

POLITICS WILL NOT INFLUENCE INQUIRY

Governor Bickett Answers New York Paper's Telegram

Message Said It Had Been Intimated That Politics Would Hinder Investigation of the Death of Mrs. Maude King.

Raleigh, N. C., Sept. 10.—Replying to a New York paper which telegraphed him that it had been intimated politics would hinder a proper investigation into the circumstances surrounding the mysterious killing of Mrs. Maude King, wealthy New York and Chicago widow, which occurred near Concord, N. C., on August 29, Governor Bickett has forwarded the following message:

"Have just read your telegram of September 10 relative to investigation of death of Mrs. King in Concord. Immediately after hearing from the authorities in Chicago regarding post-mortem examination of the body of Mrs. King, the attorney general of this State instructed the solicitor of the district, who is the prosecuting officer, to make a thorough investigation of the affair. The solicitor immediately went to the scene of the death of Mrs. King and is personally conducting the investigation. Any intimation that the courts of this State will permit politics to influence them in the performance of their duty is a gratuitous slander of North Carolina."

WERE NO DEVELOPMENTS IN THE MYSTERY YESTERDAY

Charlotte, N. C., Sept. 10.—There were no developments today in the mystery surrounding the death of Mrs. Maude A. King, August 29th of Mrs. Maude A. King, solicitor Hayden Clement said tonight that he had seen nothing of the Robinsons, brothers of Mrs. King, who were reported to be on their way to Salisbury for a conference with the attorney to confer with him about the case. Mrs. Maalzie Melvin, sister of the slain woman, is still a guest in the Means home.

TOBACCO MARKET GLUTTED

Lenoir Farmers Asked to Delay Marketing for the Present.

(Special Star Correspondence.) Kinross, N. C., Sept. 10.—Indications today were that the planters of this part of the tobacco belt would heed the advice of market experts here to slack up in the marketing of their yellow product to save the market. A serious slump in prices that might result from the taxing of the city's facilities. Warehousemen expect no such business as was had last week, when every factory, storage place and sales house in Kinross was piled high with the weed. Every effort is being made to clear the congestion, that still exists, more than 48 hours after the last sales of last week, held Friday evening. Tobaccoists today reiterated that the farmers can control the market and that the matter is entirely up to them. The banks handled the financial end of last week's business with admirable efficiency, it became known today. These institutions, in the best condition in the history of Kinross, "measured up grandly to the requirements made of them," the market leaders assert.

ONLY 12 AMERICANS ANSWER FOREIGN LEGION'S ROLL CALL

Paris, Sept. 10.—In the last great battle on the Western front the roll call of the foreign legion was called, and only twelve Americans answered to their names, says the Paris edition of the New York Herald.

STUDY BANKING CONDITIONS

Seek to Prevent Stringency by Payment of Liberty Loan.

New York, Sept. 10.—Plans for making a study of banking conditions for the purpose of working out methods in collecting the next Liberty Loan in order to prevent wide fluctuations in the money market each time an installment falls due, were announced today by the Federal Reserve Bank.

NEGRO FATALLY HURT

He is Taken to an Undertaker's Establishment to Die.

Kinston, N. C., Sept. 10.—Aaron Sutton, about 33 years of age and colored, is at an undertaker's establishment here awaiting death. Sutton, his skull and brain badly crushed, was picked up at a point along the Norfolk Southern Railroad between the city and the Caswell Training School yesterday. Besides the injury to his head Sutton is otherwise badly hurt. He has a family. Physicians say he cannot recover. The man is supposed to have been struck by a train. He had probably lain for hours before being found. All but dead and with apparently no chance to recover, he was brought to the undertaker's place, where he continued to live in spite of his severe wounds.

ENROLLMENT TO BEGIN AT UNIVERSITY TODAY

Large Number of Students Expected, Although Total Will Be Somewhat Reduced.

(Special Star Correspondence.) Chapel Hill, Sept. 10.—The registration of students begins at the University of North Carolina Tuesday morning with prospects for a most successful session, in spite of the drain made on the student body by the preparation for war. Though the total attendance will be somewhat reduced, the University still expects a large enrollment, and the freshman class will fall little, if any, behind the large class of last year.

The formal opening of the session and the first classwork will come on Thursday, September 13. At the opening exercises in Memorial Hall President Graham will address the student body. Many new faculty changes and additions will then be announced. Nearly a dozen members of the faculty have been called to various war posts, and have been granted leaves of absence until after the war.

Two hundred or more students are already on the Hill, and as many more will come in today. The first faculty meeting of the year was held today. The abandonment of interscholastic football this fall will make many adjustments necessary in college athletics for the first term, but freshmen football and the interclass games will serve as a substitute. It is not planned to have the usual series of basketball and possibly baseball games.

GOVERNOR COX PROTESTS

Wants New Officers for Ohio Guard Picked From Ranks.

Columbus, O., Sept. 10.—When Governor Cox learned today that 200 officers from the training camp at Atlanta had been selected to fill the ranks of the Montgomery, Ala., to be assigned to regiments in the division composed of former Ohio National Guard troops, he sent a vigorous protest to the War Department at Washington, insisting that if additional officers were needed they could be taken from the non-commissioned officers of the Ohio regiments.

He pointed out that these non-commissioned officers have had Mexican border service and would be competent to fill the positions to which the Atlanta officers have been assigned. Secretary Baker replied, advising that the assignment of the Atlanta officers to the Ohio division was but temporary and that it would not interfere with the promotion or selection of officers for the Ohio guard.

ASK \$50,000 DAMAGES

St. Louis, Sept. 10.—Dan Johnson came to St. Louis today at the request of Phil Ball, chief officer of the St. Louis club, for consultation regarding the damage suit filed against Ball by Shortstop Lavan and Second Baseman Pratt. Each player asked \$50,000 for alleged slanderous statements which Ball was reported to have made in an interview published in a St. Louis newspaper.

OVER \$886 REALIZED FROM RED CROSS TOBACCO SALES

Kinston, N. C., Sept. 10.—Up until now "Red Cross tobacco sales" here have netted \$886.50 to be used in saving and restoring to usefulness wounded Americans in France. The Red Cross sales are being held under the auspices of the tobaccoists' national organization. The local board of trade is in charge of the work here. Many young women are aiding in soliciting and advertising. About 100 farmers and others have contributed quantities of weed to be auctioned off at the regular sales on the market. The board of trade is confident that several thousand dollars will be realized during the season.

New York, Sept. 10.—Alexander Berkman, the anarchist convicted of conspiracy against the selective draft law, released here today on furnishing a \$25,000 cash appeal bond, was immediately re-arrested on a warrant issued by the San Francisco authorities accusing Berkman of murder in connection with that city last year.

RAINSTORMS DO DAMAGE

Kinston, N. C., Sept. 10.—Heavy rainstorms prevailing in this section during the past 36 hours did some little damage in Kinston and neighboring rural communities. The water at the municipal lighting plant here, caused by electrical disturbances, threatened to plunge the city into darkness. At a West Kinston fuel yard a box car filled with wood on a siding was blown through heavy gates, demolishing them. The car "sailed" around a curve before it took up.

Tar Heels Doing Their Part

Kinston, N. C., Sept. 10.—North Carolina seems to be doing her full part by the nation's armies, according to T. Merrill Newbern, a locust boy in an ambulance company now stationed at a northern point. Newbern writes to this city that he has been located at three large camps in different parts of the country in the past few weeks, and found about as many war at all three.
