

# ARREDONDO TO SEE MR. LANSING TODAY

### To Repudiate Statement Attributed to Cabrera Assailing the Administration.

## ALSO OTHER CRITICISMS

### Instructed to Deny Authenticity of Alleged Quotations, It is Said—Leaders in Mexico Urging Election of General Carranza.

Washington, Oct. 30.—Eusebio Arredondo, Mexican ambassador designate, arranged today to see Secretary Lansing tomorrow for the purpose of repudiating the statement attributed to Luis Cabrera assailing the administration for alleged violation of American neutrality and immigration laws. The ambassador expected to make the call today, but postponed it because of illness.

His explanation, which will include Mr. Cabrera's disclaimer of responsibility for the statement, probably will close the incident.

Mr. Arredondo will also take up with Secretary Lansing published criticisms of the American administration's dealings with Mexico attributed to General Carranza, Obregon, Gonzales and other high officials of the Mexican government. It has been stated at the embassy that Mr. Arredondo has been instructed to deny the authenticity of the alleged quotations.

The embassy manifest public today a copy of the manifesto issued in Mexico City October 25, and bearing the signatures of Obregon, Gonzales, Benjamin Hill and Eduardo Hay, placing the name of General Carranza in nomination for the presidency of Mexico and setting forth reasons for urging his election.

The manifesto rehearses the situation in the country after six years of war "justified, in fact, by great popular necessities, though not less painful and exhausting," and exhorts the Americans in Mexico to work toward peace and economic development. It points out that the signers consider the election of Carranza the most efficacious means to the end in order that constitutional order may be restored as the "basis for the gigantic work of reconstruction which we should labor for without regard to the unexpected attentions and momentary problems confronting a provisional regime."

## KILLED FRIEND BY MISTAKE, SUFFERS NERVOUS BREAK-DOWN

### Durham Farmer, Who Killed Share-Cropper, Exonerated by Coroner.

(Special Star Telegram.)

Durham, N. C., Oct. 30.—The terrible strain of remorse from the thought of having killed his friend and share-cropper in mistaking him for a burglar, J. E. Creech, Jr., of Durham county, has suffered a nervous breakdown.

He accidentally shot John Emory, who lived in the same house with him, while the latter was attempting to go to his own room about midnight. The Durham county coroner exonerated Creech of any blame for the tragedy.

Emory returned from Creedmore about midnight and attempted to obtain entrance to his room by a window. He was unsuccessful and went to the door of the home. Creech thought he heard the footsteps of a midnight prowler and opened the door and emptied the contents of a gun, center aim. The lead entered the left cheek and made its exit at the crown of the head.

## SENATOR OWEN TURNS THE TABLES ON THE COLONEL.

### Answers Statement as to How Many Americans Killed in Mexico.

Phoenix, Ariz., Oct. 30.—Senator Owen, of Oklahoma, in a speech here today, replied to statements of Theodore Roosevelt on his recent western campaign tour that during President Wilson's administration "over 500 Americans and 300 Chinese have been killed in Mexico."

"Mr. Roosevelt's premises are untrue," declared Senator Owen.

"Under Roosevelt's own administration at least 80 Americans were reported killed; under Taft 87 Americans; under Wilson 119, citizens and 38 soldiers and marines, during nearly four years of revolution. During Taft's administration 386 foreigners were reported to the State Department as killed in Mexico and during Wilson's administration only 230 were reported, including 17 British, 38 Spaniards, four Germans, four Japanese, and seven Chinese.

## PROGRESSIVE LEADERS TO PLAN HOW BEST TO SUPPORT WILSON

### Will Hold Conference in Chicago Today, It is Announced.

Roanoke, Va., Oct. 30.—Leaders of the Progressive party who have not returned to the Republican party will meet in Chicago tomorrow for a conference on how they can best co-operate with the Democratic party between now and election day for the re-election of President Wilson. This information was contained in a telegram sent to R. E. Fairfax, of Roanoke, a Progressive leader in Virginia, today and made public by him tonight.

Those leaders who attend the Chicago conference, said Mr. Fairfax, will urge former Progressive voters to cast their votes for Mr. Wilson and the Progressive vice presidential candidate, John M. Parker.

## COTTON DECLINES OVER \$2 A BALE AT NEW ORLEANS

New Orleans, Oct. 30.—Liquidation of long contracts, inspired chiefly by the report of a British vessel being sunk with Americans on board, caused a decline of something over \$2 a bale in cotton on this market today. At the lowest prices of active months in the contract market were 41 to 44 points down. The close was steady at a net loss of 34 to 40 points.

## ARE CONFIDENT THAT MR. WILSON WILL WIN

(Continued From Page One.)

party and before the present week ends he is sure he will have convinced enough voters to elect the Democratic faith to carry the next House by a narrow margin.

Over in the Senate it is safe to say the Democrats will retain their control. They have a safe majority and winning candidates. The Republicans would take the control from the Democrats.

The Republicans are making their greatest fight for control of the House. They know the presidential election will be a close one. The House election indicates a Wilson victory. They are therefore exerting every effort for the control of the House, hoping against hope to get the White House four years hence.

H. T. Hudson, of Shelby, chief clerk of the House of Representatives, left tonight for home where he will make a half dozen or more speeches for President Wilson before election one week from tomorrow. Mr. Hudson believes Wilson will win the election and he thinks the President is strong enough to carry the House with him. P. R. A.

## VIRGINIANS STORING FOR LONG DRY SPELL

(Continued From Page One.)

ings and watch services and the church bells will be tolled as the saloons are closing their doors for the last night. In the private clubs and hotels elaborate "wakes" will be held to mark the passing of liquor.

## SALOONS IN BRISTOL DON'T HAVE TO LEAVE THE CITY

Bristol, Va.-Tenn., Oct. 30.—At least seven of the 13 saloons of Bristol, Va., will become inter-state shipping houses within a stone's throw of their present locations on November 1. They have but to move their stocks across the line that divides Virginia and Tennessee on the night they are closed by law in Virginia. The Tennessee law prohibits interstate shipping houses in that state.

Persons on the Virginia side may telephone orders for liquor to the interstate shipping houses on the Tennessee side, but they are allowed to order but one quart of whiskey per month, three gallons of beer or one gallon of wine.

With houses well stocked with liquor in their midst, residents of the Tennessee side, will have to order from distant states.

## REGULATIONS GOVERNING IMPORTATION OF COTTON. Modified to Include Burlap and Certain Other Wrappings.

Washington, Oct. 30.—Regulations governing importation of cotton, designed to prevent introduction of the pink boll worm, were amended today by the Department of Agriculture to include burlap and other wrappings used for wrapping cotton and to which cotton is adhering. Considerable quantities of such fabrics are being imported for use in making certain grades of paper and for other purposes.

## MOB VIOLENCE THREATENED. Against Negro Who Shot White Man at Oxford Fair.

(Special Star Telegram.)

Durham, N. C., Oct. 30.—News reached here today from Oxford, N. C., of mob violence against the negro who so dangerously wounded Lew Seeker, a member of a carnival company, at the Granville county fair. The negro was a piano player traveling with the troupe. He was soundly thrashing his wife when Seeker intervened. The negro pulled a pistol and shot him through the upper abdomen. Seeker is in a Waits hospital at Durham.

## JURY HOPELESSLY DIVIDED. But Continues Deliberation in Copeland Case.

Galveston, Texas, Oct. 30.—The jury in the case of John Copeland, a banker of Marshall, Texas, charged with murder in connection with the killing of William Black, an anti-Catholic lecturer, tonight listened to a reading of the testimony and resumed their deliberations. Judge Briggs refused to discharge the jurors early today, despite their statement that they were hopelessly divided. The case was given to the jury Saturday night.

## NORTH CAROLINA, PENDER COUNTY. In the Superior Court.

J. R. McPhail, Sr., vs. Pender Brick Works Co. Notice of Receiver's Sale.

By virtue of a certain decree of sale, made in the above entitled action, the undersigned Receiver, appointed by said decree, will sell to the highest bidder, for cash, all the property belonging to said company, as its plant in Pender County, about one mile North of Burgaw, N. C., on Monday, December 4th, 1916, beginning at 10 o'clock in the morning. The property of said plant consists of the following:

- 4 acres of land upon which said plant is situated.
- 70 acres of land about one half mile to the North of said plant, on the Gasco line adjoining the Atlantic Coast Line Railroad, said sale to be made on the premises.
- 1 fifty horse power boiler and engine, at the plant.
- All pulleys, belting, shafting, etc., attached to said mill plant, of whatever nature or description.
- 25,000 raw brick, at said plant.
- Any other property at said plant, belonging formerly to the Pender Brick Works Company, of whatever nature or description.

This sale will be made subject to confirmation by the court, and prospective purchasers can buy from the receiver at private sale upon satisfactory terms.

This October 24th, 1916.

J. R. McPHAIL, Receiver.  
Grady & Graham,  
Attorneys for Receiver,  
Clinton, N. C.

## TANLAC RESTORES COLOR AND HEALTH IN LITTLE MARY

### Mrs. E. L. Snyder Says Neighbors, Who Saw Change, Laughingly Call Her Daughter "Tanlac," Seems to be Eating all the Time.

Another instance in which a North Carolina child has been greatly benefited by Tanlac—an instance demonstrating the Master Medicine's adaptability to the young, as well as to the old—is held in the endorsement of Mrs. E. L. Snyder. Her story:

"My little six-year-old daughter, Mary, was sick all summer. She had no appetite to speak of, and was feverish. Ambition in her was noticeably lacking, and her complexion was not fully rosy.

"My little girl's condition was known to neighbors, and now, since Mary has taken Tanlac and gained so wonderfully on it, the neighbors playfully call her 'Tanlac.'

"Even though Mary has taken but a small amount of Tanlac, her appetite has increased greatly, and it seems as if she is eating all the time, now. There is a better color in her little face and she displays lots of life and vigor. Mrs. Snyder, who resides on Gregory street, Greensboro, in which city she and her family are well known. (Statement given Aug. 22, '16.)

Genuine Tanlac is sold in Wilmington by the Bellamy Drug Store, exclusively, where the Tanlac Man explains its merits daily to many people; Acme, Acme Store Co.; Burgaw, C. L. Halstead; Southport, Watson's Pharmacy; Rocky Point, A. N. Rhodes & Co.; Supply, G. W. Kirby; W. L. Southall; Faison, Faison Drug Co.; Pembroke, G. W. Looklear; Snow Hill, J. T. Harper; Vineland, R. B. McKay & Co.; Whiteville, J. McNeil & Son; Varona, G. W. Humphrey. Each town has its Tanlac dealer—adv.

## SAYS DURATION OF WAR DEPENDS UPON TEUTONS' ENEMIES

(Continued From Page One.)

programme, except that one—to gain victory.

"Where and how that shall be done, can only be decided each moment anew by the heads of events. Therefore a decision can be looked for as well in the East as in the West.

"It is nonsense if they tell you that I intend to shorten my front in the West. I never thought of it. Why should I do it? The front in the West stands as firm as a rock, and if our enemies by gigantic use of artillery here and there gain a little terrain they shall never break through. In order to do this they would still have to attack for 30 years, provided they had enough men.

"The French show great tenacity, but they are exterminating lives by their method of fighting. All their tenacity will be of no avail, for in the end there will be none of them left. This fate of the French nation is owing above all else to the British. If the British ask next spring for one more offensive campaign they will rob France of the remainder of her army and her national strength.

"This war will make no great change in the estimate of British military accomplishments. Great strategists, in particular, are lacking among the British.

"The Transylvania is excellent. The Rumanians are in retreat and the day of reckoning is coming. I welcome their entrance into the war with joy. By means of it we got out of trench warfare."

## DRINK A GLASS OF REAL HOT WATER BEFORE BREAKFAST.

### Says we will both look and feel clean, sweet and fresh and avoid illness.

Sanitary science has of late made rapid strides with results that are of untold blessing to humanity. The latest application of its untiring research is the recommendation that it is as necessary to attend to internal sanitation of the drainage system of the human body as it is to the drains of the house.

Those of us who are accustomed to feel dull and heavy when we arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous, stagnant matter.

Everyone, whether ailing, sick or well, should, each morning before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach and liver and cleanse the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into it. The acid, hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives you a splendid appetite for breakfast. While you are enjoying your breakfast the phosphated hot water is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatic stiffness; others who have sallow skins, blood disorders and sticky complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.

## MADE UNCONSCIOUS BY SHOCK

### Suburban Trolley Car Collides with Automobile Driven by Mr. E. P. Brock, Who is Injured.

Knocked unconscious by the heavy impact of a suburban trolley car which collided with an automobile he was driving, Mr. E. P. Brock, a prominent timber man of this city, who resides at No. 415 Red Cross street, is in the James Walker Memorial Hospital. The extent of his injuries could not be ascertained last night but while serious it was not thought that they were fatal.

The unfortunate accident happened at the intersection of 13th and Princess streets yesterday afternoon at 3:55 o'clock. A suburban beach car of the Tidewater Power Company, bound for Winter Park, was going east on Princess street, while Mr. Brock was driving his automobile south on Thirteenth. It was raining at the time and Mr. Brock had the curtains up on his machine which prevented his seeing the approaching trolley car.

Motorman L. Brinson, who was running the trolley car, said that he did not see the automobile until it was nearly on the track and that he then threw on his emergency brakes and blew his whistle. However, it was then too late to prevent the collision, the street car striking Mr. Brock's machine squarely near the front end and stopping the trolley lifting it almost clear of the ground and carrying the automobile for a distance of about 30 feet. The tracks being wet from the rain made it impossible for the street car to be stopped as quickly as would have been the case ordinarily.

While Mr. Brock was not struck directly by the street car, the tremendous force of the impact caused such a shock as to render him unconscious. He suffered no bruises or contusions except one on the head.

An ambulance was quickly summoned and the injured man rushed to the hospital for treatment, where Dr. J. E. Cranner rendered the necessary surgical attention. Dr. Cranner stated last night that it was impossible to determine the extent of his injuries until he recovered consciousness.

Mr. T. J. Baird, superintendent of transport for the Tidewater Power Company, who was notified by telephone, was quickly on the scene following the accident and did everything possible for the relief of the injured man.

Columbus, O., Oct. 30.—Frank C. Daley, special assistant of the United States Attorney General, appointed to investigate alleged "colonization" and other election frauds in Ohio, Indiana, and Illinois, stated here today that certain law violations had been disclosed by information now in his hands.

## GENERAL GRAND CHAPTER OF ORDER OF THE EASTERN STAR

### Convention Will Open in St. Louis Today—400 Delegates.

Louisville, Ky., Oct. 30.—Delegations from all sections of the United States, several provinces of Canada, Porto Rico, Alaska, the Philippines and Hawaii are in Louisville tonight, ready for the opening tomorrow of the fifteenth triennial assembly of the General Grand Chapter of the Order of the Eastern Star. The convention will last three days.

About four hundred delegates, representing a membership of approximately seven hundred thousand will be here. Numbered among the visitors will be some of the most notable figures in Masonry and the meeting is expected to be one of the most important in recent years. Among other questions which it is said will be brought before the General Grand Chapter, is a proposition to amend the constitution so as to provide the supreme body with greater power in levying assessments against the constituent grand chapters, the money to be used for expenses of the general grand chapter.

## FOUR TO ONE FOR WILSON

### That is the Way Fayetteville Votes in Straw Balloting.

(Special Star Correspondence.)

Fayetteville, N. C., Oct. 30.—Fayetteville is 4 to 1 for Wilson, according to the indication of the straw vote being taken by the local Rexall store, Saturday was the first day of the vote taking in this city and the ballots cast on that day were 48 for Wilson and 12 for Hughes. The national vote being taken by the Rexall stores all over the country gives Wilson a lead of 11,084—approximately 10 per cent.—in the popular vote, and a lead of 36 in the electoral college. Wilson's popular vote on Tuesday was 64,200; Hughes, 63,136. The popular vote as distributed gave Wilson an electoral vote of 256 and Hughes 226.
