

LUMBERTON NOW HAS FLOUR MILL

New Baptist Pastor Arrives With His Family.

Senator McLeod Finds Oil On His Lands in Kansas—Mrs. Joe S. Thompson Dead—Toon Britt Dies in Colorado.

BY F. GROVER BRITT.

Lumberton, Nov. 30.—Lumberton now has an up-to-date flour mill. The mill was installed by McMillan Brothers and has a capacity of 25 barrels per day.

Thanksgiving passed off here with quiet prevailing throughout the day. While it rained during the morning, many attended services at the various churches and splendid contributions were made to the denominational orphanages.

Rev. J. H. Durham and family arrived Thursday night from Winston-Salem and Dr. Durham will preach at the First Baptist church here tomorrow morning and evening.

Services have been held at this church in two months and no doubt many will hear the new pastor tomorrow. Dr. Durham resigned as pastor of Brown Memorial Baptist church at Winston-Salem to accept a call to the church here.

He was pastor of the church here fourteen years before going to the Winston-Salem church four years ago. He was for many years moderator of the Robeson Baptist association and Robesonians generally are pleased at his return to Lumberton.

Many friends of Ex-State Senator B. McLeod will be interested to learn that he has made good in his lands in Kansas. One well bored has an output of 25 barrels of crude oil per day. The oil is worth \$2.25 the barrel and is having more wells bored.

Mr. McLeod arrived here Thursday from Kansas and brought along a photo of his well. No doubt this "find" will mean much to Mr. McLeod in a financial way. He will return to Kansas at an early date.

A. P. Mitchell, formerly of Maxton, has accepted a position as agent for the Seaboard and Raleigh & Charlotte railroads here. He entered upon his new duties yesterday. Mr. Mitchell succeeds M. Beverly, who was agent here for several years before resigning a few weeks ago to accept a position with John F. Meier at Laurinburg.

Final reports show that Robeson citizens subscribed \$15,817.87 to the United War Work fund. The allotment for the county was \$9,000. This is considered a splendid record. A judge of the trial of civil cases will convene Monday, December 2. A number of divorce cases will be heard. Judge C. C. Lyon of Elizabethtown will preside.

Marley, a Lumber Bridge merchant, was given till December 4 to show why he should not be blacklisted by H. A. Page, state food administrator, when given a hearing here this week on the charge of violating the food regulations. Several other merchants were given hearings on the same charge and judgment was deferred.

The merchants of Robeson will meet in the court house in Lumberton on Tuesday, December 3, at 11 a. m. for the purpose of discussing the food regulations. The meeting was called by H. E. Stacy, county food administrator.

A meeting of the Robeson county Red Cross chapter here Friday Mayor James D. Proctor of Lumberton was elected chairman, succeeding A. L. Bullock of Rowland. Miss Minnie Lennon was re-elected secretary.

E. W. Tyler of Lowell was advised by the war department this week that his son, Private Ellis Tyler, who was reported missing in action in France last July, had not reported for duty. The private Tyler was located in Rome, Italy, and it was ascertained that all efforts possible had been made to that organization to locate his son, but to no avail.

The message brought by the hearts of Robeson, Tyler, as they made sure their son was dead. Mrs. Joe S. Thompson, aged about 40 years, died at her home here Wednesday after an illness of several months. The funeral was conducted from the home Thursday at 3:30 p. m. and interment was made in Meadowbrook cemetery. Deceased is survived by her husband and five children, besides many other relatives. She was the daughter of Gregory Lennon of the Bellamy section.

Mrs. Thompson was a member of the First Baptist church of Lumberton and was a model woman. Nathan Britt, of Orrum, has been advised of the death of his son, Toon Britt, at Denver, Colorado. Deceased was 19 years old and had been in Denver several months on account of ill health. The remains will be sent home by train.

New Apparel For The Holidays

A Special Display Featuring Some Most Unusual Values

During the month of December so many stores regard their stocks of women's apparel with indifferent eyes. We, on the contrary, consider them most important; and every endeavor is made to keep them fresh, new and interesting. Just now the display is particularly well worth seeing. Many brand new fashions have arrived to supplement the already complete stocks that have made our "Apparel Department" headquarters for well-dressed women.

The Coat, Suit or Dress which you need for the holidays and for future winter wear can be selected most satisfactorily and with decided economy here and now!

NO MORE MENDING JOHNNY'S PANTS--

No More Sewing Buttons

That's Dubblebilt's cheery message to mothers.

Dubblebilt is the only Boy's Suit that promises to repair without a cent of charge, any rip, hole or tear that shows within six months.

Dubblebilt can make this guarantee because seat, knees, and elbows are double thick. Buttons are mechanically put on to stay. Each wear seam is reinforced—each pocket double-sewn. The famous "Cravanette" finish makes each garment resist water.

But Dubblebilt was built for style as well as strength and service. Patterns are bright and new—models are many—and the tailoring of the best.

Yet Dubblebilt Suits for boys cost no more than ordinary suits. At \$12.75 or \$16.75—according to the fabric—Dubblebilt is the most economical Boy's Suit you've ever seen.

You'll know why the moment you permit us to show you the actual garments.

The Proper Fitting of Gloves

Is just as important as the quality, and that's why we have here well trained salesladies who are capable of fitting them correctly.

Then, too, gloves cannot be exchanged or returned after they have been tried on, and to have them fitted here insures you the utmost in service and satisfaction.

Come in the first time you are down town. Our stock is now complete in kids, capes and fabrics. Here are a few of them:
Chanut's French Kid Gloves, in plain black, plain white and combinations, all sizes, at \$2.50

BAPTIST CONVENTION GREENSBORO JAN. 14-17

Officers of Convention Fix Time for Postponed Meeting—Million-Dollar Fund Goals.

BY REV. WALTER M. GILMORE.
Raleigh, Nov. 30.—The Baptist State convention, which was to meet Dec. 3-6, but was postponed on account of the influenza situation, will meet in Greensboro Jan. 14-17. This date has been fixed by the officers of the convention, consisting of Judge John A. Oates, of Fayetteville, president; Rev. Walter M. Gilmore, of Sanford, recording secretary; Rev. Walter N. Johnson, of Raleigh, secretary of the board of missions; Dr. R. T. Vann, of Raleigh, secretary of the board of education, and Dr. M. L. Kesler, of Thomasville, superintendent of the orphanage.

When it was ascertained that Greensboro would not be able to entertain the convention at the time appointed Charlotte very magnanimously offered to take it, but in deference to Greensboro the committee decided to postpone the convention to a time when it could meet there.

This new date of the meeting of the convention makes more certain the completion of the million-dollar campaign for the Baptist schools of the state by that time. This is the big objective now before the convention. Perhaps never before were the Baptist people of the state so aroused over any question. In many churches throughout the state, in the cities and in the country places, an intensive drive will be put on tomorrow.

ONLY 200 TROOPS ARE LEFT AT CAMP POLK

3,500 Others Go To Camp Green To Be Mustered Out—Petition Stirrs Capital City.

(Special Star Correspondence.)
Raleigh, Nov. 30.—Three thousand eight hundred Camp Polk men are to go to Camp Green Sunday or Monday to be mustered out of the service according to announcement just made. This will leave only 200 hundred men to check up affairs and close down Camp Polk "for good and all." It is expected that it will take a couple of weeks at Camp Green to complete the mustering out of the men.

Congressman Marvin Jones, of Texas, who has been a private in Camp Polk, has just gotten his honorable discharge in readiness to resume his duties in congress. Denouncing the action of a certain group of Raleigh citizens in signing and sending to Washington a petition for the removal of the tank training camp from Raleigh, a representative group of Raleigh business men have adopted counter resolutions that declare such conduct as these signers guilty of as "highly reprehensible and a gross breach of courtesy and hospitality." Resolutions declaring that Raleigh really learns with much regret that Camp Polk is likely to be abandoned and pay the highest tribute to officers and men, the behavior of the men being declared to be at all times above criticism.

RALEIGH PUBLIC SCHOOLS ARE CLOSED UNTIL DEC. 30.

(Special Star Correspondence.)
Raleigh, Nov. 30.—The influenza epidemic situation in Raleigh and Wake county continue really serious and the Raleigh authorities have decided to make no further plans for the reopening of the public schools until December 30. It does not seem likely that there will be any further ban imposed on church services. When the schools re-open they will be under the superintendency of Prof. Harry Howell, for four years at the head of the Asheville schools.

Bickett In Charlotte Today.

Raleigh, Nov. 30.—Governor Bickett has gone to Charlotte where he will deliver an address Sunday in the interest of the Baptist campaign in North Carolina for educational endowment through in connection with the Liberty loan and war savings campaigns. The governor makes a special appeal to the whole people of the state to rally to the aid of this great movement on the part of the North Carolina Baptists.

War Inventions Numerous.

London, Oct. 30.—(Correspondence.) Since the establishment, in July, 1915, of the British board of invention and research, it had examined and reported on 53,000 inventions and proposals to July, 1918. Of those about 38,000 related to, it is said, submarines and mines and to engineering matters, 18,000 to naval ordnance, ammunition and the like, and the rest to aircraft.

Toys TOYS TOYS. Illustrations of a toy car, a baby carriage, and a doll carriage.

Velocipedes, Doll Carriages, Scudder Cars, Wagons, Baby Rockers, Kiddie Cars, for the little ones.

Electroliers, Cedar Chests, Ladies' Desks, Kitchen Cabinets, Aluminum Percolaters, Dinner Sets, Steam Cookers, Davinette Suites and Parlor Suites, for the grown ups.
