FORTY MEXICANS

KILLED AT PARRAL

(Continued from Page One). word from Washington has arrived that indicates the administration desires any alteration in the orders that placed the punitive force in Mexico. It is understood that General Fun-

ston has notified the War Department that effective pursuit cannot be carried on unless radical means are taken to assist General Pershing, who is at the extreme southern end of his line of communications from where the detached columns of cavalry are in operation along the trails to the south in the direction of the Chihuahua-Durango state line. Villa is believed now to be in the state of Durango.

The Parral incident served to demonstrate the difficulty of communica- eral pay amendment was adopted 41 tion. The field wire General Pershing to 14. has laid behind him has been cut scores of times and his equipment for wireless communication is exceedingly limited, according to official admission.

PRIVATE MESSAGES REPORT

CONDITIONS MORE TRANQUIL El Paso, Tex., April 15 .- Two private messages received here today from Parral served to allay to some degree the apprehension which had grown deeper with every hour's continued silence on the part of General Funston and Wash-

ington. One message received by an Englishman with large mining interests in Parral was from his wife and merely said his family was well and that there

was no cause for worry. The second received by the American head of another Parral mining concern, said conditions were gradually becoming more tranquil.

At the same time unofficial reports from Mexican sources were more gloomy than at any time since the first news of the fighting was made public by General Obregon. One of these reports was brought by a Mexican superintendent of a Parral mining plant He declared that he had knowledge that the fighting at Parral had been on a very large scale and that a majority of the American force had been wiped out. The report was made by the superintendent to an American employer who said that the man had worked for him 20 years and he had the utmost confidence in him.

During the last few days the censorship at Columbus has been screwd down to the last notch and nothing if regard to military affairs has been permitted to come across the wire.

The sixth infantry brigade and parts of three other regiments stationed in Douglas, Ariz., have been ordered to prepare to move at a moment's notice, rations and ammunition being served out last night.

The only explanation offered by army officers here of the military activity along the border is that normal precautions are being taken in view of SEVENTH STREET COTTAGE-WE the diplomatic crisis which has arisen between Washington and General Car-

General Gavira, the Carranza commander at Juarez reiterated tonight his belief that no serious friction would arise between the two coun-

QUIET PREVAILS ALONG LINE OF COMMUNICATION.

Columbus, N. M., April 15 .- Military reports reaching Columbus tonight tell of quiet prevailing along the American line of communication between here and Casas Grandes. General Arnulfo Comez's command, the whereabouts of which had puzzled intelligence officers, was located today, but nothing contained in the dispatches was revealed other than the Mexican forces are not advancing in such way as might menace the supply route.

It was admitted here that all precautionary steps ordered by General Funston to guard the line and meet any eventuality have been taken and detachments at Boca Grande, Espia and Ascencion have been reinforced. A rumor that a truck train had been fired upon norht of Casas Grandes was discredited generally.

Trucks with drivers stood in readiness to carry troops rapidly to any threatened point. For the first time in several days

communications were received here over the army wireless from General Pershing, but the contents of the messages were not revealed.

Quartermasters' reports here indicate that the hardships which some advanced expeditionary detachments have experienced as a result of inability to obtain supplies have been overcome and that all of the troops now in the field are provided amply with food and equipment.

WOULD TAKE OATH TO OBEY ORDERS OF THE PRESIDENT.

Two More Provisions for Federalizing National Guard Adopted. Washington, April 15 .- Two more

provisions designed to strengthen the you a freeholder. J. G. Wright & Federal status of the National Guard were written into the Senate army bill A FEW BOARDERS CAN BE ACCOMtoday. In the course of debate, enlivened by modated at 410 North Front street, with nicely furnished rooms; excellent
