

\$218,000 PROPOSED FOR THE CAPE FEAR

For Finishing Projects Above and Below Wilmington.

RIVER AND HARBOR BILL

Surveys of Pamlico, Tar and Shallotte Rivers and the Cape Fear Channel at Carolina Pier Are Provided For.

Washington, Feb. 14.—Details of the annual River and Harbor Appropriation bill as completed in committee, except for the administration project to deepen East river channel in New York harbor, became known tonight. The measure, aggregating \$40,000,000, will be brought up at a committee meeting tomorrow for report to the House, with the New York project the only pending question. It carries not only cash appropriations for every section, but numerous authorizations for preliminary examinations and surveys at other places.

All of the actual appropriations proposed for the continuance or work and maintenance of projects previously authorized and if the committee vote tomorrow, as urged by President Wilson and the War and Navy Departments, to add a \$700,000 item to deepen the channel between upper New York and Brooklyn navy yard, it will be the only new project reported to the House.

A total of \$7,382,000 is to be set aside for improvements along the Mississippi river, while Virginia items include three main projects calling for an expenditure of \$1,200,000. Work on two North Carolina improvements will be pushed to the extent of \$218,000. The items in detail for these states are:

Virginia: Rappahannock river \$30,000; James river \$190,000; Inland water, Norfolk to Beaufort Inlet, \$1,000,000, together with small items at Beaufort Inlet and Pamlico sound-Beaufort Inlet waterway.

North Carolina: Cape Fear river above Wilmington to secure navigable depths of eight feet up Fayetteville \$83,000; at and below Wilmington, \$135,000.

GERMAN CONSUL WITH SIX OTHERS INDICTED

(Continued From Page One.) The original indictments against Crowley, Mrs. Cornell and Von Brincken, with whom he is alleged to have been associated.

All said Koelbergen and Smith were arraigned before Judge Maurice T. Doelling, of the United States District Court, tomorrow.

Mr. Bopp and Baron von Schack were not put under bond. Bail for the others was fixed at \$10,000 each.

In the indictments today the defendants are charged with conspiring specifically to blow up the works of the Hercules Powder Company at Pinedale, Cal.; the plants of the Aetna Explosive Company and the Aetna Chemical Company at Ishpeming, Mich., and at Aetna, Ind.; the Grand Trunk railway between Detroit, Mich., and Windsor, Canada, and various steamers operating on the Pacific coast.

THREE GREAT CHRISTIAN UNIVERSITIES ADVOCATED

In Report on Education Before Congress on Christian Work at Panama

Panama, Feb. 14.—The establishment of three great Christian universities in Latin America was advocated today by the Rev. Dr. Henry C. King, president of Oberlin College, in presenting the report of the commission on education to the Congress on Religious Work in Latin America.

Dr. King declared that an adequate educational system must be evolved, as the present system was utterly inadequate.

ASKS LEAVE OF ABSENCE

Colombian Minister May Seek Permanent Withdrawal From Washington

Washington, Feb. 14.—Recognizing the probability that the pending treaty between the United States and his country will not be ratified by the Senate in its original form, Julio Betancourt, the Colombian minister, has asked his government for a leave of absence from Washington. It is understood he will seek permanent withdrawal if the treaty is rejected or if the Senate accepts its foreign relations committee's amendments reducing the indemnity for the partition of Panama from \$25,000,000 to \$15,000,000, making the expression of regret mutual.

VILLA PREPARED TO AGAIN OPEN FIGHT ON CARRANZA

Villa Messenger Said to Have Brought Message to El Paso.

El Paso, Texas, Feb. 14.—News that General Villa was calling his followers together at Casas Grandes, Western Chihuahua, to again take the field against the Carranza government, was brought here by a Villa messenger who passed through for the east, according to information given out today by Villa adherents here. Villa, it was said, would promise to pay all Americans.

According to Villa adherents, this messenger said Villa planned to exterminate all bandits and intended to show the United States government that it made a mistake in recognizing Carranza.

Louisville, Ky., Feb. 14.—George Whitman, outfielder, who went to the Brooklyn Federals last year after playing through the season with Montreal, in the International League, has been bought by the Louisville American Association club. President Wathen, of Louisville, made this announcement tonight. The price was not stated.

Friends will regret to learn that Mrs. E. B. Pleasant underwent an operation for appendicitis at the James Walker Memorial Hospital yesterday. She was reported last night as resting.

SPORTS

MUCH INTEREST IN MATCH

Hanson-Hartley Mill Expected to Prove Classic Wrestling Event of Years. Both Are Training.

No wrestling match held here in recent years—not even those between Fritz Hanson and "The Unknown"—has aroused quite the same degree of preliminary interest as the Hanson-Hartley mill, scheduled for Friday night at Woolvin Hall. The subject has been the chief topic of conversation in sporting circles for several weeks, and since the arrival of Hartley in the city Sunday morning, and the signing of the articles of agreement yesterday, this interest has increased ten-fold.

Hartley lost no time in getting down to training yesterday. He put in a good hour's work at the Y. M. C. A., and he will continue training enough to keep in trim and to make the necessary weight each day between now and Friday.

The match is to be two falls out of three to a finish, for a purse of \$200 or more and 75 per cent. of the net gate receipts. The strangle hold and toe hold will be barred, the latter hold being usually the one usually the custom here, for the articles of agreement specify that one of the wrestlers may not grasp the other's toe except when on the defensive and for the purpose of breaking a hold. Billy Tomz is named as the referee in the articles of agreement. The wrestlers have posted forfeits of \$25 each to make 148 pounds at the ringside.

The little Englishman is of a quiet, almost reserved manner, is well educated and an engaging conversationalist. He has all the confidence in the world in himself, if one is to judge by his talk, which, however, never borders on the boastful.

That he is a wrestler of extraordinary ability is proved by his record, part of which was published in The Star yesterday morning. Eugene Tremblay, the Canadian, to whom the Police Gazette accords the world's welterweight championship. Tremblay, at the time Hartley threw him, did not hold this championship, however.

As for Hanson, those who saw him wrestle Bull Montana last Friday night are agreed that he has never been in better condition. He has had the advantage of a splendid training partner in big Max Schmidt, who has been here several weeks, and this has improved him wonderfully, not only in strength, but in speed and endurance. He has continued his training up to the day of the match, and as he weighs only 152 now, he does not anticipate any difficulty in making the stipulated weight of 160.

While the merits of a wrestler are not always to be judged by his physical proportions, a comparison of the measurements of any two mat gladiators is always of interest. The measurements of Hanson and Hartley are as follows:

Hanson.	Hartley.
5 ft. 6 in. Height.....	5 ft. 5 in.
152 pounds Weight.....	150 pounds
40 inches Chest.....	42 inches
11 inches Neck.....	11 1/2 inches
32 inches Waist.....	32 inches
21 inches Thigh.....	20 inches
16 inches Calf.....	14 1/2 in.
15 inches Biceps.....	14 inches
12 inches Forearm.....	11 1/2 in.
7 1/2 inches Wrist.....	7 inches

A. & M. COLLEGE EVENS UP WITH DAVIDSON COLLEGE

Farmers Defeat Presbyterians at Basketball, 37 to 14.

(Special Star Telegram.) Raleigh, N. C., Feb. 14.—The five from Davidson College were easily defeated by A. & M. here tonight by a score of 37 to 14. The game, although a little slow, was exciting throughout and very much enthusiasm was shown by the audience. This is the second time that these two teams have met this season, Davidson defeating A. & M. in the first game and the latter evening 23 up by winning tonight.

Lindsay played a star game and deserves much credit, having obtained nine goals. Temple also played stellar ball and caged five. The guarding of Mason and Johnson was exceptionally good, holding their men to four goals between them. Sullivan on account of an injured arm could not participate and Sumner was played in his place. For Davidson, Wood and Captain Reese deserve mention.

Line-up: A. & M. T. A. RF King Sumner LF Wood Lindsay C Hengefeldt Johnson RG Younger Mason (c) LG Reese Goals: A. & M. Temple 5, Sumner 3, Lindsay 9, Mason 1, Davidson, King 1, Wood 3, Hengefeldt 1, Substitutions: Davidson, Walker for Younger. Reese, Cates, Durham Y. M. C. A. Time-keeper, Sharpe, A. & M. Time of halves, 20 minutes.

STECHEER WILL FIND IT JOB TO DOWN CHAMPION GOTCH

Former Has Advantage of Youth, While Latter Has Experience.

As a general rule wrestlers hold their grappling ability for a number of years beyond the point where fighters begin to slip back. Jeffries was 35 when Johnson, at the age of 32, wrestled his title from him. Gotch is 38 and Stecher 23, and, while the latter has a remarkable record to date, many think that Gotch's long mat career and wrestling experience will offset the advantage of Stecher's youth.

addition to throwing more than 200 opponents in 15-minute exhibition or invitation bouts in this country and Canada. During his foreign tour he met and conquered about half that number. Stecher measures 6 feet 1 inch in height and strips at about 200 pounds. He has wrestled more than 50 matches and has never lost a decision, although held to a no-fall match by Strangler Lewis and George Turner.

FUNDAMENTAL PRINCIPLES OF FEDERAL RESERVE ACT VINDICATED

(Continued From Page One.) they had not contributed to the strength of the Federal Reserve system by taking membership in it. The board is giving serious thought to this question and to the action that may be taken to guard against the consequence of this situation.

This part of the report is concluded with an expression of opinion that the credit resources of the country would be greatly enlarged and strengthened with corresponding benefit to business and the people if state banks and trust companies were to enter the system.

The report declares that a condition of remarkable ease was the outstanding feature of the country's money market during the year. It says that the nation's export trade has reached high water mark, that manufacturing in nearly all lines is active and that it has been the policy of wisdom to reserve banks to conserve their resources and hold themselves in readiness to meet any unexpected developments in the situation. An increase of almost a billion dollars in the combined assets of national banks in the year and an increase of deposits of nearly two billion dollars are pointed to as pertinent in considering the situation.

"These facts," the report says, "would seem to indicate that it is prudent to be prepared for a time when the reserve resources of the country will be subjected to a severe test and when the leadership and operations of the Federal Reserve banks will become correspondingly more influential."

The discount policy of the board during the past year is lauded as the proper one under the existing circumstances, but it is pointed out that as time goes on there will be a disposition to make these rates as nearly equal in all parts of the country as is possible. The Reserve banks have not been greatly encouraged to indulge in such commercial banking operations as the law permits, open market operations, as the act terms them, the board says, because thereby the danger of inflation might have been increased and money rates further depressed. More active participation in such transactions by reserve banks may be expected in the future.

The board, the report announces, is considering the establishment of branch agencies of reserve banks in cities other than those where such banks are located and for the present does not expect to approve the establishment of branch reserve banks. The clearing operations of the banks, it says, have proved a success, but too few of the banks have taken advantage of this function.

GERMANY MADE OFFER ON NICARAGUAN CANAL

(Continued From Page One.) Germany's desires in urging its ratification, Nicaragua having agreed to accept the \$3,000,000 offered by the United States for the canal option and naval base on Fonseca bay.

Senator Stone said late today that he had agreed to defer asking for a vote on the treaty until next Thursday, several Democratic Senators having notified him that they could not be present until that time.

When You Know What Is Best, Ask for it by Name

By J. R. HAMILTON
Former Advertising Manager of Wanamaker's, Philadelphia

If a man has anything he is proud of, he gives it a name whether it be a baby or a pair of boots. And the more he is proud of it, the more he talks about it.

Nameless things are seldom good and never reliable. If you want to cut down your cost of living the very best way to do it is to learn to ask only for standard articles.

When you know the name of a good maker of shirts or shoes, of furniture or pianos, of hardware or underwear, fix that name definitely in your mind and remember it when you come to buy.

Do not allow strange things to come into your home any more than you would allow strange people.

The brand and the trade-mark and the copyright are the letters of introduction from the maker to you. In this way he vouches for their respectability and guarantees their good behavior in your home.

There is a name for every good product that is made. And most of these names are known to every man and woman in America. Manufacturers have spent hundreds of millions of dollars to standardize these names in your mind. From the lining of a dress to a laundry soap; from a cleanser to a baking powder; from a suit of clothes to a kit of tools; you could call every standard article on the market by name if you would only remember to do so when you come to buy.

It is through your carelessness that lies and adulterations creep in. The standard is set by good men, but the standard is only maintained by you.

It is time for you to forget the generic name of every article, and remember only the standard name of its quality.

In the advertising news of this paper today you will find many of these standard names and brands of quality. This article is written for the sole purpose of reminding you to use those names. It is only fair that you should do as much for these good manufacturers as they are doing for you. It is only right that you should help in this great standardization of good products that is going on throughout America.

Begin now to ask by name for everything you buy. And you will find your satisfaction growing greater day by day and your optimism extending even down to your pocketbook.

May Referee Big Fight.

Charley White.

A striking situation has arisen in connection with the \$70,000 fight of Willard and Moran, because there are very few referees who have handled championship battles. Charley White, the greatest referee the boxing game has known, is perhaps the only man left who has had sufficient experience in considering the situation.

"These facts," the report says, "would seem to indicate that it is prudent to be prepared for a time when the reserve resources of the country will be subjected to a severe test and when the leadership and operations of the Federal Reserve banks will become correspondingly more influential."

SCHOONER BLOWN ASHORE

The Abbie H. Green Wrecked on Hog Island, Va., Sunday Night.

Lewes, Del., Feb. 14.—The schooner Abbie H. Green was blown ashore on Hog island, Virginia, and wrecked during last night's storm. The crew of seven men were rescued today by the government life guards in a driving gale with the thermometer near zero after they had spent several hours in the rigging. The vessel was taking a cargo of wood from Norfolk to New York.

Finding a sensible cigarette is just plain, common sense

All you have to do is to look for three points. Take any cigarette you know. Then ask yourself— Is its taste just what you like best? Is it comfortable to your throat and tongue—free from bite or hotness?

Will it allow you to smoke as often as you'd like to smoke without any mean after-feeling?

Fatimas aren't the only cigarettes that answer "yes" on all of these points. There are other sensible cigarettes. But facts seem to indicate that Fatimas are the sensible cigarette for most men. Because they now outsell every other cigarette in the world costing over 5c.

Doesn't it seem reasonable that you, too, will like Fatima best? Try them—TODAY.

Liggett & Myers Tobacco Co.

no foundation for a theory that within pass unchallenged and unimpeded.

TWO TESTS FOR ANY CIGARETTE

The taste of the cigarette according to a leading tobacco journal—is up to the smoker. But there are other qualities that you should look for in the cigarette that may help the average smoker to choose more wisely between different kinds of cigarettes.

The first test is for coolness, which means more comfort to the throat and tongue. Light any cigarette. Draw in a puff not sufficient to make this test. Hold it in your mouth for a few seconds. Let it "float" around against your tongue. Now blow out the smoke. If the cigarette contains a high grade of mild tobacco leaves, combined in just the right proportion, it will always feel cool and smooth both to your throat and to your tongue.

On the other hand, if the proportions are not right and if the cigarette contains interior grades of tobacco or hidden strands of rank, city leaf, you will feel a "saw" or "tickle" in your throat after smoking all day.

If the tobacco in the cigarette, including the various grades used, has been properly selected and if they have qualities and to neutralize any unpleasant tobacco in each of the different types of tobacco, you will be able to smoke practically when you feel like it throughout the day without feeling any effect from it.

But with another cigarette in which the blend is less skillful, even though the tobacco are of the highest grade, you will find along towards the end of the day that you are likely to have that feeling of having smoked too much.

Clip out these tests and try them on Fatima

If You Really Want to Cure Yourself of Constipation—

YOU must stop depending upon laxatives and cathartics. They afford only temporary relief and are dangerously habit-forming.

As a result of recent discoveries, leading physicians are gradually discarding the use of drugs in the treatment of constipation. Instead, they prescribe regular habits, sensible food, and an internal lubricant.

Nujol

REG. U.S. PAT. OFF.

A PURE WHITE MINERAL OIL

is odorless and tasteless, absolutely neutral, and is not digested or absorbed into the system. It acts merely as a mechanical lubricant.

Nujol is not a drug. Its use will not give quick, temporary relief. But Nujol is a genuine remedy in that it relieves constipation in the most natural way by lubricating the lining of the intestines, softening the intestinal contents, and thus promoting healthy and normal bowel activity.

Write for "The Rational Treatment of Constipation," an informative treatise on constipation. If you cannot get Nujol from your druggist, we will send you a pint bottle prepaid to any point in the United States on receipt of 75c—money order or stamps.
