

BORDER SITUATION SHOWS NO CHANGE

Advices From General Funston to War Department Yesterday and Last Night Meagre.

NOTHING REGARDING VILLA

Carranza's Note on Protocol Covering Use of Mexican Railroads Not Yet Received—Officials Take Hopeful View.

Washington, March 26.—War Department advices from General Funston today and tonight were meagre and showed no change in the situation along the border or in Mexico.

Interest here centered tonight in the result of the conference of Senate Republicans tomorrow as to the situation along the border. Unofficial advice still reflected uneasiness in American border towns over vague reports of concentration of Mexican troops near the line.

Since President Wilson's denunciation of Carranza's policy, the denials of Carranza and his officials that there was any ground for alarm, some members of Congress thought tonight that the conference might take no action.

Resolutions in support of General Pershing's headquarters bear as to the opinion held by officials here as to the co-operation being given in the pursuit of Villa by Carranza troops.

General Pershing's headquarters bear as to the opinion held by officials here as to the co-operation being given in the pursuit of Villa by Carranza troops.

It was thought possible that General Carranza was calling attention to the section of the treaty of 1848 providing for arbitration of disputes between the United States and Mexico, aroused much interest here.

FOREIGN SITUATION IS AGAIN GLOOMY

(Continued From Page One.) ings on the Naval Appropriation bill with Secretary Daniels and Assistant Secretary Parsons.

The Ways and Means committee soon will be busy with the omnibus revenue bill, which will include the tariff commission bill just re-written and to be re-introduced tomorrow by Representative Rainey.

The Judiciary committee also has the impeachment charges against District Attorney Marshall, of New York, and other business pending.

EDUCATION IN SOUTHERN STATES TO BE SUBJECT

Of Sixth Installment of Rockefeller Education Report.

New York, March 26.—Education in the Southern states is the subject of the sixth installment of the forthcoming annual report of the General Education Board founded by John D. Rockefeller, made public here today.

The board has continued to support rural school agents in eleven states, professors of secondary education in eleven states, and agents for negro education in seven states.

"Despite difference in local conditions," the report asserts, "necessitating more or less variety of effort in different states, the Southern states are consciously working toward a single goal—an adequately organized, financed, administered, supervised and managed state system of education."

There has been marked development in secondary education, Florida, Virginia, Alabama, Arkansas, Kentucky, Mississippi, Tennessee and West Virginia having erected new high schools.

Other Damage Done to the Warehouses and Several Residences.

Houston, Texas, March 26.—Fanned by a stiff breeze, fire of undetermined origin, which started in the Missouri, Kansas & Texas railway cotton shed here today, destroyed about 4,100 bales of cotton and badly damaged the warehouse of the F. W. Heitmann Company, hardware dealer, and several residences before it was brought under control. The loss was estimated at \$50,000.

Several freight cars and other equipment in the railroad yards also were burned. The cotton destroyed was valued at more than \$200,000 and was owned principally by Anderson, Clayton & Co., of this city. The damage to the Heitmann warehouse and its contents was estimated at \$200,000 and to the railroad property \$100,000.

IN THE REALM OF SPORTS

MORAN WANTS ANOTHER FIGHT WITH WILLARD

Wants Twenty or More Rounds—Unwilling to Admit Defeat.

Willard With Bandaged Right Hand and Over \$40,000 Somewhere About His Person Leaves for Chicago to Join Family.

New York, March 26.—With his right hand bandaged, owing to an injury to a knuckle of the index finger, and nearly \$40,000 in big bills carefully stored somewhere about his person, Jess Willard, the world's heavyweight champion, left here this afternoon.

"Moran is a great, strong fellow, both clever and full of courage, but I think I would have knocked him out last night had I not injured my right hand early in the fight. The doctor says I will not be able to use my right hand for at least two weeks."

"I want another go with the big fellow," said Moran, "and would like it to be for 20 rounds or more, as I am not my best in a ten-round bout. In six weeks' time I will be ready to meet Willard or any other big fellow they match with me. Believe me, I am not going to remain idle as I know I possess every requisite to win the championship title."

"My partner, Samuel McCracken, and I are satisfied with the result. The sale of tickets amounted to a little over \$150,000, and this might have been increased by fully \$15,000 had we been able to sell tickets to hundreds who could not get through the police lines. I have no intention of promoting another contest in the near future as my business interests demand my going to South America early next month."

As to matching Willard again I am inclined to think that he will not fight much longer. By the end of this year Jess will have acquired quite a sum of money. The fight game is distasteful to him, and as he is a man who lives in moderation and anxious to get with his family, I would not be surprised if he retired from the ring without again defending the championship."

CHapel Hill Girls Defeat Asheville Basketball Team

(Special Star Correspondence.) Chapel Hill, March 26.—The Chapel Hill girls' basketball team defeated the Asheville team here Saturday evening by the overwhelming score of 53 to 5.

At no time during the game was there any likelihood of Asheville's winning. Miss Taylor shot two goals in the first minute of play. Chapel Hill put in its second string players in the second half. These were awarded for a few moments after entering the contest but soon gained confidence in themselves when Miss Sparrow, sub-center, shot a goal.

Misses Noland and Tennant were the outstanding stars of the game as far as Asheville was concerned. Miss Noland made four of the five points and Miss Tennant the other. Miss Tennant was, however, hurt in the first half and Miss Neely took her place.

TWO NEW TRACK MEETS ARE ARRANGED FOR WAKE FOREST

(Special Star Correspondence.) Wake Forest, N. C., March 26.—The cancellation of the track meets scheduled with A. & M. College has caused Manager Daniel to arrange two new events for the team.

A meet has been scheduled with Richmond College to be held in Richmond, Va., April 22, and one with Elon College, at Elon, on April 20. Two meets, as previously announced with Trinity College, with the State meet, complete the track schedule of five events for the 1916 season.

NEW YORK NATIONALS BEAT THE DETROIT AMERICANS

Dallas, Texas, March 26.—The New York Nationals by bunting hits off Boehler in the eighth inning won from the Detroit Americans here today.

Other Damage Done to the Warehouses and Several Residences.

Houston, Texas, March 26.—Fanned by a stiff breeze, fire of undetermined origin, which started in the Missouri, Kansas & Texas railway cotton shed here today, destroyed about 4,100 bales of cotton and badly damaged the warehouse of the F. Thanksgiving Day Game at Raleigh

WASHINGTON & LEE AND A. & M. WILL HAVE ANNUAL FOOTBALL STRUGGLE IN RIDDLICK ATHLETIC FIELD.

(Special Star Correspondence.) Raleigh, N. J., March 26.—It was a really surprised and most delighted crowd of sports in Raleigh this morning when they learned that Raleigh is really to have the 1916 Washington & Lee and North Carolina A. & M. football game Thanksgiving Day.

The strongest sort of inducements were necessary, of course, and it has not yet developed just what the terms of the deal are. One is that there shall be the exhibition of 1,500 seats to the grand stand equipment of Riddick athletic grounds, the A. & M. field where the game will be played.

"Friends told me about Tanlac," resumed Mr. Edwards in his talk with the answer T. C. Edwards gives to his neighbors and friends when they pause in bewilderment at his garden and ask: "Why, Mr. Edwards, you are looking so healthy again. I'm really surprised to see you out, and especially at work like this in your garden. What in the world have you done for yourself?"

A recent attack of la grippe left Mr. Edwards, as he says: "So weak that I could do nothing but sit around. Food fermented and caused gas formations and distress. I was nervous and could not sleep. Naturally, my appetite was poor. Doctors told me it would be a long time before I could get out of doors."

"I want other run down and weak men and women to know what this medicine has done for me, as I feel that they will gain from Tanlac as I have."

Commenting on the story of Mr. Edwards, who lives at 814 Ramseur street, Durham, E. H. Drum said: "Tanlac, after banishing impurities from the stomach, builds strength and health by correcting the blood circulation and digestion. Thousands have acclaimed this medicine the ideal tonic, which makes it the medicine that is most needed by man and woman at this Spring season."

WAS SICKLY, NOW WORKS IN GARDEN --HE TAKES TANLAC

T. C. Edwards Adds 8 Pounds and Regains Appetite and Sleep.

"Tanlac." This name spoken in a merry voice is the answer T. C. Edwards gives to his neighbors and friends when they pause in bewilderment at his garden and ask: "Why, Mr. Edwards, you are looking so healthy again. I'm really surprised to see you out, and especially at work like this in your garden. What in the world have you done for yourself?"

BIG BOUT WILL DRAW CROWD

Joe Turner, Middleweight Champion, Will Take on Local Wrestler at the Academy of Music Tonight

Joe Turner, of Washington, D. C., middleweight champion of the world, and Fritz Hanson, of this city, who will be the contestants in the wrestling bout to be staged tonight at the Academy of Music, are expected to draw one of the largest crowds ever assembled in this city for such an event.

Although Turner wrestles around 158 or 160 pounds, and thus outweighs the local man by about ten pounds, local fans are of the opinion that Turner's size will not be a big factor in determining the winner of the bout.

Experts who have been watching Hanson's work recently have expressed the opinion that in spite of his opponent's greater weight the local man has a good chance to win. However, the match ends, as a spectacle it is sure to be well-worth witnessing from a sporting point of view.

FIRES AT NORFOLK, VA., DO DAMAGE ESTIMATED AT \$262,000

Norfolk, Va., March 26.—Two fires of unknown origin caused damaged estimated at \$262,000 in this city early today.

The Progress building, in the heart of the wholesale district on water street, was completely destroyed, the loss being placed at \$237,000.

The plant of the Colonial Cereal Company on Blimington avenue was also destroyed, the loss being \$25,000.

The fire at the cereal plant had just been gotten under control when the Progress building, situated in the western end of the business section, was discovered on fire.

This building, standing alone, proved dangerous to the firemen who had to fight the flames cautiously to escape falling walls. One of the walls fell on the roof of a building nearby, causing considerable damage.

The lower floor of the Progress building was occupied by Libby, McNeal & Company as a cold storage plant. The upper stories were occupied by various business concerns.
