

EIGHT.

BRITISH CROSS THE BELGIAN BORDER

Haig Reports Progress Both North and South of the Sambre River.

ARE NOW NEAR BRUSSELS

Advance East of Renaix Carries Haig's Men to Within Gun Range of the Belgian Capital—Other Gains Reported.

London, Nov. 10.—The British have crossed the Franco-Belgian frontier south of the Sambre river, Field Marshal Haig reports from headquarters tonight. They have advanced four miles east of Renaix, bringing them within gunfire of Brussels. The statement says:

"South of the Sambre, our advanced troops have reached the Franco-Belgian frontier. North of the Sambre, our progress continued against somewhat increased resistance from the enemy's rear guards.

"North of the Mons-Condé canal our troops have taken Leuze and our cavalry is approaching Ath. We have progressed four miles east of Renaix. Our advanced detachments are pushing forward southeast of Mons and have reached the line of the canal west and northwest of that town. On the railways east of Maubeuge, great quantities of rolling stock have fallen into our hands."

HAIG'S FORCES CLOSELY FOLLOWING RETREATING FOE

London, Nov. 10.—Field Marshal Haig's forces are closely following up the retreating Germans along the entire front in Flanders. The official statement issued today by the war office announces that the British troops have occupied the Faubourg de Baraimont, on the southern outskirts of Mons, Belgium.

FURTHER ADVANCES ARE MADE BY THE FRENCH

Paris, Nov. 10.—Further important advances by the French troops are reported by the war office tonight. Hearing German counter-attacks against the troops who crossed the Meuse were repulsed and numerous villages along the whole line have been freed of the enemy.

CARRIER PIGEON ONE OF THE VERDUN HEROES

With Communication Lines Cut, the Bird Carries Message Asking for Reinforcements.

With the French Armies, Sept. 19.—(Correspondence).—A carrier pigeon was one of the heroes of the most striking episodes of the battle of Verdun. During the siege of the fort of 'aux, Commandant Reynald had no other means of communicating with the exterior. During the fierce fighting around the Thiaumont farm, contradictory reports reached the rear as to the occupation of the position. The carrier pigeon was the only means by which the officers in command could learn the exact situation.

While the Germans were making one of their strongest attacks, all the telephone lines were destroyed and the enemy's curtains were drawn. The use of carrier pigeons was impossible. Reinforcements were required to hold a position with no means of communicating with the rear until Lieutenant Colonel Herdren sent several pigeons back to the headquarters where they arrived a twenty to twenty-five minutes and the reinforcements were promptly sent.

When the Germans made a violent effort to take the position of Froideval, Captain Dartiges, in command here, was cut off from the rear. At ten o'clock in the morning he sent a pigeon back to announce the use of the enemy was within 500 yards of the works. At ten o'clock he announced the same means that the position was surrounded by the enemy. At eleven he informed the staff that the situation was critical and that thearrison would fight to the last man. 'his kept in touch with the situation he staff was able to take steps that resulted in the breaking of the line round the position.

BAVARIAN PROCLAMATION SAYS REVOLUTION WAS NEEDED

Amsterdam, Friday, Nov. 8.—The proclamation issued at Munich in behalf of the council of workers, soldiers and peasants, which constituted itself into a diet, announcing a republic had been formed in Bavaria, declared that he "democratic and socialist republic of Bavaria has the strength to realize peace for Germany, preserving that country from the worst."

"WESTERN FRONT QUIET" SAYS GERMAN WIRELESS

Washington, Nov. 10.—"It is officially reported western front quiet today," said a wireless message from the German station at Nauen received tonight by naval radio towers in this country.

FRENCH PURSUIT OF ENEMY IS RENEWED

(Continued from Page One.) An official statement issued today regarding military operations on the western front says:

"Yesterday between the Scheidt and the Meuse the enemy followed our movements beyond Ronse, Leuze, St. Tulien, Maubeuge, Trelow and over the Sormonne river, west of Charleval."

"On the eastern Meuse heights and in the plain of the Woivre many attacks of the Americans were repulsed."

GERMANS NOT TO ATTEMPT STAND OFF BRUSSELS

With the Allied Forces in Belgium Saturday, Nov. 10.—(By the Associated Press).—There are many indications that the Germans do not intend to make stand this side of Brussels and

DISORDER APPEARS IN GERMAN RANKS

French are Closely Pressing Retreating Foe.

Booty Increases In Importance As the Victorious Armies Advance—Several Railroad Trains Have Been Captured.

With the French Army in France, Nov. 10.—2:30 p. m.—(By the Associated Press).—Disorder is beginning to show in the ranks of the retreating German army. French troops, with their cavalry in the lead, are pressing the enemy closely all along the line.

The booty increases in importance as the pursuit goes on. Several railroad trains, batteries of artillery intact, immense quantities of munitions and stores and wagon trains fell into the hands of the allied troops yesterday and today, together with a large number of prisoners.

The pursuit of the enemy is being rendered extremely difficult by reason of the shortening front, which necessitates the withdrawal of materials rendered useless on the diminished line. French territory occupied by the enemy along the Belgian frontier is diminishing rapidly in size. Everywhere the French troops are now within a short day's march of the border line.

EIGHTY-ONE MEN FROM STEAMER SAETIA SAVED

Navy Department Announces That This Account for "Approximately All" Who Were Aboard.

Washington, Nov. 10.—Eighty-one men who were aboard the American steamer Saetia which sank yesterday morning off Ocean City, Md., after an explosion had been safely landed. In making this announcement tonight the navy department said this accounted for "approximately all" of those aboard.

Lieut. Guy M. Jones, army quartermaster and sixteen men from the Saetia were landed at Cape May, N. J., after being taken from life rafts. Eight officers and 56 men previously were reported as landing yesterday and last night at coast guard stations in Maryland.

A mine is believed to have been responsible for the sinking of the Saetia.

W. L. I. BOYS ENJOY BANQUET IN FRANCE

(Continued from Page Five.) on the threshold with both feet on the floor, which happened to be the ground, and he expressed to the cook the sincere appreciation of every W. L. I. boy present for the delightful turkeys, chickens, s-n-a-i-l-s, salad and he hoped they would "encore" for dinner the next day. Cook Walter Stander received what Walter said with wide arms, and he replied for the other cooks—Hoyt, Howell and Epperson. Stender made a fine talk, saying it took this war to get him down to Wilmington but that it would take a whole army to keep him from visiting Wilmington when la guerre is finished. All the time he was talking, he was picking the frame of a closely carved chicken and using the stone-age knives, forks, spoons, "Bread and Sergeant" Billie Bottoms, who is as timid as a tiger, was called on for a speech, and if he had only talked he would have made a fine speech.

Lieutenant Holmes made an excellent talk on "The Spirit of the W. L. I." And he delivered his subject well; he went on to give some of the "ancient history of the W. L. I.," when "Tinkie" Moore, Mr. Louis Hall and Colonel Charles Lewis were active members and he related many happy experiences of W. L. I. encampments of the ygone national guard days and also told many interesting tales about later encampments.

Lieutenant Holmes suggested that a "committee on lies" be appointed by the members present, urging that it was necessary that "we" organize when it came to telling about our experiences. His motion met with a second and he appointed "Jack" Rutland as chairman of the committee naming him substitutiator, corroborator or something like that, and "Happy" Lewis and the members were unanimously placed on the committee. He said that he bet the "lies" these three could get up would beat by far any true story any real hero ever told.

"The numbers of organizations interested in the campaign is seven; the same is the number of colors in the rainbow. As colors of the rainbow merge into one another harmoniously, so these organizations harmonize their labors of love. Aye, as the rainbow is set in the cloud for a token of a covenant between God and the earth that the waters shall no more become a flood to destroy all flesh, so these seven organizations shall be united, that our dear ones, whether in cantonments or in the trenches over there, shall not suffer the waters of affliction to engulf them, that they shall lack no comfort which their circumstances and the union's means will permit of furnishing."

CHRISTIAN DUTY TO FORGIVE OUR FOES

(Continued from Page Five.) would "damn their souls" with lurid profanity. We should not injure the innocent with the wicked. Many do not want the war to close. They would have Germany invaded. Why? That they may suffer. Why? The war is a child's game. The weak, the helpless, the guiltless. None of the spirit of Christ there.

"We should not cherish hatred of our enemies. Instead of hating and cursing, Christ prays for His enemies. We should help them, for they need help in Christ's name. They are starving; women and children are suffering and dying. We are commanded to pray, forgive us our debts, or our sins, as we forgive our debtors, who sin against us. Remember that as God helps us to forgive that we may breathe that prayer and have it a blessing and not a curse. "John Wesley heard a man say: 'Beware how you injure me, for I never forgive an injury. Turning to him, Wesley said: 'I trust that you never injure the man who does not forgive cannot expect forgiveness.' God helps us to truly forgive our enemies."

Good night, "Reveille," as usual, is inevitable.

"Cpl. Battery "C" and Battalion French Artillery, American E. F. France A. C. O. 903.

EXPLOSION DELAYED THE GERMAN COURIER

Washington, Nov. 10.—A wireless dispatch from the German Nauen station picked up by the American naval towers says it had been officially explained in Berlin that the courier bearing the armistice terms was delayed in crossing the lines by an explosion on the German side, but that the terms could be expected at any hour.

The message follows: "It has been officially reported concerning the delay in transmission of the armistice terms:

"The courier commissioned to bring armistice conditions, sent ninth of November by wireless from Eiffel tower, (made?) statement that he could not pass the lines, since Germans had not ceased firing. He was probably led to this statement by the fact that an explosion on German side an ammunition depot had caught on fire and was blown up with continuous detonations. Courier had the circumstances explained to him by wireless and received directions immediately to cross the line. Arrival of armistice terms in Berlin can be expected at any hour."

EX-KAISER AND SON HAVE FLED TO HOLLAND

(Continued from Page One.) Amsterdam from the Exchange Telegraph Co. The German crown prince signed his renunciation to the throne shortly afterwards.

It is believed that King Ludwig of Bavaria and King Frederick August of Saxony also have abdicated.

IS REPORTED THAT WILLIAM IS GOING TO SWITZERLAND

Geneva, Switzerland, Nov. 10.—It is reported here that William Hohenzollern may come to the chateau of his friend, Baron Von Kleist, at Zug, 13 miles northeast of Lucerne.

The first member of the Austrian royalty has arrived in Switzerland with an Italian permit. He is the Duke of Braganza. Additional members of the royal family are expected.

Reports from Germany describe the revolution as continuing in the twelve principal towns and ports which are now ruled by the soviet, consisting of workmen, soldiers and sailors. The red flag has been hoisted everywhere.

The socialists, according to the report, are demanding that every dynasty in Germany be suppressed and all the princes exiled. It is reported that the kings of Gavarra and Saxony intend to abdicate shortly.

The population in the south German states is delighted over the abdication of the kaiser. There has been public rejoicing near the Swiss frontier and also in Alsace-Lorraine.

KING OF WURTEMBERG ALSO GIVES UP THRONE

Basel, Switzerland, Nov. 10.—(Havas) William II, the reigning king of the monarchy of Wurtemberg, abdicated on Friday night.

ROME GREATLY SATISFIED OVER KAISER'S ABDICATION

Rome, Saturday, Nov. 9.—10:30 p. m.—News of the German emperor's abdication was received here with great satisfaction, it being accepted as an indication that Germany will sign the armistice conditions imposed by the allies which it is contended, could not have been done so long as the emperor remained in power.

SIX VILLAGES CAPTURED BY THE AMERICAN ARMIES

Washington, Nov. 10.—General Pershing's communique for this evening says that a series of local operations by the First and Second armies between the Meuse and Moselle resulted in considerable gains today. Six villages were captured and the Bois Dommartin cleared.

SOLE PURPOSE TO AID OUR SOLDIERS

(Continued from Page Five.) which of necessity ought to be done in order that the men might have water and food to all such as want it; to show them the roads, and not to let any lie unburied. And in the Talmud it is taught: "The poor of the stranger are to be supported with the poor of Israel; the stranger are to be visited (nursed) as the sick of Israel; the dead of the stranger are to be buried with the dead of Israel."

"The same spirit is prevailing all the organizations in the united war work campaign. Creed and race enter not into the exercise of their philanthropic and patriotic missions. They only vie with each other in their good works. To carry on the good work, we, the stay-at-homes, are called upon to help with our means. Surely they deserve our unstinted help.

"The numbers of organizations interested in the campaign is seven; the same is the number of colors in the rainbow. As colors of the rainbow merge into one another harmoniously, so these organizations harmonize their labors of love. Aye, as the rainbow is set in the cloud for a token of a covenant between God and the earth that the waters shall no more become a flood to destroy all flesh, so these seven organizations shall be united, that our dear ones, whether in cantonments or in the trenches over there, shall not suffer the waters of affliction to engulf them, that they shall lack no comfort which their circumstances and the union's means will permit of furnishing."
