

EIGHT. CAPITAL ISSUES TO BE KEPT IN HAND

Committee Handling Finances Should Be Maintained.

However, Treasury Faces Hard Task in Keeping Alive the War Time Ardor and Co-operation of Many People.

Washington, Nov. 20.—Secretary McAdoo and members of the capital issues committee today agreed that the committee should continue indefinitely its functions of supervising proposed issues of stocks and bonds for capital purposes, as a measure of rationing capital in preparation for future war loans.

Despite the decision to continue the activity of the capital issues committee in an effort to suppress fraudulent securities which promoters would seek to exchange for Liberty bonds held by small purchasers, considerable doubt over the future status of the committee exists in the mind of Secretary McAdoo and other treasury officials.

Others suggest that the functions of the committee should be limited to the compulsory power which it now lacks and which it is feared it can not make it restrictions effective after the ardor of war-time co-operation among business interests has cooled.

Members of the capital issues committee, although expressing themselves individually anxious to relinquish their duties, agreed to take up questions of relaxing their past strict regulations to permit the floating of bonds for promotion by the committee in other ways over committee regularly the amounts thus taken in and these ports, it is felt, might act as a restraining influence.

Special efforts will be made to discourage the floating of questionable or highly speculative security issues. Another difficult problem of late war financing confronting the treasury is the maintenance of the extensive war savings program.

DISCIPLES AT GREENVILLE Will Hold Their State Convention Tuesday, December Third.

Wilson, Nov. 20.—The state convention of the North Carolina Disciples of Christ will be held in Greenville Christian church one day only, Tuesday, December 3. Expect attendance of two or three hundred. S. L. Sadler is minister in charge.

Disciples number 22,000 in this state. W. C. Manning of Williamston, is president their state missionary organization; C. C. Ware, of Wilson, is executive secretary.

OWNER OF LARGE N. C. LANDS DIRECTS BODY BE CREMATED

New York, Nov. 20.—That his body be cremated and the ashes thrown into San Pedro channel, between Catalone Island and San Pedro, Cal., was directed by William C. Boschen, whose will was offered for probate here today.

Baseball as Usual Next Year. Cleveland, O., Nov. 20.—Owing to the sudden ending of the war, the national baseball federation has abandoned all plans for the proposed semi-professional league next season and will conduct its affairs practically as in the past.

BREAKS A COLD IN FEW HOURS ---TRY IT!

First Dose of Pape's Cold Compound Relieves All Grippe Misery.

Don't stay stuffed up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and discharges mucus; stops nasty discharge of nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—adv.

USE PEACE CONFERENCE TO SPREAD PROHIBITION

Prohibitionists Now Take the Wide World as Their Field and Will Work for Arid Earth.

Columbus, Ohio, Nov. 20.—The peace conference as a means of spreading the prohibition movement into countries as yet untouched by anti-saloon forces was advocated here tonight at the world-wide conference on prohibition being held under the auspices of the anti-saloon league of America.

The Rev. P. A. Baker, national superintendent of the league, addressing the meeting said: "Somehow prohibition sentiment must make itself felt at the peace table, but he did not indicate just what means might be adopted."

William J. Bryan addressed tonight's session and aroused applause when he alluded to the probable signing by President Wilson within a day or two of the national war prohibition bill.

INTERNATIONAL POOL NECESSARY IN SHIPPING

Task of Moving Needed Rations to Devastated Countries So Great Such Plan is Suggested.

Washington, Nov. 20.—Some representatives in London of the American government are understood to believe that the task of moving the necessary foodstuffs to the distressed civilian populations in European countries and reconstruction material to France and Belgium can be accomplished successfully only through an international shipping pool.

These representatives also were said today to have recommended that American vessels requisitioned during the war be held by the government and that restriction on imports of essentials into the United States remain in force until the work of supplying necessities to the war devastated countries is completed.

An international pool of shipping for the movement of virtually necessary supplies to France, Belgium, Central Europe and the near east probably will be discussed, it was said today, at conferences between Chairman Hurley of the shipping board who now is en route to Europe and representatives of the allied governments.

EXPRESS RATES INCREASED

Will be 16 to 17 Cents 100 Lbs. and Food Rates 75 Per Cent As Much. Washington, Nov. 20.—General increase in express rates was announced today by Director General McAdoo.

East of the Mississippi and north of the Ohio and Potomac rivers the new rates on merchandise will be about 16 and 17 cents a hundred pounds more than at present. The increase on food rates will be about 75 per cent as much.

As for the remainder of the country the merchandise rate will be increased about 10 or 12 cents a hundred over the present scale.

The new order will raise about \$24,000,000 additional revenue, half of which the American railway express company, before it was taken over entirely by the government, had planned to distribute among employees in higher wages. The wage question is now before the railroads' administration board of wages and working conditions.

The increases, it was announced, are due to increases in wages and become effective January 1.

BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer from sick headache, or you have rheumatism when the weather is bad, get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acid in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage and belongs in every home, because nobody can make a mistake by having a good kidney flusher.
