

OHIO JOINS RANKS OF THE DRY STATES

Prohibition Carried by Probably Fifteen Thousand.

Governor Cox, Democrat, Is Re-Elected But Republicans Gain Majority of State's Congressional Delegation

Columbus, O., Nov. 6.—Ohio yesterday entered the fast growing column of states where intoxicant liquors can not be sold or purchased. With the reports from rural counties returned today showing such a marked tendency toward the dry amendment, it became evident early that the 30,000 lead that the wets had obtained would be overcome and predictions to this effect proved true.

With slightly less than 500 precincts out, the prohibition forces have assumed a lead of 5,851 tonight and their leaders confidently predict that the final majority will be close to 15,000. The vote:

With 5,148 precincts out of 5,756 prohibition polled 396,436 while the voters opposed to prohibition polled 390,555. With a little more than 350 precincts missing, Governor Cox, democrat, has established a lead of 18,786 over his republican opponent, Frank B. Willis, and the latter has conceded his opponent's election. Returns to the secretary of state's office today, however, indicated that the state house would have a divided body as almost the entire state republican ticket has been elected.

The republicans also supported their congressional nominees in a manner that raised the hopes of their leaders. The Ohio delegation in congress will consist of 14 republicans and 13 democrats whereas last election 13 democrats and nine republicans were elected.

While returns from the rural districts are slow, the indications point to a democratic state senate and house. Dry leaders are firm in their contentions that a majority of the men who have been elected to these two bodies will support the federal constitutional amendment relative to prohibition. In this connection, however, a peculiar situation developed at the polls yesterday when a state amendment was passed conferring upon the people the right to refer back to the people any federal bill by the legislature of any federal constitutional amendment. Dry leaders point out that inasmuch as the state went dry they have no fear of a referendum.

GREAT UPHEAVAL IS FORESHADOWED

(Continued from Page One.) to be provided for and no one can estimate the need for the fiscal year which the pending war revenue bill is framed to cover.

Speaker Clark was minority leader before the democrats came into control. He has decided to resign. Mr. Kitchin is to step down from that place in the new congress to give way to Mr. Clark or whether the speaker will be compelled to take a place in the regular run of committee men. There are in the house several committees with powers to investigate expenditures of the legislative departments. During control of the democratic majority the republicans have been powerful in the investigation of things which they have attacked. In control of those committees which in times of peace are virtually of no importance, the field for investigation of the democratic administration by a republican house is now wide open almost on the eve of the next presidential election.

The republicans, of course, do not come into their position of advantage until the meeting of the new congress, which will be the first Monday in December, 1919, unless President Wilson should call it in extraordinary session sooner. The present democratic congress expires by limitation March 3, 1919. Leaders of both parties and the president will avoid an extra session if possible.

Republican policies in the new congress cannot be developed until the completion of the senate work in reconstruction, fiscal and other legislation, however, the republicans are prepared to initiate new policies in the next house with a bearing upon the presidential campaign of 1920. Although somewhat dependent upon the Senate outcome the House Republicans are planning a definite constructive program dealing with after the war problems. They have pledged themselves to vigorously prosecute the war to its conclusion.

HOW TO FIGHT SPANISH INFLUENZA

By Dr. L. W. Bowers.

Avoid crowds, coughs and colds, but fear neither germs nor Germans! Keep the system in good order, take plenty of exercise in the fresh air and practice cleanliness. Remember a clean mouth, a clean skin, and clean bowels are a protecting armour against disease.

To keep the liver and bowels regular and to carry away the poisons which, it is best to take a vegetable pill every other day, made up of Mergal, aloes, jalap and sugar-coated, to be had at most drug stores, known as Dr. Pierce's Pleasant Pellets. If there is a sudden onset of what appears to be a cold, one should go to bed, wrap warm, take a hot mustard foot-bath and drink copiously of hot lemonade. If pain develops in head or back, ask the druggist for Aurin (antiseptic) tablets. These will flush the bladder and kidneys and carry off poisonous germs. To control the pains and aches take one Aurin tablet every two hours, with frequent drinks of lemonade. The most treacherous way, when the influenza victim is apparently recovering and anxious to leave his bed, is to get up and go to work. The system should be built up with a good herbal tonic, such as Dr. Pierce's Golden Medical Discovery, made without alcohol from the roots and bark of American forest trees, or his Tonic (iron tonic) tablets, which can be obtained at most drug stores, or send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.—adv.

NUMEROUS VILLAGES TAKEN BY BRITISH

Haig's Men Advance East of Mormal Forest.

Important Railway Junction of Aulnoye Is Captured—Official Report Says Gains are Made Along Whole Front.

London, Nov. 6.—The British are continuing their advance to the east of Mormal forest, according to Field Marshal Haig's report tonight from headquarters, and have occupied numerous villages and the important railway junction at Aulnoye. The statement says:

"We progressed along the whole battle front today in spite of a heavy continuous rain. Sharp fighting has taken place at a number of points with German rear guards and some hundreds of prisoners have been taken by us.

"On our right our troops, pushing forward, captured Cartignies and Marbaix. In the centre, driving the enemy from his hastily-built defenses on the east bank of the Sambre, we have crossed the river about Berlaimont, and have captured Leval and Aulnoye, where we have taken prisoners. The important railway junction of Aulnoye is now in our possession.

DEMOCRATIC LANDSLIDE IS CAROLINA RESULT

Chairman Warren Believes Final Count Will Surely Show 50,000 Majority—Senator Simmons "Mopped Up."

Raleigh, Nov. 6.—Democratic state headquarters closed here today, chairman Thos. E. Warren going to his home satisfied that the state has rolled up most probably 50,000 majority for democracy, a stripping of his pre-election expectation of around 30,000. And that the state is sending a solid democratic congressional delegation back to Washington to hold up the hands of President Wilson.

Along with the sweeping democratic victory in the state there is the evidence most gratifying to the state superintendent of public instruction, Dr. J. V. Joyner, and Governor Eikelett that the six months school amendment and the note and mortgage exemption amendment to the constitution are both ratified at the polls. This means that every rural school district must have at least six months school term and that those buying a farm home or over \$5.00 value may have notes and mortgages due on the farm exempted from taxation to the amount of \$3,000, this to be deducted from the tax valuation of the property. Republican leaders here talking to-day of the landslide for Senator Simmons and the very small vote for John M. Morehead for senator, said they were ashamed of the Wake county vote for Morehead until they heard of still smaller vote given him in this county.

Weaver's Majority Increased.

Asheville, Nov. 6.—Late returns from the 10th district increase the majority of Congressman Weaver, democratic candidate, to 1,000 or more.

Wayne County's Majority 1,290.

Goldsboro, Nov. 6.—Official returns from all precincts show the democratic majority in Wayne county is 1,290.

2,000 Majority in Robeson.

Lumberton, Nov. 6.—The democratic majority in Robeson county yesterday was the largest in several years. Around 3,000 votes were cast and the democratic majority was 2,000. This was a good vote considering that near 1,000 voters are in the line of not townships that have been going republican heretofore went democratic Tuesday. Some townships cast a solid democratic vote, not a single solitary republican vote being cast.

Duplin Goes Over the Top.

Warsaw, Nov. 6.—With the exception of a slight dispute between republican and democratic poll-holders, election day passed here exceedingly quietly. The county went democratic by at least 500 majority, the greatest in its history. Brinson had a good majority, while Simmons had a landslide.

All state officers received a safe majority, and all democratic county nominees were elected, practically all of them being incumbents of their respective offices. They are:

Sheriff, G. G. Best; register of deeds, J. J. Bowen; clerk of court, L. V. Wells; surveyor, Frank Potter; coroner, B. H. Smith; justice of peace, R. M. Browder; H. A. Parker and W. R. Blackmore; county commissioners, W. J. Kornegay; W. James Middleton, D. H. Williams; constable, John Hill Loftin.

Much difficulty was experienced in securing early returns from distant townships on account of the wires of telephone lines being down.

HOW THE AUSTRIANS SIGNED ARMISTICE

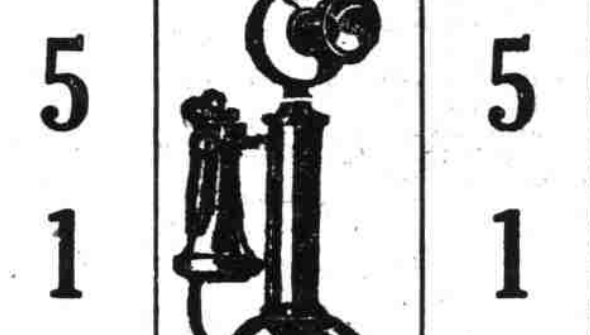

(Continued from Page One.) sage. He then left the room and the written message in question was sent to the villa.

"Meantime telegrams were exchanged with Versailles and during the afternoon the precise details under which an armistice would be granted were received from Signor Orlando, the Italian prime minister, and again in written form handed to Gen. Von Webber. During the evening, one of the Austrian envoys left by motor car for Serravallo with a draft of the conditions to communicate to the Austrian government. The Austrian plenipotentiaries were very depressed and did not show themselves outside the villa nor walk in its ample gardens.

Kieckhefer Defends Title.

Chicago, Nov. 6.—Auggie Kieckhefer of Chicago, defending his title as three-cushion billiard champion, tonight won the first block of a 100-pin match from Charles McCourt of Cleveland, 50 to 23. The play went 44 innings. Kieckhefer's high run was 8. McCourt's was only two.

ONE DOSE RELIEVES A COLD --NO QUININE

"Pape's Cold Compound" Ends Bad Colds or Grippe in a Few Hours.

Relief comes instantly. A dose taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and sniffing! Ease your throbbing head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.—adv.
