KAISER ENDORSES THE REFORM BILL

Poses As Having Welcomed the Italian Commander Signs Truce Reichstag's Action.

Says Four Years of War Have Broken Up Old Forms Which Have Been Swept Aside to Make Place For the New

Amsterdam, Nov. 3 .- (By the Associated Press.)-On the occasion of the constitutional amendment coming into Prince Maximilian of Baden, the German imperial chancellor, a decree endorsing the decisions of the reichstag and avowing his firm determination to co-operate in their full development. The emperor's decree reads:

"Your Grand Ducal Highness:-I return herewith for immediate publication the bill to amend the imperial constitution and the law of March 17, 1879, relative to the representation of the imperial chancellor which has been laid before me for signature.

"On the occasion of this step which is so momentous for the future history of the German people, I have a desire to give expression to my feelings. Prepared for by a series of government acts a new order comes into force which transfers the fundamental rights of the kaiser's person to the people.

"Thus comes to a close a period which will stand in honor before the eyes of future generations. Despite all struggles between invested authority and aspiring forces it has rendered possible to our people that tremendous development which imperishably revealed itself in the wonderful achievements of this war.

'In the terrible storms of the four years of war, however, old forms have been broken up, not to leave their ruins behind but to make a place for a new vital form.

"After the achievements of these times the German people can claim that no right which may guaranteee a free and happy future shall be withheld from them.

The proposals of the allied governments which are now adopted and extended owe their origin to this conviction. I, however, with my exalted allies, endorse those decisions of parliament in firm determination, so far as am concerned, to co-operate to their full development, convinced that I am thereby promoting the weal of the German people.

"The kaiser's office is one of service to the people. May, then, the new order release all the good powers INNUMERABLE PRISONERS which our people need in order to support the trials which are hanging over the empire and with a firm step within a bright future from the gloom of the present.

"Berlin, October 28, 1918. WILHELM, I. R. (Signed) (Countersigned) MAXIMILIAN, "Prince of Baden."
