

**WILL PROSECUTE  
3 ARMY OFFICERS**

Recommended in Hughes' Report on Aircraft.

The Three Men are Charged With Dealing With Corporations in Which They Were Financially Interested.

Washington, Nov. 1.—Prosecution of the three army officers held by Charles E. Hughes in his report on the aircraft investigation to be guilty of dealing with corporations in which they were financially interested is to be started without delay, it was said today at the department of justice. The cases may be laid before a federal grand jury in Washington. The officers are Lieut. Col. J. G. Vincent, former vice-president of the Packard Motor Car Co.; Lieut. Col. George W. Mixer, a stockholder in the Curtis Airplane & Motor Corporation, and Lieut. Samuel E. Vrooman, Jr., a stockholder in the E. B. Vrooman Company, of Philadelphia. If substantiated the charges made against the officers would involve imprisonment of not more than two years and fine of not more than \$2,000.

Reports that other army officers commissioned since the nation entered the war have been dealing with the firms in which they have a financial interest are being investigated by agents of the department of justice. It was understood that the number of officers under investigation was small.

Secretary Baker said today that he had not yet completed his study of Mr. Hughes' report and therefore was not prepared to announce his action upon the recommendations of Mr. Hughes that Col. E. A. Deeds be sent to the bureau of military aeronautics, be brought to court martial for the alleged supplying of confidential war department information to former business associates in Dayton, Ohio.

Request for an inquiry by the war department into aircraft affairs was made some months ago by Maj. Gen. George O. Squier, Col. Deeds and other officials, but Secretary Baker held it in abeyance until the investigation of the Mr. Hughes and the senate committee has been completed. Mr. Baker did not indicate today when the department inquiry would be started, but it was regarded as almost certain that the officers request would be granted.

Further investigation into conditions in the spruce producing section of the Northwest as recommended by Mr. Hughes is being undertaken by government agents, it was said today.

Kinston Soldier, Seeing Devastation in France, Hopes He Gets a Whack at Germany.

(Special Star Correspondence)  
Kinston, Nov. 1.—"J. B." Cummings, young son of James B. Cummings, of this city, has been wounded in action in France. He writes from a hospital that it is a "mere nothing" and that he will be alright in a few days.

It happened during the "greatest fun" he ever saw since he was born, which was a comparatively short time ago. Corporal Cummings is still on the under side of the top of the trench in service several years. He got his wound in a sector where a North Carolina outfit helped the British clean up the Hun. Time after time the Tarheels went up to the top of the trench every time they scared the Germans badly.

It was delightful, Corporal Cummings reiterates several times. At the Hindenburg line he was sent up a bit, but the Carolinians stiffened up accordingly and plowed through. According to Roscoe Daugherty, of the same regiment, the men from this state moved up to the trench in four or five days, and were about to go further the day he wrote.

"Dead Jerrys are strewn along the roadides and fields. They are horrible looking sights, although it isn't so bad when you get used to seeing them. There is a burying party behind, but the advance is so fast they can't keep up.

"The towns are much battered and devastated. But there is some cultivation and we see a few civilians. I am stopping in an old French house and sleeping on a bed, a real spring bed that was used by Jerry only a few nights ago. All the houses are ransacked of valuables and some very beautiful pictures and furniture have been destroyed. I hope we get close enough to German territory to tear it to pieces."

**NORFOLK ELECTRIC SERVICE  
TO BE LIMITED SEVERAL DAYS**

Norfolk, Va., Nov. 1.—Only crippled traction and power services are promised Norfolk for the next four or five days, owing to the breakdown today of the big feed pump and the putting out of commission of two of the boilers at the local coal and power plant. All trolley service ceases shortly after noon, industrial plants were forced to close and stores and buildings using electric lights during the day were in darkness for several hours as a result of the accident. Several days will be required to repair the breakdown.

Every available enlisted electrical construction man in the fifth naval district has been assigned to the company's working force engaged in the construction of a feed wire line from Richmond to Norfolk in order to secure additional current to lighten the burden of the overloaded local system.

**Probationary Naval Camp.**

Norfolk, Va., Nov. 1.—Commander C. B. Price, chief of staff of the fifth naval district, today announced that a probationary naval camp will be established in the Norfolk district. Enlisted men who violate naval rules and regulations will be committed to the camp for disciplinary measures. Commander Price is already in search of a suitable site.

**WHY MR. WILSON  
MADE HIS APPEAL**

Foresaw Who Would be the Republican Chairmen.

Mr. Cummings Names Them and Says the Public Will Understand Why a Democratic Congress Was Urged by President.

Washington, Nov. 1.—Political statements were issued here tonight by Homer S. Cummings, acting chairman of the democratic national committee; Senator Thomas, of Colorado, and Representative Dent, of Alabama, chairman of the house military committee.

Mr. Cummins named republican senators and representatives who, he said, would head the committees of the senate and house if a republican majority is returned in the elections Tuesday and declared that "with such names in mind the public will understand why the president felt it necessary to ask the country to continue the present democratic majority."

Senators named by Mr. Cummings as probable committee chairmen included Lodge of Massachusetts; Penrose of Pennsylvania; Smoot of Utah; Norris of Nebraska; LaFollette of Wisconsin and Gronna, of North Dakota. Representatives mentioned included Fordney of Michigan, Porter of Pennsylvania, Campbell of Kansas, Haugen of Iowa and Hayes of California.

Senator Thomas in his statement discussed the government wheat price and said that the farmer and not the speculator is getting more for wheat than before the government took action. The wheat price bill Mr. Thomas said "was made as just and fair as possible an dwas passed with great unanimity."

Representative Dent said republican leaders had misrepresented the war record and that their claim that republicans in congress have more consistently supported the president than have the democrats was not borne out by the record.

**NEGRO WOMEN VOLUNTEER  
TO TAKE PLACE OF MEN**

Norfolk, Va., Nov. 1.—In order to aid in the work or fight campaign, 500 negro women today volunteered to the federal authorities to replace negro men employed in light manual work in office buildings, stores and industrial districts. Their wish is to release the men for government work in the Fifth naval district. A thousand others pledged to use their spare time in the work of rounding up slackers and loafers.

**Calomel Today! Sick Tomorrow!**  
**Guarantee Dodson's Liver Tone**

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

**ROBESON PLANTATION  
IS SOLD FOR \$100,000**

A. T. McCallum Sells Valuable Piece of Real Estate to W. A. and Geo. T. Bullock.

(Special Star Correspondence)  
Red Springs, Nov. 1.—One of the largest real estate deals ever consummated in this part of the state was closed a few days ago when A. T. McCallum sold his Wakulla plantation to W. A. and George T. Bullock, the consideration being \$100,000. This is considered one of the most valuable plantations in Robeson county, has been the old McCallum homestead for a century or more and for the first time passes from the family.

The sale of this plantation does not eliminate Mr. McCallum from his farming interests, as he still retains his valuable plantation one mile north of Red Springs and also his Furvie farm near Rowland, to which he will give his personal attention in the future. Mr. Callum is a member of the state agricultural board and is prominent in the farming development of North Carolina. The Messrs. Bullock are successful and enterprising young farmers, and in addition to the McCallum plantation have large holdings of real estate in this section.

The Star correspondent has been informed by Mr. Lloyd, register of deeds, that the deed for the McCallum plantation required \$100 worth of revenue stamps.

He wired his report to the state authorities at Raleigh and suggested that no more soldiers be sent into the woods until the epidemic has ended. **FOR COLDS AND GRIPPE  
DOCTORS ADVISE**

The Improved Calomel Tablet That is Entirely Purified of All Nauseating and Dangerous Qualities.

Ask any physician or druggist and he will tell you that the best and only effective remedy for a bad cold, sore throat or a grippé is what he calls "a brisk calomel purge," which means a big dose of calomel at bed time. But as the old style calomel has some very unpleasant and dangerous qualities physicians and druggists are now recommending the improved, nausealess calomel, called "Calotabs," which is purified and refined from the sickening and dangerous effects and whose medicinal virtues are vastly improved. One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your diet, pleases or work. Next morning your cold has vanished and your entire system is purified again. Calotabs are sold only in original sealed packages, price thirty-five cents. Your druggist guarantees Calotabs by refunding the price if you are not delighted.—Adv.

**STATE MUSICAL DIRECTOR.**

Prof. Brown of State Normal Named by Defense Council.

(Special Star Correspondence).  
Greensboro, Nov. 1.—Prof. Wade R. Brown of the faculty of the State Normal College has been appointed state musical director by the North Carolina Council of Defense for the organization of Liberty choruses and community singing throughout the state. Prof. Brown will organize the work in cooperation with the town and county councils of defense.

The Council of National Defense in Washington is proposing to the various state councils throughout the country that they encourage in every way community singing. In many states this movement has passed beyond the stage of experiment and is proving itself of wonderful value, usually through the formation of Liberty choruses, organized by the state director.

Community singing has been recognized before this time as of great value, and with the state organized and under proper direction it should prove to be of substantial value. It is an essential part of the program of the national songs and stirs the spirit of patriotism as hardly anything else does.
