, announced tonight he had accepted the offer of Manager Herzog, of Cincinnati, and that he was ready to sign a contract with that club at any time.

Herzog said over the telephone from his home in Maryland that his offer of a two-year contract at \$6,000 a year still stood.

Earlier in the night President Baker, of the Phillies, had announced that he would accede to Dooin's request and ask for waivers on the former manager.

THEATRICAL

The final offering of the Bijou Stock Company, will be "Golden Heart," a Western comedy drama, entirely different from anything yet offered. The scenes are laid out in Arizona in the days of lawlessness, when the six-shooter was the judge of all differences and used to settle all arguments. While the play is strictly Western it is not melo-dramatic and a very pretty love story runs through the action of the play. These kind of plays are enjoyed occasionally by all and you will miss an enjoyable evening if you fail to attend. Ladies free Friday night under the usual conditions. Our weekly children's and ladies' matinee Saturday at 3 o'clock. Prices 10 and 20 cents.

"Zudora" at New Grand Today.

The second episode in the great Harold McGrath sensational film story, "Zudora," will be offered by the New Grand today. That announcement would be enough to pack the handsome theatre, so strong a hold has this wonderful film serial taken on the hearts of children and the people of Wilmington. The inauguration of "Zudora" last Friday was witnessed by record-breaking audiences and every one left singing the praises of the costly, stupendous film. Today's episode is "The Mystery of the Sleeping House," and it is most fascinating, as well as thrilling. In this gripping adventure "Zudora" (role played by clever Marguerite Snow) has to solve a mystery whereby every one in a certain house is forced into slumber every night. It is a chapter of thrilling Hindu magic and customs. It

is a great episode, and, as all "Zudora" episodes, is complete in itself, though "Zudora" does not get what her heart desires until she has solved 20 mysteries.

But this is not all to today's great show. There are other big film features, thus affording a superb double show for the one admission—5 cents, any and all the time. "Saved by the Watch," Selig's freshest blood-tingler, is also one of today's features and it is something most spectacular. It is a Western story. Then will come a great laugh-provoker, a big novelty in Edison's "A Matter of High Explosives."

Souvenir Day—Bijou.

Today is the day that the popular photoplay is destined to grow even more in the favor of Wilmington amusement lovers than heretofore, for it marks the inauguration of their Friday "Souvenir Day" by which is meant that they have contracted for 2,000 copies weekly of "The Photo-Play Weekly," the new Wilmington publication devoted to doings of the movies, which will be issued every week, the first issue coming out tomorrow, dated Saturday. The copies will only be given to adults, as it will be a high-class publication, and will not appeal to children.

They will also bring another record breaking show, headed by that great two-reel Eclair drama, "Within an Inch of His Life," featuring popular Edna Payne in the leading role. It is a Western drama, replete with beautiful Western scenery and chock full of thrilling action, pistol fights, lynchings and snake play. A Mexican snake charmer is introduced into the play, and with his score of snakes prevents the lynching of "Foamy" White.

A notable Mutual dramatic offering is "The Chasm," contrasting a woman's spirit of mercy with a man's sense of justice, and features Marguerite Lovridge, James Durkin and Joe Phillips.

A big Sterling comedy, "Love and Water" features those comedy stars, Dot Gould and Lloyd Ingraham, and is followed by still another comedy feature, "An Incompetent Hero," a rousing Keystone production.

TWO YACHTS AT SOUTHPORT.

Probably Last of the Season—Fish Reported Scarce.

Southport, N. C., Jan. 14.—What is probably the end of the yachts going to Southern waters for the winter were two here this week. Usually, December sees the last of the yachts southward bound.

Local fishermen are now looking towards the shad run. The protracted period of stormy weather has driven the fish away, so that there has been but little fishing, deep sea, for many weeks. Fishermen from here have tried as far out as the lightship, and along shore to the South Carolina line, with no returns. The local market has been supplied from fish caught up the nearby creeks and rivers.

BURNED TO DEATH IN BARN.

Aged Demented Man of Gold Hill Loses Life in Fire.

Salisbury, N. C., Jan. 14.—Milan Holshauer, an aged man living in the Gold Hill section, was burned to death early today when his barn and granary were destroyed by fire. The origin of the fire is not known. Holshauer, who is said to have been demented, had formed a habit of sleeping in his barn. His presence from the home was not noticed by his daughter, with whom he lived, until the fire was discovered. Several horses and cows were burned.

The world has known what Cottolene is for over a quarter of a century

Cottolene established a class of its own over a generation ago. Cottolene was in the front rank of the great movement for bettering household service and for improving food products.

Cottolene has always held its place. There is nothing to which it may be compared.

There are no secrets in the production of Cottolene. Its manufacture and its constituents are as well known as the simplest things done in every kitchen.

Cottolene

Cottolene is an exact combination of the two finest cooking fats nature produces.

The cotton seed oil in Cottolene is pressed from selected seed—it is a grade so choice that it is not listed on the market. It is purer, sweeter and better in food value than most salad oils. The beef stearine is the product of the finest, finest leaf beef suet known.

It is the exact combination of these two fats which gave Cottolene its high place over a quarter of a century ago, and which has held this place for it.

Cottolene is economical, but better than that it actually improves the quality and flavor of all foods cooked with it—whether it is used for shortening, frying or cake making.

Your grocer has Cottolene now
