

GREAT INCREASE IN FOOD EXPORTS

\$281,000,000 More Than Normal in Last 11 Months.

WHEAT BIGGEST ITEM

Quantity and Value of That Sent to Foreign Countries More Than Doubled Exports of Last Year—Report.

Washington, July 2.—The share of the United States in feeding the world, a task vastly increased by the European war, was disclosed today in statistics of the Department of Commerce.

The effect of the war is seen in the enormous increase in the value of foodstuffs exports compared with the figures for the same 11 months a year ago when the total was \$43,000,000.

Wheat formed the biggest item in foodstuffs sent abroad. In all 249,576,000 bushels were exported, an increase of 164,000,000 bushels.

Almost 385,000,000 pounds of bacon were shipped, an increase of 122,000,000 pounds. It was valued at \$41,292,000, or an increase of \$17,028,000.

Fresh beef exports were 121,487,000 pounds, an increase of almost 116,000,000 pounds; canned beef, 65,359,000 pounds, an increase of 61,000,000; pickled beef 28,622,000, an increase of 7,000,000.

Beef exports greatly increased. Value of beef exported was: Fresh beef, \$15,863,000, an increase of \$14,622,000; canned beef \$10,768,000, an increase of \$10,284,000, and pickled beef \$3,004,000, an increase of \$883,000.

Exports of cotton seed oil, extensively used as a foodstuff, amounted to \$19,903,000, an increase of \$6,644,000.

Cotton exports were 8,103,097 bales, or 766,394 bales less than the previous year, but their value, \$360,370,000, showed a decrease of \$231,355,000.

A statement on the meat and dairy products trade issued today by the department of commerce said:

Imports of meat and dairy products into the United States in the ten months preceding May 1 last were three times the value of those for a like period two years ago and seven times those of the entire fiscal year 1905, aggregating \$38,000,000.

"Our imports of meat are mainly supplied by Argentina.

"The United States still exports far more meats than it imports. In 1914, though there have been record-breaking arrivals in the last two years exports have been even larger. Returns for ten months indicate that the value of meat and dairy products exported this year will once more attain the \$200,000,000 level that marked the decade prior to 1909.

"A study of the official figures shows that while the imports of certain meats, chiefly of beef and mutton in the primary stages of preparation, the exports have included considerable quantities of bacon, hams, lard, canned and preserved meats and other meat products in a more or less advanced state."

A PROSPEROUS FARMER

Mr. F. A. Cason, of Parkersburg, Has Fine Corn and Cotton

A representative of The Star had the pleasure yesterday of viewing a fine field of 75 acres of cotton on the farm of Mr. F. A. Cason, of Parkersburg. It was as fine as he has seen in his extensive travels over the Eastern section of the State.

Mr. Cason also believes in raising corn and has a field of 75 acres that will compare favorably with that to be found anywhere in this section. Mr. Cason is not only a progressive merchant but is also one of Sampson's leading farmers.

The Star man also had the pleasure of seeing a fine O. L. C. sow and litter of pigs which Mr. H. E. Peterson, a prosperous farmer of Burgaw, sold this week to a gentleman at Clinton.

DEPARTMENT OF COMMERCE ENDS ITS INVESTIGATION.

Finds Cleveland Manufacturing Is Not Engaged in Making Bombs.

Washington, July 2.—Investigation by the Department of Commerce of a Cleveland, O., manufacturing company's advertisement of a machine for making acid bombs ended today and Acting Secretary Sweet announced that no further action was contemplated.

Assistant Solicitor Edward T. Quigley, who conducted the inquiry to determine whether there had been violation of neutrality or of the laws of humanity, returned to Washington today and submitted an informal report. He found, according to Sweet, that the Cleveland company manufactures no bombs or shells, but turns out machines for drilling metals. It was explained that similar advertisement would not be published hereafter.

FLAG OFFICERS TO CONFER.

Will Plan Summer Activities of the Atlantic Fleet.

Washington, July 2.—Flag officers of the Atlantic fleet and probably Navy Department officials, including Rear Admiral Benson, chief of operations, will gather at Newport for a conference regarding summer activities when the fleet assembles off Rhode Island next week. The itinerary of the ships will be announced tomorrow.

Plans for the summer, Admiral Benson said today, contemplated maneuvering by divisions with occasional mobilization of the entire fleet. The destroyers will participate, but the submarine flotilla will devote the summer to overhaul and repair work.

Ships will be sent to various Atlantic coast ports to participate in Fourth of July celebrations.

RECORDS IN ABERNETHY MATTER ARE EXPUNGED

All Except That Charging Solicitor With Contempt.

Judge George W. Connor Reviews Case at Newbern and Takes Action Which Satisfies Solicitor as Complete Vindication

(Special Star Telegram) Newbern, N. C., July 2.—The final act in the famous Judge Frank Carter-Solicitor Chas. L. Abernethy contempt case took place today when Judge George W. Connor, before whom Solicitor Abernethy made an appeal to have stricken from the records of Craven court the various records made thereon by Judge Frank Carter and which were detrimental to his official and personal character, rendered his decision.

This decision covers more than a dozen typewritten pages and the jurist goes fully into the details and makes each one plain. In the whole it orders that all the records placed on the records of Craven Superior court, with the exception of that in which Judge Carter holds that Solicitor Abernethy was acting in contempt of the court by refusing to sit down when told to do so, should be stricken off and the clerk of the court was ordered to do this.

In the handing down of this decision, Solicitor Abernethy is completely vindicated, his friends claim. Every record made by Judge Carter with the exception of one (and the legislative investigating committee held that Solicitor Abernethy had enough provocation to make him act in contempt of the court) has been ordered wiped off before the undersigned judge finds the following facts:

"That at the time the said papers were filed and ordered entered upon the minute docket of this court, no matter was pending in this court or before the presiding judge at said term to which the said papers or either of them had any relation which they or either of them were in any way connected.

"That said paper contained reflections upon the personal and official conduct of Charles L. Abernethy, the solicitor of this district, made by the presiding judge without any lawful authority and not in the exercise of any jurisdiction conferred upon him by law.

"That said papers were filed and entered upon the record of this court over the protest of the said Charles L. Abernethy, are prejudicial to his rights as a citizen and as a public officer and are not now and never have been any proper part of the records of the court.

"Upon the foregoing findings and conclusions, the undersigned judge holding the courts of the Fifth judicial district and presiding at the June term, 1915, of the Superior court of Craven county, orders:

"That the clerk of the court will withdraw from the records of this court the following papers:

"A. That certain paper entitled, 'Statement of Judge Presiding,' which he directs to be entered upon the minutes of the court, signed 'Frank Carter, presiding.'

"B.—That certain paper being a reply to the foregoing statement addressed to Hon. Frank Carter presiding, and signed, 'Charles L. Abernethy, solicitor.'

"C.—That certain paper entitled 'State vs James Baughman, memorandum signed, 'Frank Carter, presiding.'

"D.—That certain paper being a protest addressed to Hon. Frank Carter, Judge presiding, and signed by Charles L. Abernethy dated February 13, 1915.

"E.—That certain paper entitled 'State vs James H. Baughman, supplemental memorandum and order, signed by Frank Carter, Judge presiding.'

"That the clerk of this court will file each and all of said papers together with the motion of Charles L. Abernethy and the affidavits filed with said motion and his order in an envelope and hold the same subject to the application of any person interested to the court for further order with respect to the disposition of said papers.

"That the clerk of this court will draw across the entries hereinafter mentioned on the minute docket line words on the margin of the pages on words on the margin of the pages on which said entries have been made, to wit, 'Canceled and expurgated by order Judge regular holding courts of Fifth Judicial district, spring term, 1915, made at June term, 1915.'

CAPE HAITIEN QUIET

Haitian Government Is in Control of Situation, Is Report.

Washington, June 2.—Quiet prevails at Cape Haitien and the Haitian government is in undisputed control, said a cablegram to the Navy Department today from Rear Admiral Caperton, the receiver sent to the island with the Washington to protect foreign interests.

The admiral reported that marines landed by the French cruiser Des Cartes when foreigners were threatened two weeks ago as a result of the revolution had re-embarked and he had not thought it necessary to land a force to replace them.

President Sam's government, said today's report, controls all towns in the vicinity of Cape Haitien and apparently the revolutionists have received a severe check.

The Haitian situation has been discussed by President Wilson with Secretary Lansing since the latest revolution became serious and a change in the American policy toward the republic has been considered.

BOMB EXPLODED IN NATIONAL CAPITOL

(Continued From Page One.)

An immense plate glass mirror had been demolished and that part of the ceiling and walls were torn down. Persons who reached the capitol soon after the explosion occurred said they noticed the odor of burned powder which persisted for some time.

Elliott Woods, superintendent of the capitol building, Sergeant At-Arms Higgins of the Senate, and the head of the capitol police, who directed the inquiry, refused to give any theory of the cause of the explosion until the investigation was completed.

CALOMEL WHEN BILIOUS? NO! STOP! MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tonic" Is Harmless To Clean Your Sluggish Liver and Bowels.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work. Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with sour bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your eyes are heavy, headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tonic tonight on my guarantee.

CONDITIONS IN MEXICO CITY NOT SO SERIOUS

First Reports of Starvation Were Exaggerated.

Persons Arriving in Vera Cruz from the Capital Tell of Little Looting of Grocery Stores—State Department Statement

Washington, July 2.—The situation in Mexico City has been painted worse than it is and the city does not face actual starvation, according to reports reaching the State Department today from refugees at Vera Cruz who left the capital Tuesday.

According to these advices looting has been confined largely to small grocery stores.

The Department issued the following summary of the dispatches: "The State Department is in receipt of a telegram dated July 1, from Vera Cruz stating that several persons who left Mexico City Tuesday en route to the United States bring reassuring reports as to the situation there. They report that while there has been some looting, it has been confined mostly to small grocery stores by crowds of women. They state that the condition of the poorer class has not reached the point of actual starvation.

"It is reported in Vera Cruz that 1,500 Villistas have left Mexico City and gone north."

SAYS BECKER HAD NO PART IN MURDER

(Continued From Page One.)

appeals, who wrote the prevailing opinion denying Becker a new trial, and explain to him the facts relating to Webber, and also the statement from Martin T. Manton, counsel for Becker, that W. Bourke Cockran, his law partner, is going to make an appeal to the United States Supreme Court, in Becker's behalf, basing it upon the fact that Becker was not convicted by due process of law.

Based on Newspaper Articles. Manton, in making the announcement that W. Bourke Cockran plans to appeal to the United States Supreme Court, said the appeal would be based on newspaper articles, published prior to the trial to the refusal of the application for a change of venue from a hearing and the extraordinary position of Governor Whitman at the present time, since he was instrumental in convicting Becker, and is now the only one in that position.

Becker, Manton said, was unable to exercise his constitutional right to have his case finally passed on by an impartial reviewer.

Manton declined to discuss a report that Becker was prepared to reveal a story that six other men shared in whatever funds he was reported to have collected while a police officer. He made it plain, however, that Becker's reason for doing so was not so much to save himself as to prevent others from falling into a situation similar to that which he now faces.

Whitman Refused to Comment. Albany, N. Y., July 2.—Governor Whitman declined to comment on the assertion of Sam Schepps that he knew "the secret in the Becker case," other than to say he would consider any evidence placed before him properly.

WEBBER MAKES DENIAL

Passaic, N. J., July 2.—Bridgie Webber, at his home here tonight, denied that he had given H. T. Marshall, his former attorney, any information regarding Charles Becker.

"I told my whole story at the two trials," said Webber, "and I am through with the whole thing."

CHICAGO BRICK PLANTS AND LUMBER YARDS CLOSED

No Deliveries of Material Until Carpenters' Strike Is Settled.

Chicago, July 2.—Forty-three of Chicago's largest lumber yards and sixty-five brick making plants were closed for business today, throwing several thousand men out of employment. The establishments announced they would not make deliveries of any building materials until the strike of 16,000 carpenters is settled.

The eleventh hour decision of the allied building construction and material interests to continue manufacturing operations but not selling, placed a more optimistic aspect on the lockout against the carpenters and other striking building trades workmen.

No building material, however, will be permitted to reach any building, contractor or manufacturer in Chicago, it was declared, until industrial peace is restored.

Fall River, Mass., July 2.—The directors of the Barnaby Mills, manufacturing gingham fabrics, have decided to suspend operations indefinitely, it was announced today. About 1,000 employees will be affected. The directors say there is no market for the goods on hand.

Special Saturday trip, 2:30 P. M. to Carolina Beach and return, 10 cents.—Advertisement.

Here's my guarantee—Go to any drug store and get a 50 cent bottle of Dodson's Liver Tonic. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous I want you to go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it is real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dodson's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dodson's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless; doesn't gripe and they like its pleasant taste.

Do you want to buy or sell anything? No matter what it is—a house, a dog, a piano, what not—use our classified ad. department.

The logic—and the reality—is this: You find the seller who wants to sell and the buyer who wants to buy.
