Mongolia's Gunners Jubilant Over Feat of Sinking German Submarine With First Shot Fired Since Entering the War.

..... May 13.-The American steamship Mongolia, from which the country's first shot in the war with Germany was fired with such accuracy that a German submarine was sunk, arrived at an American port today from Europe, bringing a report by the officers of another apparent encounter with a U-boat.

The second adventure was on May 4, according to Lieutenant Bruce M. Ware, the man who commanded the naval gun crew which disposed of the submarine April 19, the anniversary of the battle of Lexington.

The Mongolia was on her homeward voyage, Lieutenant Ware said, when about midnight on May 4, the wake of what was believed to be a torpedo was seen ahead in the moonlight. The missile, if it was one, passed under the ship's bow. No submarine was sighted, but a shot was fired from one SUNK.
