## Indians Scalped By the Red Sox

**PENNANT CLINCHERS BEAT SENATORS—MCGRAW PITCHES THE YANKS TO VICTORY—ATHLETICS DEFEATED.**

Boston, Sept. 25.—A single by Pinch Hitter Thomas in the last of the thirteenth and with the bases full and two out scored two runs today, enabling Boston to beat Cleveland, 4 to 3. In the first of the same inning, Cleveland had made a run on Speaker's single, followed by Harris' double. Pitching honors were even between Shore and Kieffer.

Cleveland . . . 100 001 000 000 1—3 12 3  
Boston . . . 002 000 000 000 2—4 12 0  
Kieffer and O'Neill; Shore and Agnew.

## Thirty Players Take Part

Washington, Sept. 25.—Chicago defeated Washington here today 7 to 5, thirty players participating. The visitors stole ten bases.

Chicago . . . 000 006 110—7 12 2  
Washington . . . 000 001 130—5 11 5  
Cioetta, Banforth and Schalk; Lynn; Harper, Galila, Craft and Henry, Altmuth.

## Tigers Beat Yankees

New York, Sept. 25.—Detroit defeated New York in the opening game of the series today, 4 to 2. McGraw, formerly of the University of California, pitched a great game for eight innings, permitting only two scratch hits. In the ninth he weakened after the side should have been retired. Four hits, a base on balls and two errors resulting in four runs. Baker's suspension was lifted. The club announced he will suffer no loss in pay.

Detroit . . . 000 000 004—4 6 3  
New York . . . 000 000 002—2 8 4  
Mitchell, Cunningham and Stange; Telle; McGraw and Nunamaker.

## Athletics Lacked As Usual

Philadelphia, Sept. 25.—A batting rally in the fourth inning gave St. Louis a victory over Philadelphia today 4 to 1. Loudermilk kept the home team hits scattered and fanned seven batsmen. Score:

St. Louis . . . 000 400 000—4 8 2  
Philadelphia . . . 110 000 000—2 8 1  
Loudermilk and Seveid; Johnson and McAvoy.

## THE GAME AT A GLANCE

### NATIONAL LEAGUE.

**Results Yesterday.**  
At Cincinnati, 0-3; Boston, 13-3.  
At Pittsburgh, 3; Philadelphia, 0.  
At Chicago, 1; Brooklyn, 3.  
At St. Louis, 5; New York, 3.

**Where They Play Today.**  
Philadelphia at Pittsburgh.  
Boston at Cincinnati.  
Brooklyn at St. Louis.  
New York at St. Louis.

### Standing of the Clubs.

Club	W.	L.	Pct.
New York	52	50	.510

## Cards Get Third Place In National

**BRAVES GET FIRST FROM REDS AND TIES SECOND—PHILLIES SHUT OUT PIRATES—SUTHERS BEAT CUBS.**

St. Louis, Sept. 25.—St. Louis beat New York today, 5 to 3, and clinched third place in the pennant race. Manager McGraw allowed his regulars to rest and sent in several recruits. Swiger, a graduate of the University of Pennsylvania, twirled six innings for New York. He was touched for seven hits and four runs. Schupp pitched the remaining two innings and gave three hits.

New York . . . 000 020 100—3 8 1  
St. Louis . . . 103 000 01—5 10 2  
Swiger, Schupp and Gibson; Goodwin and Snyder.

## Braves Took First

Cincinnati, O., Sept. 25.—Boston won the first game of a double-header today by hitting center and Bressler almost at will and piling up a total of thirteen runs, while Tyler allowed only six scattered hits and no runs. The second game was a bitterly contested pitchers' battle between Toney and Iredell which went on to a 3 to 2 tie, darkness stopping the play. Scott, starting his first big league game, showed to good advantage, none of the three runs scored against him being earned.

Boston . . . 002 012 250—13 17 1  
Cincinnati . . . 000 000 000—0 6 1  
Tyler and Traggator; Reuther, Bressler and W. Smith.

## Miller Blanks Pirates

Pittsburgh, Sept. 25.—Effective pitching by Miller enabled Pittsburgh to defeat Philadelphia, 3 to 0. He held Philadelphia to four hits and two passes and did not allow a runner to get to third base. Oeschger, pitching for Philadelphia, pitched well, allowing the fifth, which he started by passing Carey. Nine men went to bat, three scoring and three being left on base.

Philadelphia . . . 000 000 000—0 4 2  
Pittsburgh . . . 000 030 000—3 6 0  
Oeschger, Lavender and Adams; Miller and Blackwell.

## Cadore Wins Pitchers' Duel

Chicago, Sept. 25.—Brooklyn defeated Chicago, 3 to 2, in one hour and eight minutes today. The game was a pitching duel between Carter and Cadore. The former did not permit a man to reach first base until the seventh inning, when after two men were out, Myers singled and scored on Stengel's triple. Stengel scored on a hit, giving the visitors the lead. They bunched hits off Prendergast in the ninth for another run. Opportune hitting by the locals in the sixth inning shut out the visitors.

Brooklyn . . . 000 000 201—3 5 1  
Chicago . . . 010 000 001—4 1 1  
Cadore and Krueger; Carter, Prendergast and O'Farrell.

## Harvard Players Score

Cambridge, Mass., Sept. 25.—Only twenty candidates reported for Harvard's "informal" varsity football team when fall practice began today. In their years from 60 to 80 men have come out on the first call. Snow at guard, Likens at end and Flynn at tackle were the only members of the old squad to report, other men being in military or naval service.

## Win Exhibition Game

Toronto, Sept. 25.—The Indianapolis baseball team, champions of the American Association, won their exhibition game on an exhibition series today from Toronto, the International League champions. The score was 3 to 2.

## PERFORMANCE OF THE DORT.

**High Mileage and Low Gasoline in Remarkable Test Run.**  
In a field of 14 known cars, classified into three groups based on price, the Dort has carried away the big honors in an extraordinary gasoline economy run from Los Angeles to Camp Curry in the Yosemite National Park, a distance of 370 miles.

## BOYS' AND GIRLS' CLUB EXHIBITS ARE WANTED

Shipments in Solid Car From Each County to the State Fair Suggested by Mr. Oliver.

(Special Star Correspondence)  
West Raleigh, Sept. 25.—A plan suggested by Mr. A. G. Oliver, Poultry Club Agent of the Agricultural Extension Service, calls for the shipping of exhibits by members of the boys' and girls' agricultural clubs to the State Fair in a solid car from each county. It is Mr. Oliver's idea that the boys and girls can make exhibits of their poultry, canned products, corn, etc., at the community fairs, then at the county fair, and then have the exhibit shipped in a solid car to the State Fair. This plan has been meeting with marked favor in all of the counties where it has been suggested; and in a number of cases, all business organizations of the counties have taken up the matter of financing the freight charges.

The agents in charge of the boys' and girls' agricultural club work have tried to get the transportation companies to allow the exhibits to come to the State Fair free of charge. This has been refused. It would be a good idea, however, for each county, Mr. Oliver thinks, to have a list of material come in with a larger banner on the side, showing from whence it came. The car could be protected by certain date and the members who have exhibited, and with their material to aid in loading it and ship the car on its way. On arrival at the State Fair there would be no confusion in regard to loss of exhibits or delay in transportation, and the various departments could have their exhibit material taken from the car and put in place with a minimum amount of time and worry. Iredell was the first county visited by Mr. Oliver and he states he feels very much encouraged from the reception received there. He met with the Commercial Club, and although a few members were present, he was assured that Iredell would raise funds in some manner to defray the expenses of a reputable exhibit. While in the county, Mr. Oliver went about with County Agent G. E. Dull and visited many of the poultry club boys and girls, helping them to select their birds to be exhibited.

According to Mr. Oliver, every farm and club member is urged to get ready for making an exhibit at the State Fair, and every citizen should do something to insure that a representative exhibit will be shown. There is no better plan of getting a reputable exhibit, especially on the part of the young people, than by some business organization getting behind the movement and having a load of material go from each county.

## CAROLINA STUDENTS TO LEARN MODERN WARFARE

Men Will Start Trench Digging Tomorrow and Will Later Take Up Target Practice.

(Special Star Correspondence)  
Chapel Hill, N. C., Sept. 25.—The realities of modern warfare will be brought still more closely to the new military companies of the University of North Carolina on Thursday, when Capt. J. Stuart Allen will start the men digging their first trenches. All the mysteries of barbed wire entanglements, bombing, etc., will be taught and the conditions will approximate as closely as possible those of the battlefield. The first target practice will begin at an early date, and the men taking the training here will be able to qualify as marksmen of various grades.

The special lectures of Captain Allen are attracting great interest on the part of faculty and students. His first hand knowledge of all the problems of modern warfare and his pleasant and entertaining manner of speech have made his lectures looked forward to. His first lecture was concerned with the supplying of ammunition to troops in the field; the nature of attacking raids; methods of protection from air attacks; the long marches to billets and the heavy loads carried by each man; the methods and artifice of spies and cautions to be observed, etc. The lecture was illustrated with blackboard drawings and diagrams.

A special class for non-commissioned officers will also be held. No permanent officers have as yet been appointed, but many men with some military experience have been found and these are now being tried out in the various positions. The drill still consisted largely of the movements of the squad and platoon. The drill will from this time on be held every other morning and two hours every other afternoon. This will permit a time for athletics on Tuesday, Thursday and Saturday afternoons, with nine hours military drill a week and three of military lectures. Though the new training is quite severe, no one has been heard to complain, and the esprit de corps so far is excellent.

## Gathright Is Acquitted

Richmond, Va., Sept. 25.—Basil H. Gathright, a prominent farmer of Cold Harbor, was acquitted in the Circuit Court of Hanover county today of the charge of having murdered George Tombs. The slayer pleaded self-defense. Tombs was killed after he had been shot by Gathright in retaliation for resenting a remark alleged to have been made by him concerning her. The killing followed a day after the attack on Gathright's wife.

## BUY NATURAL IRON IF IN NEED OF TONIC

Go to Drug Store Get a Bottle of Concentrated Acid Iron Mineral.

**Non-Alcoholic Natural Iron**  
Just plain, old fashioned iron, without a single drop of alcohol or laxative of any kind, has built, weakened, run-down, ailed people up and brought the rich, red blood back for millions of people, and doctors all over the world have prescribed it. Just iron—it is iron that builds you up and puts the rose in the cheeks of women and makes heartier, stronger, more energetic men—just plain, medicinal iron, as Nature herself has compounded it, then highly concentrated, tested and bottled under the name of Acid Iron Mineral.

Acid Iron Mineral is of course more economical than other prepared iron tonics, yet it is stronger, goes farther and contains no alcohol or laxative to derange or affect the system.

**Iron Has Many Uses.**  
Iron has many uses when highly concentrated as Acid Iron Mineral. A teaspoonful in a glass of drinking water makes a delightful, usually invigorating tonic, blood medicine, appetizer and remedy for indigestion. It will not injure teeth, cause constipation or harm the most delicate stomach externally. It stops bleeding, acts as a healing agent, preventing soreness and festering. Is an anti-septic and germicide too, and old sores, pimples, sores on the scalp, etc., are quickly relieved without the use of anything else besides Acid Iron Mineral. People with sore, bleeding gums, dilute a tablespoon of Acid Iron Mineral in a glass of water and use it as a mouth wash exactly as dentists do to stop bleeding and prevent infection when extracting teeth.

A child with sore or wound; a cut in the camp, at the shore, at home or abroad, needs nothing else. Just put enough on the cut to completely cover it and Acid Iron Mineral does the rest.

Acid Iron Mineral comes from the only medicinal iron mineral deposit of its kind in the world. Analysis proves it contains in addition to iron in three forms, calcium, sodium, potassium and free sulphuric acid. Ask your doctor if a combination of these elements hasn't wonderful medicinal value. No chemist has so far been able to duplicate Acid Iron Mineral, which, like radium, is another of Nature's phenomena.

Most druggists have it in 50 cent and \$1 bottles. The lessors of the deposit, the Ferronide Chemical Corp., of Rocky, Va., will send a large bottle anywhere prepaid upon receipt of \$1.00.

Note: The iron having an astringent, healing effect, to some seems to contain astringent, but such is not the case. Whole families use it. No home should be without it. If being used for stomach, kidney, digestion and iron troubles, ask your doctor if you need a 25 cent box of A-I-M Pills also.

## Chiropractic News

**WHAT IS CHIROPRACTIC?**  
(Ki-ro-prak-tik)  
It is Not Medicine; Not Surgery; Not Osteopathy.

It is a scientific method of adjusting the cause of disease without drugs or instruments, based on a correct knowledge of anatomy, and especially the nervous system. The Chiropractic idea is that the cause of disease is in the person afflicted, and the adjustment in correcting the wrong that is producing it. The function of every organ in the body is controlled by mental impulses from the brain, which it transmits through the nerves. Any impingement of these nerves interfering with the transmission of mental impulses results in an abnormal function called disease. This interference is produced by subluxated vertebrae pressing upon nerves as they pass out from the spinal cord. The trained adjuster is able to locate the point of obstruction or interference, and by means of adjusting the subluxated vertebrae corrects the cause, and normal conditions or health is the result.

Investigation costs nothing, and means health and happiness.
