"Maybe I could run my engine
just as well on some other kind of
tobacco besides Tuxedo, but I
don't believe it. Tuxedo for mine,
every time."
M. A. ABNEY

Railroad Engineers of the South Smoke and Endorse Tuxedo!

Men of steady nerves, quick judgment and instant action are those who stand at the engine throttles and guide speeding trains over the railroads of the South.

They smoke Tuxedo!

More than that—they smoke it with genuine enthusiasm, because Tuxedo enables them to enjoy their pipes as no other tobacco ever did.

Read what they say about Tuxedo: "Better than ever!" "The longer I smoke it the better I like it!" "Getting better all the time!" "Tried others but come back to Tuxedo!"

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Ever since Tuxedo scored its first wonderful success a host of imitators have been talking about mild tobaccos and "biteless" tobaccos and so-called "processes."

Yet Tuxedo remains today the fastest-growing brand of high-grade smoking tobacco in the South. Because no imitation can equal the original—and the *original* Tuxedo Process—discovered by a doctor—is still the one process that actually does remove all the bite from the tobacco.

In previous advertisements your own Southern tobacco merchants have told you in signed letters of the remarkable growth of Tuxedo in popularity and sales. There are more Tuxedo smokers in the South now than ever before. Every day men are forsaking other tobaccos for mild, wholesome Tuxedo.

Try Tuxedo yourself and you'll learn why these well-known engineers and thousands of other Southerners now smoke only Tuxedo.

YOU CAN BUY TUXEDO EVERYWHERE.
