In the first game Urban Faber allowed the world's champions only four scattered hits and only two Boston men reached second base. Chicago, on the other hand, batted Foster and Bader freely.

## High Heels Put Corns on Toes

Who cares? Corns or calluses lift off without any pain.

Because style decrees that women crowd and buckle up their tender toes in high heeled footwear, they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

Women! Keep a bottle of frezone handy on the dresser and never let a corn ache twice.

## Pirates Shut Out National Champs

Boston used seventeen men. Catcher Traggesser of Boston left for LaFayette, Ind., tonight to be examined for an injury. Club officials said he would base his exemption claim on the dependency of his widowed mother and sister.

#### SUMMONSES ARE ISSUED FOR MATTHEWSON AND MCGRAW

New York, Aug. 20.—Summonses were issued for Christy Matthewson, manager of the Cincinnati Nationals, and John J. McGraw, manager of the New York Nationals, by a magistrate here today on complaint of a city detective that there had been a violation of the law when the two teams played for a baseball game in this city yesterday at a concert announced as a benefit for the families of the men of the 69th New York National Guard regiment, now in the Federal service. The two managers were ordered to appear in court tomorrow.

#### DELIVERS MESSAGE TO FLEET.

**Kaiser Expresses Appreciation to High Seas Forces.**

Amsterdam, Aug. 20.—At the conclusion of his visit to the German high sea fleet at Wilhelmshaven Emperor William issued the following to the fleet:

"After having recently received an announcement that, a renewed heavy attack of the enemy in an attempt to break up our sea front in Flanders had been successfully repelled, I have today by a visit to my fleet and the island fortress of Heligoland been enabled to convince myself of the strength and security of this front, too. I express my warm appreciation to all the high sea forces on the water, under the leadership of the air and to the fortress of Heligoland, for their untiring, self-sacrificing and successful labor by means of which they have kept firmly in view and attained this aim. May the fleet remain conscious that the confidence of myself and the fatherland reposes firmly on it."

The emperor distributed a number of iron crosses. His visit is reported to have been caused by the threat of strikes at the Wilhelmshaven arsenal.

#### OVER HALF OF THE CITY OF SALONIKI DESTROYED BY FIRE

London, Aug. 20.—More than half the walled city of Saloniki, in Greek Macedonia, which is under occupation by the allied troops, was destroyed by fire on Saturday. Eighty thousand people who were rendered homeless were being removed to neighboring villages last evening, according to a dispatch received in London. The fire is now under control.

## CHECK FLASHER POSED AS NAVY HEAD'S SON

**Secured Big Sums of Money Before Fraud Was Disclosed**

**Impostor Invited to Luncheon by Naval Officers at New York Navy Yard. Also Visited the Edison Laboratory.**

Washington, Aug. 20.—The mysterious stranger, passing himself off on naval officers and others as a son of Secretary Daniels, has obtained numerous sums of money and to date has eluded capture.

The Navy Department today issued a warning against the impostor. According to the department's announcement the first occasion was July 9, when the impostor introduced himself to the officers of the receiving ship at the New York navy yard and was invited to luncheon. He said he had lost about \$3,000 and succeeded in borrowing from the ship's paymaster \$20, furnishing a regular navy receipt, which he signed "Herbert J. Daniels."

On July 25 the same man called on the principal of the Mont Clair, N. J., academy, introducing himself as Frank Daniels, a son of the secretary, and said he had been commissioned by Rear Admiral Usher, of the New York navy yard, to arrange for an encampment on the academy campus for 200 sailors. He also expressed a desire to visit Thomas A. Edison at his laboratory at Orange, N. J., and this was arranged through Dr. Reese M. Hutchison.

The Navy Department statement says that Dr. Hutchison lost \$250 in cash by taking the stranger's check.

When Dr. Hutchison came to Washington he handed Secretary Daniels a check from his "son" and the fraud was disclosed.

In the meantime, the impostor had again called at Dr. Hutchison's home in Orange, N. J., saying he was going to stay there a week. He borrowed a camera from the butler and then proceeded to the Edison storage battery plant, where he got \$30 from the superintendent on a bad check.

"As soon as Secretary Daniels learned of the fraud," the statement continued, "the authorities were notified to be on the lookout for the impostor. On Sunday July 2, a secret service man, in company with a policeman, saw the impostor on Park avenue in Orange and approached him with the intention of placing him under arrest. However, the young man wore a different suit of clothes from that he had worn when he was at Dr. Hutchison's, and had no glasses, and the secret service man not being sure of his ground, did not arrest him. Since that day the impostor has not been seen."

### CONSTANTINE'S SYMPATHIES WERE ON THE KAISER'S SIDE

**But Failed to See Any Advantage in Mobilizing Greek Army.**

London, Aug. 20.—Athen dispatch to the Exchange Telegraph Company says that among the diplomatic documents found in Athens since the change of government is a dispatch of former King Constantine written a few days after the war began in response to a message from Emperor William who proposed Greece should range herself with the Central Powers. Constantine said:

"The emperor well knows my personal sympathies as well as my political opinions attract me to his side. Nevertheless it is impossible for me to understand in what manner I could be useful to him in mobilizing my army."

"The Mediterranean is at the mercy of the united fleets of England and France, which could destroy our navy and merchant marine, occupy our islands and above all prevent concentration of my army, which could be effected only by sea, in the absence of railways, communications. Without it being in our power to be useful in any particular we would be wiped off the map I am necessarily of the opinion that neutrality is imposed on us."

Go tieb von Jagow, then German foreign secretary, replied to Constantine that Emperor William would understand the necessity of maintaining neutrality at present. He advised Constantine to reach an understanding with Sofia and Constantinople.

### ADDRESS MUST SHOW UNIT TO WHICH SOLDIER BELONGS

**Otherwise Mail Cannot Be Delivered to the Men in France.**

Washington, August 20.—Mail for American soldiers in France will not be forwarded by the postal authorities unless the addresses show the company and regiment or the name of the separate unit to which the soldier belongs.

Postmaster General Burleson directed postmasters today to return to senders all mail not thus addressed. The American postal agency in France has been swamped with mail bearing such addresses as "Somewhere in France," "Care of the American expeditionary forces," etc. It has been found impossible by the postal authorities to undertake the location of men to whom letters are addressed without specific company and regiment designation, as commands are scattered and exchanges of mail between units are limited.

Postal authorities of France, England and Canada have taken similar action.

### MUST HAUL CEDAR LUMBER AT REGULAR LUMBER RATES

Washington, Aug. 20.—The Interstate Commerce Commission today ordered the Southern Railway and the Seaboard Air Line to discontinue their practice of charging three or four cents per hundred pounds more for transporting cedar lumber from North Carolina points to general destination, than is charged for the transportation of so-called common lumber. The new order becomes effective November 15.

## CATHOLIC FEDERATION TO MEET AUGUST 26-29

**Many Prominent Churchmen to Attend Kansas City Convention**

**This Year's Meeting of the Societies One of Most Important in History—Action on "Diocesan Plan" is Expected.**

Kansas City, Missouri, August 20.—Monsignor John Bomsanz, apostolic delegate to the United States, seven or more archbishops, thirty bishops and several thousand priests and laymen, it is expected, will attend the sixteenth annual convention of the American Federation of Catholic Societies, which will be held here August 26-29.

This year's convention, it is declared, will be one of the most important in the history of the organization as it is expected that action will be taken upon the so-called "diocesan plan," under which it is proposed to affiliate all Catholic bodies in the country with the American Federation. There are 110 dioceses in the country and if the plan is put into effect the federation officials say its membership will be increased from 3,000,000 to about 18,000,000.

The plan was proposed at the convention last year, and it was decided to take action at this year's meeting. The movement was endorsed at a conference of the American archbishops in Washington some time ago. The American Federation is the largest Catholic body in the country, and a number of large organizations already are affiliated with it. The diocesan plan would bring all of the smaller societies into affiliation.

How the Roman Catholics of America may help win the war also will be discussed at the convention.

Rome, Aug. 20.—The Italians in their offensive on the Isonzo front begun yesterday, have crossed the Isonzo river and already have taken 7,500 prisoners, it was officially announced by the war department today.
