

ERZBERGER IS ONE OF THE DEFEATISTS

Becker Exposes Head of German Armistice Mission.

Belongs to the "Same Old Gang Who Tried to Put Over Defeatist Propaganda in France and Italy."

New York, Nov. 8.—"Dr. Matthias Erzberger, head of the German delegation sent to confer with Marshal Foch on the armistice terms, belongs to the same old gang that tried to put over German defeatist propaganda in Italy and France," according to a statement tonight by Alfred L. Becker, deputy state attorney-general.

Mr. Becker asserted that although Germany is loudly proclaiming her "democratization" she has sent on the present important mission "the great propagandist who, with Von Jagow, former German foreign minister, arranged for the disbursement of funds in Italy and France to purchase newspapers and political leaders."

According to Mr. Becker, he established Erzberger's connection with the defeatist propaganda through Prince Nourreddin Viora, of Albania, who came to this city about a year ago, after having married Mrs. Helen Kelly Thomas in Paris, and partly through Sallh Gourdjil, former head of the Ottoman telegraphic news agency in Constantinople who was forced out by German influence and is now living in this city.

While the prince was in Switzerland in 1915, Mr. Becker said, Abbas Hilmi, former Khedive of Egypt, who was also at Lucerne, received two million marks from the German government for propaganda purposes and sent a large part of it to Bolo Pasha, through Filippo Cavalline, now imprisoned in Italy.

"In November, 1915," said Mr. Becker, "Erzberger and Von Jagow reached the conclusion that Hilmi was a grafter and Erzberger went to Lucerne and called on Hilmi. Up to then Hilmi had had five million for propaganda purposes. Two millions of this had gone to Bolo; 1,000,000 had gone to Cavalline to corrupt Italian politicians and newspapers and Hilmi had received two millions as his commission. There was some argument over it, but in the end Erzberger gave Hilmi a receipt in full."

SHIPMAN WILL BE SOLICITOR THOUGH ANOTHER WAS ELECTED

(Special Star Correspondence)

Raleigh, Nov. 8.—A telegram received this morning from J. E. Shipman, Hendersonville, gave the final and official majority of Solicitor Schenck in the nineteenth judicial district as 309, which means that Shipman will be the next solicitor. This comes about through the unique turn the race took in that district.

Solicitor Schenck had resigned and Governor Bickett had appointed Shipman to succeed him, when it was found that it was too late to elect the name of Shipman on the official Democratic ticket. To adjust the situation Governor Bickett sent a letter into the district to the effect that the name would be retained on the ticket, and that a vote for Schenck would really mean a vote for Shipman in that Schenck would fall to qualify for office and that he would thereupon appoint Shipman. This is the program now that will be carried out.

CHIHUAHUA STATE IS UNDER MARTIAL LAW

Provisional Government Formed by General Enriquez—Clashes with Federalists Remored.

El Paso, Tex., Nov. 8.—Martial law was declared in Chihuahua state today by proclamation of Gen. Francisco Murgua. Gen. Goldboro, Nov. 8.—Several times daily a passenger train from the north whizzes through the little village of Belfast, a small agricultural town on the north of Goldboro, favoring the little box-like station with a derisive flirt of its tail car as it takes a curve. Some weeks ago, however, such was not the case and hardly a passenger train from the north failed to stop there. This was before officers of the law were stationed in the village with instructions to be on the lookout for whiskey "bootleggers" who were making a "thriving business" in Goldboro, and instead of coming on to this city upon their return from purchasing a large supply of booze in Baltimore, would stop at Belfast, where by prearrangement a hack would be waiting to bring them to Goldboro. In this way they were able for a long time to smuggle whiskey into this city. No attempt has been made to put the foregoing practice into execution since the big haul made recently by Sheriff Edwards, who captured about 600 quarts of rye whiskey.

proached them on the road just outside the lines.

The delegates established their identity and showed their credentials. The eyes of the members of the German party were turned to the French delegates who proceeded to the place where they spent the night.

The company of German road menders who accompanied the envoys did not cross the line. The party started early in the morning for the French headquarters. Gen Winterfeld and Gen Von Gruennd were uniforms of the ranks of general. Von Salow was in the uniform of an admiral of the navy. The German high command, Von Oberndorff were in plain civilian dress.

GERMAN COURIER'S TRIP TO SPA WILL BE SLOW

Paris, Nov. 8.—The journey of the German courier to return will require far more time than the distances indicate, because of the difficulties of the roads under present conditions. Therefore the receipt of the German reply is likely to be delayed a number of hours beyond the time possible under normal conditions.

ABDICATION OF THE KAISER IS DEMANDED

to reply before noon today, accepting the conditions. Otherwise the socialists declared they would withdraw from the government.

A Munich dispatch gives additional details of the meeting at which a republic was proclaimed. Several thousand persons were present, having come by invitation of the socialist party. After fiery speeches by numerous orators the crowd adopted a resolution demanding the abdication of the kaiser and the appointment of a provisional government of national defense; acceptance of an armistice; no future wars, except for national defense; social reforms and eight-hour day for workmen.

The speakers were received with great enthusiasm. They all affirmed that the socialist party urged neither a strike nor revolution but desired only complete reform.

In a procession which was formed and which was a mile long were many soldiers of all arms headed by a band. The procession marched to the royal palace and the ministries, where the government hurriedly posted appeals for the populace to remain calm.

Aviation was the subject, next to books, in which Mr. Collier was most deeply interested. He was at one time president of the Aero Club of America.

SUPREME COURT SUSTAINS WAKE ROAD BOND ISSUE

(Special Star Correspondence.)

Raleigh, Nov. 8.—The decision of the supreme court in the case of Woodall vs. Wake Highway commission sustains a \$100,000 bond issue for roads and established the position of the court that road construction and maintenance is a necessary expense that can be taken care of by legislative enactment without vote of the people and that incorporated towns such as Cary, in that district, can be held for their portion of the road bonds in spite of their separate corporation privileges.

REPUBLICANS WILL CONTROL CONGRESS

place of Senator Simmons of North Carolina.

Senator Warren of Wyoming, is expected to head the appropriations committee of which Senator Martin of Virginia, now democratic leader, is chairman. Mr. Warren is senior member of the military and agricultural committee, and is expected to head the appropriations committee chairmanship.

The military affairs committee, of which Senator Chamberlain of Oregon, is chairman, is expected to go to Senator Wagner of New York, next in line after Senator Warren to secure the chairmanship.

The naval committee chairmanship, held by Senator Swanson of Virginia, will be held by Senator Smith of Michigan, in order, Senators Penrose, Lodge, Smith of Michigan, Page of Vermont, and Poindexter. With Senator Penrose and Lodge heading the finance and foreign relations committee, Mr. Penrose is expected to prefer the agricultural chairmanship, leaving Senator Poindexter to take naval affairs.

The judiciary and commerce committee chairmanships also rest upon preferences finally made by ranking republicans. Senator Nelson of Minnesota, is senior on both, he should receive the chairmanship of which he was once chairman, Senator Dillingham of Vermont, who once headed the immigration committee, would be in line for the judiciary body and if Senator Dillingham should prefer his old committee, Senator Bradley of Connecticut, ranks next for the judiciary leadership. Preference by Senator Nelson for the judiciary committee would leave Senator Jones of Washington in line to take the commerce committee.

The interstate commerce committee, with its jurisdiction over legislation, affecting government controlled railroads and telegraph and telephone wires, falls to Senator Cummings of Iowa, as successor to Senator Smith of South Carolina.

Besides these pre-eminent committee chairmanships, prospective chairman of other important committees follow: Banking and Currency—Senator McLean of Connecticut, vice Senator Owen of Oklahoma.

Privileges and Elections—Senator Kenyon of Iowa, vice Senator Pomeroy of Ohio.

Manufacturers—Senator LaFollette of Wisconsin, vice Senator Rued of Missouri.

Postoffices—Senator Townsend of Michigan, vice Senator Bankhead of Alabama.

Education and Labor—Senator Borah of Idaho, vice Senator Smith of Georgia.

Selection by the republicans of a president pro tempore to succeed Senator Saulsbury of Delaware, who failed of re-election, is a matter of some speculation. Senator Lodge is scheduled to remain leader of the republicans, with Senator Bradley of Connecticut for the honorary presiding position.

Senator Martin of Virginia, now majority leader is expected to head the Democrats again in the new congress with Senator Gerry of Rhode Island mentioned for the place of democratic "whip" now held by Senator Lewis of Illinois, who was defeated.
