

NEWS OF A DAY FROM THE STATE'S CAPITAL

Requisition Issued for Man Wanted in Moore County

Greensboro Gets Busy to Improve Sanitary Conditions—Nortfolk Southern Pays \$15,000 Damages—Tribute to Andrews.

(Special Star Correspondence.)
 Raleigh, N. C., Aug. 11.—A requisition was issued today from the office of Governor Craig on the governor of Alabama for Paul Clark, who is wanted in Moore county for the embezzlement of funds as administrator of the estate of the late Mary Shaw Clark is at Mobile Ala., and the requisition is on application of Solicitor W. E. Brock, who writes the Governor that he has evidence that the ends of justice require that Clark be brought back to this State to answer the charges against him.

Adjutant General Laurence W. Young, who returned last evening from Camp Glenn, Morehead, where he attended the encampment of the Third Regiment troops, left this morning for Hendersonville, where he has a little daughter with typhoid fever. Mrs. Young and the children are spending the summer at Hendersonville. General Young says that the Third Regiment encampment was well up to the other two regimental encampments held there this summer and that the officers and men made fine showings of proficiency.

Greensboro Takes Action.
 The State Board of Health is advised from Greensboro that the city authorities are taking vigorous steps to correct the bad sanitary conditions that were declared to exist there by Dr. Rankin, secretary to the state board, who made a personal investigation in connection with the typhoid epidemic that started there. The sewerage system is to be greatly extended at once and immediate steps taken to correct the bad conditions detailed by Dr. Rankin in his report.

The negro Masons of North Carolina are moving for the erection of a grand lodge temple and a home for aged and infirm Masons, both to be located in Raleigh.

The Raleigh Chamber of Commerce takes a decided stand in favor of the \$100,000 bond issue by Raleigh township for the improvement of the public school buildings in the city, including the erection of a new fireproof Murphy school building in the place of the one badly damaged by fire and the completion of the building for the Glenwood suburb. The chamber has launched a movement through Miss Hackney, the secretary of the chamber, for the procurement of one of the big league ball teams to have their training camp here next spring.

A special chamber of commerce committee consisting of Dr. Charles Lee Smith, Joseph E. Pogue, and Col. F. B. Arendell has prepared and the chamber has adopted especially beautiful tributes to the late Col. A. B. Andrews, first vice president of the Southern Railway Co., the resolutions paying tribute especially to the splendid home life of the deceased and his devotion to his home city of Raleigh and service in the interest of the city.

\$15,000 Paid Ferebee.
 The Norfolk Southern Railroad Co. has paid over to Walter C. Ferebee, now of Norfolk, \$15,000 in satisfaction for the judgment of the Wake county superior court for damages sustained at Wendell in 1912 when he was serving as baggage master on a Norfolk Southern train, Norfolk to Raleigh. It has been a long litigation with two appeals to the Supreme court and with quite a number of counsel interested for the plaintiff. The first verdict was for \$15,000 and in a new trial ordered by the Supreme court on appeal by the railroad company a verdict was secured for \$15,000. The suit was originally for \$75,000. In the accident Ferebee lost a hand and had his hearing permanently injured and sustained severe body bruises.

"The Cape Fear Corporation."
 A charter was issued today for the Cape Fear Corporation, Fayetteville, capital \$10,000 authorized and \$300 subscribed by Franklin S. Clark, L. M. Clark and T. R. Yancey for taking over

DOINGS AROUND DUNN.

Drainage Bonds Sold—Messer Charged With Wife Murder.
 (Special Star Correspondence.)
 Dunn, N. C., Aug. 11.—Jim Messer, who was arrested for shooting his wife a few days ago, was tried for murder before Justice M. T. Young. Messer's wife having died in the hospital a few days after she was found on the road between here and Duke, by mail carrier, Tyrus Thornton. Messer was placed in Lillington jail without bail to await the August term of court.

The county commissioners and town commissioners have struck a difference. They are of a different political complexion, the town Democratic and County Republican. The town elected two cotton weighers and sent up the names to the commissioners and they rejected them and put in two Republicans, Mr. Camp M. Jackson and Mr. E. V. Gaine.

Since we have painted the Washington & Atlanta highway through Harnett, the wayfarers along the highway seem to have no trouble in keeping the road the equal of any on the route, a road after car, passing, some of them tagged New York, Baltimore, Philadelphia, Washington and many other Northern points. When we get about three miles more of road worked between here and Benson, we will have a road the equal of any on the route. The town has begun the fight on typhoid, Dr. Chas. Highsmith, town health officer, gave the treatment to more than 300 yesterday.

One thing can be said of the farmers of this section. They made good crops of oats, wheat, and German millet, all of them profitable crops this year. It has been demonstrated that more feed can be made on an acre in German millet than any other kind of grass or grain.

THE STEWARTS CREEK DRAINAGE BONDS have been sold to Messrs. Jno. Nuvens & Co., of Chicago. Mr. Hodges, of Kinross, is here getting his machinery in place to begin work. Several thousand acres of fine land will be drained on the Cape Fear river. The bonds were purchased by the Cape Fear Bank here. The proceeds will reach between \$25,000 and \$30,000.

BIGGEST TOBACCO SEASON YET.

That is What Wilson Tobacco Men Are Anticipating.
 (Special Star Correspondence.)
 Wilson, N. C., Aug. 11.—Only a few days and the Wilson tobacco market will open for the season. Both buyers and farmers are feverishly watching for the opening break. The past four weeks has brought decided improvement in the crop of this section and warehousemen anticipate the biggest season ever known in Wilson.

Last season this market sold 30,954,920 pounds, falling just a little short of 31,000,000 pounds. The average price for the season being \$13.25. Prior to 1914 the banner year in sales was 1913, with a total of 20,819,160 pounds at the average price of \$13.93. The season of 1912 is featured with the highest average price, the market that year selling at \$19.88.

MURRELL HOLDERBY APPEALS.

From Sentence of Six Months for Shooting at Walter Medlin.
 (Special Star Correspondence.)
 Wilson, N. C., Aug. 11.—Murrell Holderby, who shot at Walter Medlin several weeks ago, the shot hitting a bullet on Medlin's coat, was given six months on the roads by the recorder of Nash county. The shooting occurred just over the county line. It was a miraculous escape for Medlin. Everybody thought that he was dead, and so did Holderby, who fled. When he learned that the bullet hit a button, therefore saving Medlin's life, he came back. Holderby, through his attorney, O. P. Dickinson, of Wilson, appealed to the Superior court.

S. D. GORDON AT MONTREAT

World Famous Bible Teacher to Be Heard by Presbyterians.
 (Special Star Correspondence.)
 Montreat, N. C., Aug. 11.—The fact that S. D. Gordon, one of the best known Bible students, Bible teachers and Christian workers of America and of the world, is to be at Montreat again will be welcome news to those who heard him with such pleasure and profit here during the summer of 1914 and it will be welcome news to those who have never heard him but who have benefited through the reading of his books.

The closing conference of the Montreat programme will begin on August 16 and on that date Mr. Gordon will begin his addresses and he will be heard each morning and each evening for one week. He is not a minister, but is a layman who has been largely and wonderfully used in Christian work in America and wherever he has been heard in foreign countries. He is a native of Pennsylvania and began his Christian work as secretary of the Y. M. C. A. of Philadelphia. He became interested in the work of the great evangelist, D. L. Moody, and was a personal worker in a number of the meetings conducted by Mr. Moody, and the result of this work Mr. Gordon began public evangelistic work himself. In addition to his work in the North, he has done most successful evangelistic work in practically all of the large cities of the South and he has made a world tour of mission stations and in these stations he has engaged in personal work that has been quite as effective as that which he has done at home.

LOST HIS LIFE BEATING TRAIN

Negro Killed at Wilson When He Leaps From Moving Freight.
 (Special Star Correspondence.)
 Wilson, Aug. 11.—The second fatality within three days resulting from the practice of "beating trains" occurred here early this morning, when Will Jenkins, colored, was killed by jumping from a swiftly moving east-bound Norfolk Southern freight train, just outside of the Wilson corporate limits. Jenkins, colored, and another were coming from Wendell to Wilson. They had been working for R. G. Lassiter and were going to work here. It is the supposition that Jenkins, having heard that hoboos were arrested in Wilson, jumped off and was going to walk to town. Freights usually run about 25 miles an hour at the point where he jumped. His hat was found a car-length from his body, and the ground showed that he was thrown quite a distance.

DOUBLE SALES FROM BEGINNING.

Rocky Mount Tobacco Men Expect Unusually Good Season.
 (Special Star Correspondence.)
 Rocky Mount, N. C., Aug. 11.—With the opening of the Rocky Mount tobacco market less than one week off, preparations are being consummated at this time for what it is contemplated will be the biggest opening in the market's history.

When you go home from your work in the summer time feeling all out of sorts with a sticky stinging sensation, get a box of AMMEN'S PRICKLY HEAT & BABY POWDER and use it, and you will then feel like a new person, and glad that you are living. For the sake 25 cents get this comfort at your druggist.

history, and the indications are that there will be a full realization of the plans which include for the first time in this market's history an operation of double sales from the opening day. The decision for double sales has been brought about by the excellent conditions of the crop and the fact that the farmers are well up with their work and many of the friends of the market have lodged a request for the doubling up so that there will be no possibility of an inconvenience from a tobacco block.

According to all reports the crop is in excellent condition.

Acute Articular Rheumatism Relieved By Anti-Kamnia Tablets

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the utmost satisfaction; others have found the same remedy to be of great disappointment. All physicians however agree that every method of treatment is aided by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schultze expresses the opinion of thousands of practitioners when he says that Anti-Kamnia Tablets should be given preference over all other remedies for the relief of the pain in all forms of rheumatism. They are also unsurpassed in headaches, neuralgias and all pain. Ask for A-K Tablets.

German Chancellor Leading Daughter to Altar.

Chancellor von Bethmann-Hollweg, inventor of the famous "scrap of paper," the other day led his daughter Isa to the altar to give her away to Count Zech-Burkersroda. This photograph shows the chancellor and his daughter on their way to the church through a throng of people collected near their home. The count is just behind. The daughter is very nearly as tall as the chancellor, and he is six feet, four inches
