Temperature Six Degrees Lower Yesterday Than Same Day Last Year. Cooler Than Asheville.

While the rest of the country was sweltering yesterday in the grip of a heat wave that broke all records, the maximum in Wilmington was only 83 degrees, or six and a half degrees cooler than on the same day last year. There are many people in this section who will immediately conclude that this is a newspaper yarn, but Observer Felger of the local weather bureau, has the official record to prove its truthfulness.

It was even cooler than in Asheville, which proudly boasts of being the coolest place in North Carolina in the summer, where the thermometer reached a maximum of 86 degrees. Charlotte reported a maximum of 88, and in Raleigh it was 90. Greensboro and Lumberton weren't heard from, but as they are usually the warmest places in the State, it is safe to say that Wilmington was the coolest place in the Eastern section of the United States yesterday, weather reports last night showed that Richmond was 86 degrees; Washington 95; Hartford, Conn.; Albany, N. Y. and New York City, 90, and even at Wytheville, Va., it was 88. Philadelphia reported 92 degrees, and Atlantic City 84.

**LOCAL DOTS.**  
—Elijah Herring, colored, was arrested yesterday by Plainclothesman D. W. Coleman on a charge of assault with a deadly weapon. He was locked up at the police station.  
—Suit was started in Superior Court yesterday by the American National Bank against L. Clayton Grant and Henderson Cole, receivers for the Waverly Furniture Company. Herbert McClammy, Esq., represents the plaintiff.

**Would YOU be a FAMOUS BEAUTY also? You can if you wish.**  
Nimon Del Enclos, one of the most beautiful women in the world, a century or more ago, had a most remarkable beauty, soft, delicate complexion, that of an infant, up to the day of her death, and she lived beyond NINETY.  
This famous beauty's exquisite complexion was, no doubt, due to a great extent to the Toilet Lotion she was accustomed to use, made out of Rose Water Benzoin and other ingredients good for the complexion.  
We have scientifically combined these ingredients under the trade name of "Nimon Toilet Cream" at 25c and 50c per bottle.  
A trial will make you use it to the exclusion of all other toilet creams. "LOCUST BUD" Sachet Powder. The sweetest, daintiest, most elusive Sachet on the market.
