MAJOR LEAGUE PENNANT RACES ARE TIGHTENING

Leaders in Both Circuits Being Pushed to Hold Positions.

They Will Have to Brace Up or Fall Back—Detroit and Philadelphia Gradually Drawing Nearer to the Top.

New York, June 25.—The past week brought a tightening of the pennant races in the National and American Leagues and both Brooklyn and Cleveland, leaders in their respective circuits, saw their positions threatened seriously.

Philadelphia went to within four points of a tie with Brooklyn on Tuesday, and the following day Detroit tied Cleveland temporarily for first place in the American.

The leaders will hold their places, but they must brace up or they will be forced to relinquish them.

Boston, with Evers, back in the lineup, was the most successful team in the National League. The Braves won four games and lost two, moving into third place ahead of New York.

Boston won a ten inning and an 11 inning game and lost an eleven inning contest. Victories in double-headers on Thursday and Saturday gave Brooklyn its four victories.

New York lost five out of seven games. Except for Burns and Robertson the Giants are not hitting as they did on their western trip.

Alexander won his regular two games for Philadelphia last week, defeating Brooklyn and Boston. The Phillies got within four points of Brooklyn Tuesday, but fell back the latter part of the week.

Cincinnati and Pittsburg were the winning teams in the western contingent of the National.

New York and Boston set the pace in the American League. The Yankees won seven games and lost two by heavy hitting and good fielding.

The Red Sox won six and lost one. New York moved from fourth to second place and Boston from fifth to fourth.

The Yankees took three out of four games from Cleveland, and won four games from Washington.

After the disastrous series with New York Cleveland moved from fourth to second place and managed to break even, retaining first place.

The playing of Cobb was a big factor in Detroit's success. Cleveland's pitching staff is not going well.

The Yankees made 19 hits for 19 runs, against five Indian pitchers last Sunday. Washington continues to lose the Senators falling from second to fifth place during the week.

Baumann, of the New York Americans, and Long, of the St. Louis Nationals, each made five hits out of five times at bat on day last.

Hinchman, of the Pittsburgh Nationals, had a perfect average out of four times at bat.

Foster, of the Red Sox, led the pitchers for the week. He shut out New York on Wednesday at Detroit.

Hughes, of the Braves, increased his no-hit mark to a total of 15 2-3 consecutive innings.

DRUMMER WHOSE GOODS ARE PRODUCTS OF HIS FARM Alamance Man Sells Canned Goods and Preserves Thruout the State.

(Special Star Correspondence.) Greenville, N. C., June 24.—A day or two ago, your correspondent was in one of our grocery stores, when a drummer came in, pushing his pack, mopped his brow and said, "It's hot. It was a hot day, too. Well a look at that man showed that he was not the regulation drummer nor one who traveled for his health, but a real drummer, "masher," was not a "seat hog," nor an "all nighter" around the table.

He appeared to be a good plain fellow, the kind of fellow you would play in your back yard.

Soon there was spread out upon the counter samples of pickles, preserves, jellies, kraut, canned goods, etc. Then he opened some of them and asked us to sample them. They were fine, "just like mother used to make." And got to talking with him about them. We were surprised to find they were of his own make and right here in North Carolina, too. A home-made man, selling home-made goods to home folks, for home consumption. Then we got to talking.

POLICE CHIEF RESIGNS Outgrowth of Murder of Judge Lawler, Overton Still at Large.

Huntsville, Ala., June 25.—A. D. Kirby, chief of police of Huntsville, whom the special grand jury investigating the recent murder of Probate Judge Lawler criticised for alleged laxness in enforcing prohibition laws, resigned late today.

Mayor Lanier accepted the resignation, which was tendered after Kirby had made a statement this morning saying he would not "resign as a piece of paper."

The grand jury report attributed to illicit sale of liquor much of the general conditions in this section which led to Lawler's murder, the suicide of Attorney Pleasant, and the murder of Phillips and as well as numerous frauds in a preliminary which preceded the murder.

Efforts still were being made to apprehend D. D. Overton, for whom a warrant had been issued in connection with the Lawler murder.

ATTENDED OXFORD MEETING

Acting Grand Master C. L. Pridden Presided at St. John's Celebration—Dr. McClure Speaks.

Acting Grand Master Claude L. Pridden, of the Grand Lodge of Masons of North Carolina, and Rev. Dr. A. D. McClure, returned late Saturday night from the Oxford Orphanage, where the former presided and the latter delivered the annual oration at the celebration of the anniversary of St. John, this occasion being observed each year at this well known Masonic institution.

The crowd in attendance was one of the largest that has ever appeared at one of these annual events, the weather conditions being ideal.

The people came by private conveyance, by rail and in automobiles for miles around and as an indication of the size of the crowd, the barbecue was exhausted before the speaking had been completed.

The following account of the occasion is taken from the Raleigh News and Observer: "At 11:30 there was a special communication of the Grand Lodge of Masons in the Masonic Hall. Immediately afterwards the oration was read and marched to the stand, where the exercises were held. In the stand adjoining were placed the children, who sang the three numbers included in the programme."

"The exercises were conducted by Deputy and Acting Grand Master Claude L. Pridden, of Wilmington. After prayer by Dr. A. D. McClure the children sang, 'Love Lifted Me.' This was followed by the address of welcome which was delivered most happily by B. K. Lassiter, of the Oxford bar. The response was fittingly made by Andrew J. Harris, of Henderson. Another song, 'The Old North Star' preceded the oration of Rev. Dr. A. D. McClure, of Wilmington, whom the acting grand master introduced as the most practical exponent of Masonry that he knew."

Dr. McClure's oration, while not a set affair and while it had never been reduced to manuscript, was beautiful in theme and happy in diction. His central idea was the harmonious working out in Masonry of the laws of light and love as represented by Masonic association with the lives of St. John the Baptist, and St. John the Evangelist.

"There were many things connected with the day that added to the general interest. The Third Regiment Band appeared in the morning and dispensed music and the Granville Grays, who are preparing for service at the front, marched into the grounds.

A considerable number of former orphanage boys and girls attended the celebration, registering in the treasury building in which the very young children are housed, was the chief center of attraction and had many visitors during the day."

WILL NOT OPEN ON SUNDAY Manager Bayne, of United Cigar Store, Says He Has No Intention of Testing City Ordinances.

The rumored testing out of Wilmington's Sunday regulations by the United Cigar Store will not take place, according to Manager E. H. Bayne, who stated last night that he expected to abide strictly by the city ordinances now in effect or which may be put into effect in the future. The store was open for several hours yesterday morning but Manager Bayne said that this was simply for the purpose of "cleaning up" and not for the purpose of selling cigars or soft drinks. However, those who were in the vicinity of the store early in the morning demolished what the store was doing a good business.

Mr. U. E. Lebering, district sales manager for the United Cigar Stores in the South, arrived in Wilmington Saturday night and was understood to be the matter of opening up on Sunday was in his hands. However, he said last night that he no idea how the rumor got out as it was not his intention to have the store opened on Sunday.

Manager Bayne said that when application was made to City Council for a license to operate a dairy lunch counter that it was made in good faith but since it was turned down by the City Fathers that the store would not be kept open on Sunday.

The rumors had the effect of causing members of Council having signed meeting on Saturday afternoon to enact more stringent restrictions as to Sunday selling, as stated in yesterday's Star, and the new ordinances adopted will go so far as to prohibit the opening of cigar stores and soft drink stands on Sunday, except in connection with drug stores, restaurants, cafes and other similar enterprises.

The old ordinances, which are still effective in connection with pool and billiard tables, it is made incumbent upon the proprietors to screen the tables from public view.

INCREASES TYPHOID CHANCES Board of Health Warns Against Going on Vacation Without Vaccination.

The State Board of Health is again urging people not to go on their vacations until they have taken the vaccine treatment against typhoid fever. The board urges this precaution on account of the many dangers of taking vacation trips, camping parties or outings of any kind. It says that there are many more chances of getting the typhoid while traveling and when eating and drinking at various places than at home, and that the best and the only safeguard against such liabilities is the immunity to the disease that is to be had from the vaccine treatment.

The board says further in its note of warning that often what is in the beginning a bright and joyous vacation is at the end one of sickness and sorrow on account of this one unheeded precaution; that people as a usual thing don't altogether ignore this important feature of their preparation for vacation, but that the vacation is until finally for lack of time it is dismissed as out of the question.

"Then, too," says the board, "there are people who, if they are going to

RAILROAD MAN OF WILMINGTON GLAD HE TOOK TANLAC

E. A. Futrell, of Atlantic Coast Line Says He Gained More on It Than He Hoped For—Suffered Two Years—Operation Failed Him.

E. A. Futrell, flagman for the Atlantic Coast Line Railroad, and residing at 410 North Front street, the city, was sick, took Tanlac, gained health on it, is happy, and now wants other sufferers to share his good luck.

He explained all of this to the Tanlac Man, as follows: "For the past two years I was troubled with gas accumulations and pains after eating, constipation and nervousness. Even an operation that I underwent some months ago failed to relieve me of that terrible form of indigestion."

"I could hardly work at times, my sleep was irregular, and, in fact, I was generally run-down. Then, because Tanlac was helping so many other Wilmington folks I tried it. That decision marked my turning, for I have gained more than I had hoped for from it."

"It is really remarkable when I realize that though I am only on my second bottle of Tanlac I can eat anything I want and without fear of pains around my heart or of after effects; gas accumulations are gone and I feel better than for years."

"Tanlac has increased my weight, and I think it the best medicine going today, and I know no one can go wrong on it, if they suffer anything like I have."

This ideal reconstructive tonic-appetizer, invigorant, blood and system purifier, is sold only in Wilmington by the Bellamy Drug Store, where the Tanlac Man explains its merits daily; Burgess, C. L. Halstead; Rocky, W. N. Rhodes & Co.; Magnolia, J. L. Southall; Southport, Watson's Pharmacy; Supply, G. W. Kirby; New Bern, Bradham Drug Co.
