MEETING OF ST. JOHN'S. Large Class of Candidates for Initiation at Meeting Tonight. There will be an emergent communication of St. John's Lodge of Masons tonight for the purpose of conferring the Entered Apprentice Degree upon several candidates. Invitations to the members contain the following on the work of Masonry which will be of interest: "As speculative Masons, we are engaged in erecting a moral and spiritual building. It is a work of great responsibility. It is not for time but for eternity. The splendid edifice that stood on the brow of Moriah, erected by our Brethren, perished long centuries ago. Not one stone of the great fabric rests upon another. Arch and architecture have fallen, its walls are crumbling and its colonades crumbled into dust, and all its ornaments are scattered. The temple upon which we are engaged is imperishable—it is not to crumble and decay; no smouldering damps or corroding vapors are to mar its beauties; but in fadeless glory and perennial brightness it is to endure through the ages. It is to be a building fitted for our dwelling, when translated to that New Jerusalem."

HAVE TRIAL TODAY. Alleged Storebreakers Get Hearing in Justice Harris' Court. Two negroes, John Jones, of Sumter, S. C., and E. Southerland, of Rocky Mount, having been arrested on suspicion yesterday by the police, had warrants served on them by County Officer H. Mack Godwin, charging them with breaking into the store of Mr. John Biddle, of Federal Point township, and stealing a quantity of cigars, cigarettes, tobacco, and an old-fashioned Smith & Wesson pistol. The boys were found asleep with the pistol under their pillow and it was identified by Mr. Biddle.

It's tested in our own kitchens right at the mills—that's how we make sure that the finest wheat and the finest methods of milling produce the best baking flour—Valier's Dainty Flour. It is milled slowly to retain full baking quality of the flour and sifted through silk to get fineness. Sometimes it costs a trifle more by the sack, but always it costs less in use, because it makes more baking.

Bad Complexions are Now Easily Discarded. Every woman has it in her own hands to possess a beautiful and youthful complexion. No matter how soiled, faded or coarse the cuticle, ordinary mercerized wax will actually remove dirt and Nature will substitute a skin as soft, clear and lovely as a child's. The action of the wax is not drastic, but gentle and agreeable. Minute particles of scurf skin come off day by day, yet no evidence of the treatment is discernible, other than the gradual complexional improvement. One ounce of mercerized wax, procurable at any drug store, suffices for most cases. It is put on at bedtime like cold cream and taken off in the morning with warm water. It is a certain method of discarding freckles, liver spots, moth patches, blackheads and pimples. Wrinkles can be treated with benefit by bathing the face in a lotion prepared by dissolving one ounce of potassium permanganate in a pint of water. Instantaneous results are secured.
