Chicago, May 28.—Chicago shut out Cleveland two to nothing in both games of a double header here today. The first game was a pitchers' duel between Scott and Coumbe, in which the latter lost, it being his first defeat of the season.

In the second game, Morton's winning streak was broken. He had won eight straight before he met defeat, and his downfall was the direct result of erratic support. Faber pitched a masterly game, doing his best work in the pinches. Sensational fielding was done by both clubs.

VIRGINIA LEAGUE PENNANT TO FLOAT IN ROCKY MOUNT FRIDAY

Rocky Mount, N. C., May 28.—Appropriate exercises with a great big jollification are expected to mark the raising of the Virginia League pennant in this city on Friday next. The occasion will be the visit of the Portsmouth club from which team it was won in the championship clash of last September, each club having taken one of the half seasons. It so happens that Portsmouth occupied the top rung in the percentage column right now, and that Rocky Mount is in the runner-up position, and this within itself is assurance sufficient that the game will be a battle royal.

PLAN ON FOOT TO ORGANIZE NATIONAL GOLF ASSOCIATION

Chicago, May 28.—Plans for the organization of a National Golf Association with plenary powers over all golfers in the United States and equal representation of all state and regional associations were announced tonight by Horace F. Smith, of Nashville, Tenn., a director and former president of the Western Golf Association through Crafts W. Higgins, of Chicago, assistant secretary of the Western Association.

The movement was started because of the refusal of the Massachusetts and other associations to obtain the rule of the United Golf Association, making Francis Outmit and many other golfers professionals because they dealt in golf goods.

Up to the present all golfers in America, Mr. Smith said, had submitted willingly or protestingly to the rules formulated by the United States Golf Association which was organized when golf was largely confined to the northeastern quarter of the country, and has since taken in no active members although golf clubs had sprung up in every city of any size. Mr. Smith said that the records for 1915 showed that only 30 golf clubs were active members of the United States Golf Association or only about eight per cent. of the total number of clubs in America.

JAMES J. HILL IS IN A SERIOUS CONDITION

(Continued From Page One.) telephone a firm of pharmaceutical chemists in Chicago and upon learning that a supply of this sedative could be obtained there, he ordered a special train on the Chicago, Burlington and Quincy railroad to bring the sedative to St. Paul. It arrived last night, having made the trip of 431 miles in eight hours and three minutes or at an average of 54 miles an hour. Railroad men stated that this shattered all speed records between Chicago and St. Paul.

When the sedative was delivered at the Hill residence, the surgeons had decided not to avail themselves of it. All traffic, both passenger and freight, on the Burlington railroad between St. Paul and Chicago was sidetracked to give the way to Hill special. Late tonight Dr. Briggs and Dr. Gillilan issued the following statement: "Condition tonight less favorable and on account of the patient's age the outlook becomes extremely serious." Dr. William J. Mayo said: "Mr. Hill is a very sick man." Indianapolis, May 28.—Barney Oldfield smashed the lap record of the Indianapolis motor speedway when he circled the two and a half mile course today in 1:27:50, an average of 102.623 miles an hour. The former record of 1:30:13 was made by Georges Bollot in 1914. Oldfield was not using the car he will drive in the sixth annual international sweepstakes race Tuesday.

MRS. JORDAN IS EATING MEATS AND PIE AGAIN

Had Worst Kind of Indigestion and Paid \$500 Without Gaining Relief—Tanlac Turns Tide.

Mrs. N. J. Jordan made the following interesting statement a few days ago: "I have spent five hundred dollars for medicines and treatments for indigestion, which failed to relieve me, but Tanlac has made me feel like a new woman. "I had the worst kind of indigestion for five years; was nervous and had to take medicines to make me sleep. I was troubled with heart pains and was compelled to eat light foods. I could not eat meats of any kind. When I read the statements from reliable people, I decided to try Tanlac. "I have finished four bottles of it, and can eat anything I want. Color has restored itself in my cheeks. It certainly is a pleasure to be able to eat meat, potatoes, pie, and such good foods and to be in position to go about and enjoy housework. My sleep is just fine, too. Also, I have gained five pounds."

Mrs. Jordan is the wife of a well known Raleigh manufacturer, and lives at 122 West Davis street, that city. The Bellamy Drug Store sells Tanlac exclusively in Wilmington; Watson's Pharmacy, Southport; C. L. Halstead, Burgaw. There is a Tanlac druggist in every town.—adv.

REMARKABLE RECORD IS MADE BY GIANTS

They Have an Unbroken String of Sixteen Victories.

Eastern Clubs Virtually Monopolize First Positions in Both Leagues—Summary of the Playing During the Week.

New York, May 28.—The interest of the baseball world was focused in the week just closed on the remarkable record of the New York Nationals. The rejuvenated Giants, who were able to win only two out of first 15 games this season, now have an unbroken string of 16 victories and have moved from last position to second place where they are within two games of Brooklyn leaders.

The straight wins took the followers of the game completely by surprise because of the abrupt reversal of form and the consistent good playing in all departments.

The aggressiveness developed by the Giants leads many of their followers to hope they will not stop until they have equalled or surpassed the world's records of 29 straight games won, made by the old Providence team in 1884 or the modern record of 14 straight games made by the Chicago Americans, the famous "hitless wonders" of 1908. The Eastern clubs by virtue of the success of their western invasion, virtually monopolize the first positions in both leagues. The only exception is the Cleveland Americans. The first invasion of the west which ended Wednesday resulted in the eastern clubs of the National league winning 35 games and losing 19, while the Eastern teams of the younger organization won 28 and lost 19.

Brooklyn lost the lead in the National League during the week to Philadelphia but holds it today as a result of its double victory over the Phillies Saturday. The three leading teams are so close together that any day may bring changes. The Boston Braves were unable to split even on their western trip and fell back into fourth position by losing three straight to the Giants.

The four Western clubs fared badly during the week and were unable to better their positions appreciably. In the American League the feature of the week was the fight between Washington and Cleveland for first place.

The Senators went into the lead early in the week, only to be dislodged by the Indians, but they got back into the coveted position yesterday by winning a doubleheader from Philadelphia while Cleveland was idle. Cleveland's double defeat today by Chicago strengthened Washington's hold on first place. Cleveland was unable to do better than split even during the week, winning two games and losing two. Washington won five, lost one and tied one. Good pitching and strong offense has helped Washington while Cleveland's good showing may be attributed in no small way to the individual playing of Trip Speaker and John Graney. The form displayed by the New York Americans was another of the features of the week. The Yankees have won five straight games chiefly through the hitting of Leslie Numamaker, who leads the American League batters "Paddy" Baumann, who is relieving Frank Ba-

ker during the latter's indisposition. Magee and Pipp. The world champion Boston Americans took three straight games from Detroit last week, but then lost three straight in their series with New York. Largely because of poor pitching and the failure of Cobb and some of the others to strike their stride the Detroit Tigers continued to lose during the week, winning only one game and dropping into sixth position. Chicago played only three games, winning one and losing one and playing a tie with Washington Thursday. Neither the Athletics nor St. Louis made any progress, each losing three games and winning two.

TO CALL DR. BROUGHTON

Will Be Asked to Return to Tabernacle Church, Atlanta, Ga. Atlanta, May 28.—Members of the Baptist Tabernacle decided today to extend a call to Rev. Dr. Len G. Broughton, now pastor of the First Baptist church, at Knoxville, Tenn., to return to the Tabernacle church which he founded some 15 years ago. He served the Tabernacle as pastor until six years ago when he became pastor of Christ's church, London. Dr. Broughton returned from London nearly a year ago and became pastor of the Knoxville church.

MEXICAN DECREES ARE IMPOSED UPON AMERICAN MINERS

(Continued From Page One.) special credit to Private Hulett, who killed both Cervantes and Bencomon as they rode by him. Several of Villista bandits were wounded as well as blood plainly indicated. Identification of Cervantes absolute. Death regarded by many people in this vicinity as fortunate. Private Strong, troop D, Seventh Cavalry, reported missing from camp, returned May 24, having been lost.

CERVANTES AND BEAUCOME BURIED WITHOUT CEREMONY

Field Headquarters, at Namiquipa, Mexico, will order to Columbus, N. M., May 28.—Candelaria Cervantes and Juan Beaucome were buried today without religious ceremony. There were no flowered carts, no words spoken over the graves of the two bandits who had caused the expeditionary command almost as much trouble as has Villa himself. Even the village padre at Namiquipa, where Cervantes had grown to manhood, declined to officiate at the services.

Two dusty two-wheeled carts, drawn by dustier mules, bore the coffins through the puddled adobe huts of the town to a little cemetery on the outskirts. A few Mexicans, wrapped in dirty blankets, one of them Cervantes' father, a toothless old woman, and a few dogs, comprised the funeral party.

The quiet burial was ordered by the civil authorities of Namiquipa, the majority of the citizens having insisted that the body of Cervantes, brought here after he was killed in an attack upon an American army engineering party last Thursday, be gotten out of the town.

GENERAL SALAZAR GIVEN HIS CITIZENSHIP PAPERS

El Paso, Texas, May 28.—General Jose Ynez Salazar and the three privates who followed him to the end of his harmless revolution appeared before General Gavira today to receive their citizenship papers to allow them to return to their homes and civil life. Following their surrender two days ago, they have agreed to live as private citizens and keep out of politics. Salazar told General Gavira he left the United States because he feared arrest there. In surrendering, he said, he accomplished his sole desire, which was a guarantee of citizenship under the Carranza government.

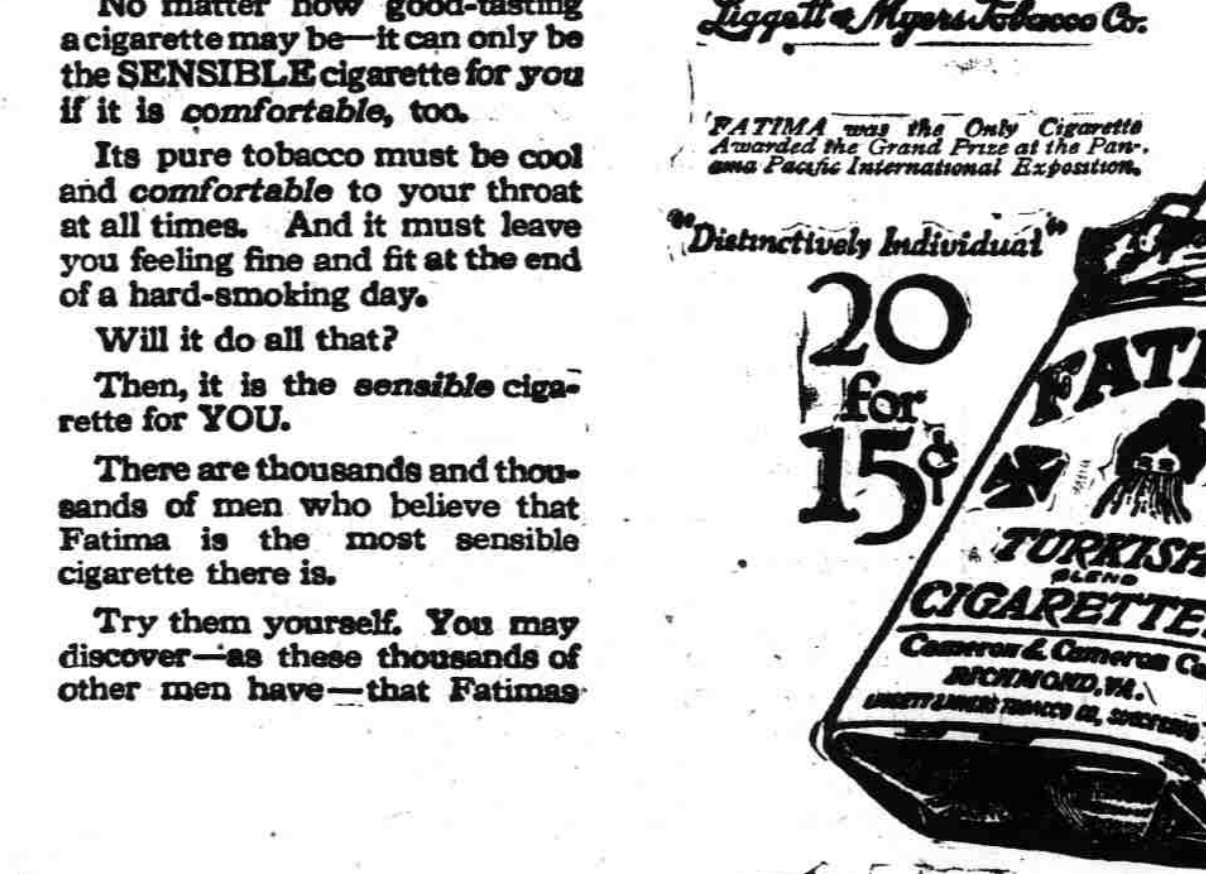

VITAL QUESTIONS TO BE EMBRACED

(Continued From Page One.) dress of the temporary chairman, and appoint the committee. The second day will be devoted to permanent organization and consideration of the committee reports which, of course, will include the adoption of the party platform. The third day speeches. "After that will come the balloting for President and Vice-President and nobody knows how long we will take to get through. We hope to get through Saturday, but if there is a deadlock the convention may go over to Monday. This convention will be a truly deliberative body." Chairman Hill appointed Frank A. Smith, of Pennsylvania, as chief assistant secretary for the convention. John W. Dwight, manager of the Elihu Root Campaign, announced that his candidate would not come to Chicago for the convention.

London, May 28.—Ten have been convicted of espionage at Brussels, according to a Reuter dispatch from Amsterdam, which quotes the Telegraaf as authority for the statement that three persons already have been executed while the sentences of seven others who were condemned to death were commuted to life imprisonment.

Even a King can't dictate what you should like or not like

If it so happened that Fatimas were originally "Made and blended for the King of Whatiz"—would that fact prove that you were going to like Fatimas best? It would not. A man's taste is his own. A cigarette that might delight some old potter's palate would not necessarily please you. That's why we leave Fatimas up to your taste. But there is something more than good taste that is mighty important to you. No matter how good-tasting a cigarette may be—it can only be the SENSIBLE cigarette for you if it is comfortable, too. Its pure tobacco must be cool and comfortable to your throat at all times. And it must leave you feeling fine and fit at the end of a hard-smoking day. Will it do all that? Then, it is the sensible cigarette for YOU. There are thousands and thousands of men who believe that Fatima is the most sensible cigarette there is. Try them yourself. You may discover—as these thousands of other men have—that Fatimas
