## THINKS HENRY MILLER WILL SUCCEED ANDREWS

### And That Office Will Be Transferred to Atlanta

Opinion of High Official of the Southern Railway in Statement in Washington—Part of Force May Stay in Raleigh.

(Special Star Telegram.)  
Washington, D. C., April 27.—A high official of the Southern Railway stated today that it was his belief that Henry W. Miller will succeed Col. A. B. Andrews, as vice president of the Southern Railway, and that practically all of the Raleigh office force will be transferred to Atlanta.

Deso Mackey and Chief Clerk Smith may be left in Raleigh, but it is practically certain that most of the other employees connected with the office of first vice president at Raleigh will be sent to Atlanta.

The official making this statement stated that, in view of the fact that he was not authorized to speak for the company, he desired that his name be omitted from any publicity given to the proposed change.

President Harrison, it is said, has about decided upon the above mentioned changes. For a number of years Mr. Miller, as assistant to the president, has been handling a good part of the work formerly taken care of by Colonel Andrews. In keeping with the policy of the road to promote old employees who have proven themselves capable, it is believed Mr. Miller will succeed the man who put him in the railroad business, and who to a marked degree has helped him to make a success as a railroad official.

Representative and Mrs. R. N. Page will leave here tomorrow for Bisco. They will travel by automobile.

## COLLECTOR BAILEY CALLS ON PEOPLE FOR CO-OPERATION

### In Suppression of the Illicit Manufacture of Liquors.

Raleigh, N. C., April 27.—Mr. J. W. Bailey, internal revenue collector for the Eastern district of North Carolina, has just issued to the press of the district a statement in which he expresses desire for the co-operation of the people in suppressing the illicit manufacture of intoxicating liquors. The statement follows:

"I desire the co-operation of the people of North Carolina in suppressing the illicit manufacture of intoxicating liquors in my district. I believe that we can entirely suppress blockading if individuals throughout the district will co-operate with my deputies and myself.

The following is a list of my deputies and their postoffice addresses: W. A. Smith, Red Springs; C. F. Tankersley, Henderson; C. H. Jenkins, Elizabeth City; I. M. Tull, Kinston; J. F. Lacey, Norfolk; J. R. Kennedy, Wilmington; E. G. Richardson, Raleigh; John Morrison, Rockingham; Edward James, Robersonville.

"You may send information to them directly to me.

"I wish the public to be assured that I will hold any information as confidential and that I will appreciate any information tending to show that my deputies are not exercising proper diligence in this undertaking.

"I wish also to point out to the public that the suppression of illicit distilling is the duty of the local sheriffs as well as of the collector and his deputies. My judgment is that we have reached a point where with proper co-operation between the people, the county officers and the collector's office the manufacture of liquor can be entirely eradicated in the five counties in this district, extending from Guilford to the coast. It is my earnest desire to achieve this end.

Respectfully,  
"J. W. BAILEY,  
"Raleigh, N. C., April 26, 1915."

## BISHOP DARST IS GIVEN A CHURCH FOR HIS VERY OWN

Christ church, East Kinston, Presented by Rev. J. H. Griffith.

(Special Star Correspondence.)  
Kinston, N. C., April 27.—Because, in a way, he has no church distinctly his own, Rev. John H. Griffith, rector of St. Mary's Episcopal parish, here, has presented Christ church, East Kinston, to the Rev. Thomas C. Darst, bishop of East Carolina, for his "truly, truly own." Bishop Darst has accepted and promised if he can to attend the church twice a year. Christ church congregation of a remarkable institution, the church is comprised in the main by well workers and their families. There is rarely ever a vacant old people and children, many of them in arms, flock at every opportunity.

Because they preferred immersion, Rev. Mr. Griffith baptized a dozen members of this church in Neuse river, after which they were confirmed by Bishop Darst. The youngster who went to St. Mary's to get a glimpse of the Old Standard general strengthening tonic, GROVE'S TASTELESS TONIC, drives out malaria, enriches the blood, and builds up the system. A true Tonic. For adults and children.

new bishop before he was presented to the remainder of the congregation in East Kinston, was among those to be taken before the dignitary after the service. He was barefooted, coatless and collarless. The rector of St. Mary's gaiters and all. He, by the way, as Mr. Griffith explained, is going to read and write, though his education has been delayed a considerable time. The bishop was democratic in his greeting to an extent that delighted those around. Bishop Darst is spending the week here.

## RUARK AND PHILLIPS NAMED.

As Candidates for Mayor of Southport. Independent Ticket Promised. (Special Star Correspondence.)  
Southport, N. C., April 27.—The primary for the nomination of a candidate for mayor, to be voted for at the regular municipal election on May 4th, next Tuesday, was held at the court house last night.

The interest in this nomination was shown by the large number of voters that, about three-fourths of the registered vote, there being faces seen casting ballots who have not been seen in years.

With all the crowd, there was no element of excitement, being all over in 20 minutes, the two candidates being nominated, as expected, and the anti naming Rev. C. N. Phillips, the vote resulting: Ruark 102; Phillips 56. No-tices was again given that there would be another ticket run against the nominees named by the primaries, on election day.

The Southport Fish, Scrap & Oil Company has installed an electric plant, and is ready for the fat-racks to come along. The company's boats made a hunt yesterday, but reported that while there are fish to be seen, yet not in sufficient numbers to set for. The weather is favorable and any day is likely to find the menhaden in numbers.

Williams was captured at 4 o'clock this afternoon and lodged in jail. No details can be obtained at this hour.

## LUMBERTON ELECTION QUIET.

### A. E. White Renominated for Mayor, Defeating W. A. McPhaul. (Special Star Telegram.)

Lumberton, N. C., April 27.—The town primary held here today passed off quietly with the largest vote ever polled. A. E. White, present incumbent, was renominated for mayor, defeating W. A. McPhaul. H. H. Red-fearn was nominated to succeed himself by 175 majority over four opponents. A. S. King, K. M. Barnes and W. S. Wishart were nominated for commissioners with seven in the race.

## REMARKABLE RECORD.

### Flesh-Forming Food That Succeeds Nearly Every Time.

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, yet in Wilmington as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated, and fails to make good blood and firm flesh.

Samose, the wonderful flesh-forming food, taken before or after meals, mingles with the food, so that it is assimilated by the system and makes rich blood and pleasing plumpness.

Anyone who is thin, weak, scrawny and emaciated can put 50c. on deposit with J. Hicks Bunting Drug Co. and take home a box of Samose. If the treatment does not give a noticeable increase in good, firm flesh and restore strength and health, they will return the money without any questions.

## TOBACCO ACREAGE REDUCED.

### Fact is Evident in Mount Olive Section Now.

(Special Star Correspondence.)  
Mt. Olive, N. C., April 27.—As the season for transplanting tobacco approaches, it becomes more and more evident that the acreage in this section will be a great deal smaller than it was thought earlier in the year it would be. There seems to be at least two reasons for this. One is that the farmers took at its face value the word sent out several months ago by leading tobacco dealers throughout the country that, if another large crop was raised again this year, the farmers might expect low prices. The other cause operating to reduce the acreage is scarcity of plants. Quite a number of farmers, it is said, have been forced to abandon the idea of raising tobacco this year because they had failed to succeed in getting up the necessary amount of plants, due to the late cold spring and, perhaps, other causes.

## T. R. LAMM ESTATE GROWS.

### Now Estimated at Least \$300,000—Half That a Surprise.

(Special Star Correspondence.)  
Wilson, N. C., April 27.—The estate of the late T. R. Lamm, grows steadily as the administrators get at their work. Two months ago it was estimated at \$200,000 and this figure was astonishing to the friends and acquaintances of the family—now the value of the estate is placed at \$300,000 and with a possibility of a further advance. The Bloomery Mill property belonging to the estate sold at public auction yesterday for \$13,300.

## Is Alcohol Threatening Your Home?

In the home threatened by alcohol it sometimes seems as if life held neither hope nor happiness. There is always the dread of the next time—fear for the future, fear for the children growing up in the shadow of disgrace, fear for the welfare of the little home that has been so hard to make.

But in homes like this, where ruin seems impending, it is not too late. The drink "habit" is a disease pure and simple—a disease that yields to just one known medical treatment—that of Dr. Leslie E. Keeley. Four weeks of the Keeley Treatment given at Greensboro, N. C., will cure any man of his taste for the bottle and make him the man he was before the appetite for strong drink fastened itself upon him.

The Keeley Treatment as given at Greensboro, N. C., is a treatment that puts new hope, new vigor, new inspiration into the hearts and minds of even the most discouraged, drink-crazed mortal. And it works these wonderful results without any confinement, or suffering, or humiliation on the part of the patient—indeed, among pleasant surroundings, home cooling, home comforts, and an atmosphere of comradeship.

Thousands of men and women have come to Greensboro almost without hope and have gone away happy. One grateful man writes:

"I went to the Keeley Institute three years ago a slave to whiskey and cigarettes. I was a physical wreck and almost lost morally. I did not know what a good night's rest was. Now I am a picture of health, my nerves are steady and I sleep like a child. And greater still—my home is once more a happy place."
