

SANITARY CONDITIONS GIVEN CONSIDERATION

By Board of Health at Regular Monthly Meeting

Dr. Nesbitt Instructed to Prepare List for Grand Jury of Those Failing to Install Sewerage—Committee Appointed.

That the premises in the vicinity of the Front Street Market are in such condition as to make some immediate action necessary is the opinion of members of the Board of Health and at the regular monthly meeting of this body last night a committee composed of Drs. C. P. Bolles and J. B. Cranmer, members of the board, and Dr. Chas. T. Nesbitt, county health officer, was appointed to confer with a committee to be appointed by City Council and with the City Attorney with a view to determining if something cannot be done to improve conditions. The board also instructed Dr. Nesbitt to prepare a list of names of those who have failed to take any steps to provide proper sewerage for property within the sewerage district of the city and to present this list to the next grand jury.

Dr. Nesbitt said that there is now a greater willingness than ever before to comply with the sanitary laws and that many citizens are clamoring for better sewerage facilities. He said that much pressure is being brought to bear upon the Health Department by citizens who want to see the city provided with surface privies, but that in some instances property owners have not seen their way clear to take any action. He said the department has exhausted all means of securing the installations of sewerage and that the only remedy seemed to be to bring the matter before the grand jury. He was setting up a list of those pieces of property which he considered to be in need of attention, and he was instructed by the board to present this list to the grand jury. It was the general opinion that those who are able to put in sewerage will not do so until it is made to do so.

The committee, appointed at the last meeting to confer with a committee from City Council regarding the Front Street Market, has reported that it has been decided to allow the market to be provided it could be made sanitary. Dr. Bolles stated he would not be in favor of giving permits to occupants of market until it was made thoroughly sanitary. The majority of the board was of the same opinion.

Mayor Moore explained that members of Council felt that it would be unwise to condemn the market because of its sanitary condition while the surrounding property was in an even worse condition from a sanitary standpoint. He brought out the fact that the City Attorney had ruled that the matter of condemning the property was solely within the province of the Board of Health.

Dr. Nesbitt stated that he and Mr. Pillet several years ago had gone over the district and had recommended a system of drainage for the district but that the matter had been blocked by property owners. He declared that the Health Department could go no further than showing the need of better conditions and that the matter of enforcing the law lay with City Council which could put in the drainage necessary and secure judgment against property owners for the amount expended up to a thousand dollars and stated in the opinion of City Attorney Rank in an opinion relative to the abatement of nuisances in the city.

It was decided that it would be better to discuss the matter with a committee from City Council and all the members of the board voted for the appointment of a committee to take the matter in charge.

Dr. Bolles reported for the committee, appointed at the meeting to go before Council regarding the connecting of sewers to the water mains. This matter has been discussed at meetings of City Council for several weeks. The Health Department claims the connection has not been necessary because of the plumbing has been installed while Superintendent Merritt, of the Water and Sewerage Department, stated at the last meeting of Council that citizens do not have to wait for their connections.

Dr. Nesbitt said he had written Councilman Jones, in charge of the department of Water and Sewerage, that his department has a complete detailed record of every plumbing fixture installed in the city of Wilmington since June, 1911. He said that Councilman Jones had informed him that he would confer with him regarding the matter. With reference to the abatement of nuisances which was brought to the attention of Council by the same committee this was referred to the City Attorney who ruled that the matter lay entirely with the Board of Health.

Chairman W. A. McGirt called attention to the bad sanitary conditions in the eastern part of the city, especially east of Ninth street. He declared that it is very necessary that something be done. He stated that the conditions are bad and he thought that members of City Council as well as the Board of Health should make an inspection and see for themselves.

The suggestion has been made that the city allow several men from the Department of Streets and Wharves to work under the direction of the Health Department in remedying the conditions complained of.

No action was taken regarding the sale of ice cream cones, although Dr. Nesbitt expressed the opinion that it would be better to prohibit their sale altogether, especially since they are sold mostly to children. Dr. Bolles also thought it would be a good thing, if the sale of cheap candy could be prohibited.

Chairman McGirt presided at the meeting and Dr. John Thames, assistant county health officer, kept a record of the proceedings. All the members of the board, including Mayor Moore, Prof. Cattlett and Dr. Bolles and Cranmer were in attendance. Dr. Nesbitt was also present.

MRS. MITT MOORE DEAD.

Good Woman Entered into Rest Yesterday Evening—A Life of Service. After an illness of a little more than a fortnight, having suffered an attack of paralysis on Saturday two weeks ago, Mrs. Mitt Moore, one of the most beautiful Christian characters in Wilmington, entered peacefully into rest at half past six o'clock yesterday evening at her home, No. 510 Princess street.

The death of Mrs. Moore will bring a pang of grief to many a heart in Wilmington, where she was known and loved for the life of service and beautiful Christian devotion which she lived. Her heart and her hand were ever responsive to her Master's bidding and she asked no higher honor than that she should live a life of service to others. She was the widow of the late Alex. A. Moore and had lived in Wilmington practically all her life, being a member of the old Front Street M. E. church and later of Grace M. E. church upon the destruction of the former in the great fire of some years ago, her church work and activities being a characteristic of a beautiful and well-rounded life. Not only in the church proper was she a faithful and devoted worker, but in the Sunday School, in the church society activities, as a member of the ladies auxiliary of the Y. M. C. A. and as a member of the United Daughters of the Confederacy, she was always the head and front of every worthy endeavor—never happy or ministering to the sick and suffering.

For many years she was a member of her church committee which had in hand the relief of the indigent and the care of the hearts of the bereaved, and many a man and woman she held in loving remembrance her deeds of charity and self sacrifice. Praise cannot be extravagant in speaking of a beautiful life of service such as was hers.

Mrs. Moore is survived of the immediate family, only by her sister, Miss Eliza Williams, though a number of other relatives are surviving, all of whom have the tenderest sympathy of all in their bereavement.

The funeral of Mrs. Moore will be conducted at 5 o'clock this afternoon from the residence, No. 510 Princess street, the services to be conducted by Rev. L. E. Thompson, presiding elder of the Wilmington District, M. E. Church, and her former pastor, Rev. J. C. Wooten, of Raleigh, her present pastor, Rev. J. D. Bundy being away on his vacation. The interment will be in Oakdale cemetery.

BOY BREAKS ARM

Frank Jewell, Son of Mr. K. W. Jewell, Falls From Tree. Master Frank Jewell, the four-year-old son of Mr. and Mrs. K. W. Jewell, No. 416 Church street, fell from a tree in their front yard yesterday, breaking his left arm near the wrist. He will be taken to the James Walker Memorial Hospital today and have the bone set.

Frank had climbed up into the tree and was lying on a limb about ten feet above the ground when the limb broke and let him fall. He rested as easy last night as could have been expected.

CAMERA MAN TOOK PANORAMIC VIEWS OF WILMINGTON YESTERDAY FOR MOVING PICTURE PRODUCTION.

Wilmington Was Well Advertised at Feast in Capital City—Display of Bathing Suits.

The camera man of the National Film Corporation, who arrived in the city yesterday morning, made good progress towards the moving picture production yesterday afternoon, taking several city scenes, as well as panoramic views of the whole city, North Front street and South Front street, from three vantage points, the Murchison building, Atlantic Trust building and A. C. L. office building. He stated that he obtained some very good scenes, ones that will make an impressive appearance when shown outside of Wilmington.

Today other city scenes will be taken from various points, the fire and police review and action pictures originally scheduled for today having been postponed until Saturday afternoon at 3 o'clock. These will all take place on North Third street.

The program for the meeting of the Moving Picture Exhibitors League next Monday has been tentatively mapped out. Mayors Moore and Wright will deliver addresses of welcome to the movie men at 10 o'clock Monday morning, and responses will be made by one or more exhibitors. One or more addresses will be made by representatives of motion picture companies in the city, and a number will be in attendance from all parts of the country.

Hon. H. L. Godwin, congressman from the Sixth district, who is expected to arrive in the city tomorrow, probably about 11:30 a. m. This will be followed by the other principal address on the day, by Mr. H. B. Varner, editor of the Lexington Dispatch and Southern Good Roads. As both Mr. Godwin and Mr. Varner are gifted speakers doubtless a large crowd will avail themselves of this opportunity to hear them speak.

It was ascertained yesterday that in addition to the camera man who is to make the production, there will be another one on the scene, Mr. F. L. Plaisance, of Charlotte, official photographer in this territory for the Universal Film Company. He will make several scenes which he will send to the Animators and which will be shown throughout the civilized world. These scenes will include the yacht and canoe races, and any other scenes which are deemed worthy of taking. Mr. Plaisance is also arranging to take 200 feet of film for the "Ford Weekly" a weekly moving picture production exploited by the Ford automobile plant which is shown all over the United States.

COLONISTS MARKETING GRAPES IN WILMINGTON

Fine Grade Grown in Vineyards at St. Helena and Newberlin.

Wilmington grocers are now offering for sale a fine grade of Concord and Niagara grapes which came from the farms of the Carolina Trucking and Development Company at St. Helena and Newberlin. This is the second year that grapes have been sold from the vineyards at these places, the vines having been planted some three or four years ago. A fine crop was produced last year and the grapes this season are said to be far superior to those raised last year, while the yield is also much larger. While the Concord is a favorite in this section, the Niagara, which is also being raised, on these farms, is said to be even a better grape.

Practically all the grapes are being sold on local markets, although a few are being shipped North and the yield is planned to enlarge the shipments to Northern points. The success that the colonists have had shows what can be done in the grape line in this section, when the proper care is used.

The soil is well adapted to grapes, and others who have experimented with growing vineyards have had fine success. The grape industry in New Hanover and adjoining counties bids fair to become one of the important agricultural industries in a few years.

LAST SAYS RITES OVER REMAINS OF DR. BORNEMANN

Hundreds of Friends Attend—Floral Designs Many and Beautiful.

The funeral of Dr. J. Henry Borneemann, whose tragic death occurred Saturday night, yesterday morning at eleven o'clock was attended by hundreds of friends and relatives. The remains were held at the residence of his parents, Mr. and Mrs. J. H. Borneemann, No. 618 Orange street, thence to St. Paul's Evangelical church, conducted by Rev. F. W. E. Peschou, formerly pastor of St. Paul's, who is now here on a visit.

Many who attended said the floral designs were the most beautiful they had ever seen, showing the high esteem in which he was held. The New Hanover Medical Society attended in a body. The Wilmington Lodge of Elks and the relief department of the A. C. L. were also in attendance. Dr. Borneemann was a member of the New Hanover Medical Society, a member of the Elks, assistant chief surgeon of the A. C. L. and a member of the City Civil Service Commission.

Among the relatives from out of the city who were here to attend the funeral were Mr. and Mrs. H. Offermann, of Charlotte, cousin of Dr. Borneemann, and his sister, Mrs. Geo. Edwards, of Chicago.

Following the services at the church the body was tenderly borne to Oakdale cemetery, where the body was laid to rest. The pall-bearers were: Hornington to New York, advises friends here that he reached Baltimore Tuesday night at 8 o'clock. They are planning a large trip, having a distance of 185 miles in a day. WILMINGTON WAS WELL ADVERTISED AT FEAST IN CAPITAL CITY—DISPLAY OF BATHING SUITS.

The members of the Rotary Club, who went to the big Rotary meeting in Raleigh, returned yesterday delighted with the trip and the advertising accomplished while there.

Wrightsville Beach was played up as an asset to the city among the many other things, their two big banners reading: "I you want to live, try Wilmington," and "Gee! But ain't it fine at Wrightsville Beach?" The Rotarians went out to the ball game in the afternoon, the Wilmington delegation adorned with bathing suits, one member carrying a Japanese parasol, four men carrying the two big banners, each of which was signed across the bottom with the name, Wilmington Rotary Club, and the whole party coming behind wearing attractive badges.

The badge was one of the best at the meeting in the opinion of Wilmington Rotarians. It was a white emblem printed in black and red. The emblem at the top was "Service Before Self." Then came, "The Rotary Club of Wilmington, North Carolina, The Gateway For Wilmington, the port paragon, deep water, connecting railroads, harbor facilities, factory sites, commercial center, Nature's Garden Spot, fourth in cotton exports, third in fertilizer distribution in the South, Wilmington 'The City of Opportunities'."

Good fellowship was in evidence everywhere and friendly rivalry made the meeting more pleasant. Wilmington was well up in making one of the best displays at the meeting. Mr. E. M. Boatwright, first vice president of the Wilmington club, in the absence of President Murchison, who is in the West, made an interesting and complimentary speech at the business meeting. Each club was sincere in expressing their appreciation to Mr. W. H. Bagley, chairman of the entertainment committee, and the Rotarians for the perfect service and unexcelled entertainment.

Among the interesting features of the meeting was the cool way in which Mr. C. W. Lovelace, North Carolina, defended himself. Another feature was the foot race between Mr. Roger Moore and Mr. Meares Harris, that temporarily broke up the baseball game between Raleigh and Durham. Richmond thought she had it on all of them when she came out with the banner, "Yes, Richmond is a good town, but not as good as Wilmington, for by coming out with hers, 'Yes, but Norfolk is a better town.'"

A number of the members who attended the Raleigh meeting say they never expect to miss another meeting when they have an opportunity to attend. The Wilmington members who attended were Herbert McClammy, J. S. Williams, S. D. Lucas, B. W. Springer, Thos. W. Ames, H. D. Spranger, Meares Harris, E. L. White, John Sternberger, J. H. McCabe, Milton Calder, J. B. Rice, G. K. Patterson, C. R. Humphries, S. M. Boatwright, W. I. Baxter, D. C. Lovelace, R. C. Curtis, Ed. Norag, W. D. MacMillan, Jr., P. B. Bell, C. W. The Recorder dismissed him on payment of the \$2 to the company.
