With the American Army Northwest of Verdun, Oct. 27, 4 p. m .- (By the Associated Press.)-German troop cong centrations in the region of Briquenay, north of Grand Pre, were bombed this afternoon by about 60 all-American bombing airplanes with about 80 pursuit planes protecting them. Formations of from 15 to 20 German machines attempted to drive off the LONDON BELIEVES IT SIGN Americans and several aerial combats resulted.

Lieut. Edward Rickenbacher was among the pursuit planes accompanying the bombing squadron. He engaged in two aerial combats and brought down a German machine within the American lines near Exermont. Rickenbacher followed the enemy machine close to the ground until he saw the enemy aviator land and fall into the hands of American infantrymen. Returning to his airdrome, Rickenbacher heard the news of his promotion to a captaincy.

The weather was fairly clear when word came that German troops were arriving at Briquenay by trains and that they were marching and being transported toward the Bourgogne wood. An expedition was quickly organized and was soon on the wing. In addition to bombing Briquenay and the railroad, the bombers dropped a few bombs in woods nearby and the pursuit planes attacked enemy troops with small bombs and machine guns.
