"MILLION DOLLAR DOLL"

#### Attraction Was Good But Not Altogether Up To Last Year.

"Million Dollar Doll," a musical comedy of the first order comprising a cast of 50 people played to good houses yesterday, matinee and night, in spite of bad weather.

The "Million Dollar Doll" of this year, while in many ways different from the show by the same name last year is, perhaps, no better attraction. The "Doll," herself, did not take with the audience with the same enthusiasm as the one of last season, though the actress. Miss Irene Medora, was well fitted to the role and pleased.

Truman Tanley who was seen in the attraction last season was welcomed yesterday in the role of Jack Dale opposite Miss Medora. While not exhibiting the same "pep" as he did last season, one year's experience gave unmistakeable evidence of an improvement in his acting.

Scarcely the thread of a plot was being the most popular. "Smiles" "Over the Billowy Sea," sung by Paul Baker, was easily the best solo of the evening.

The feature of the attraction was the whirlwind dancing sensation executed by Bert and Miss Helen LeRoy.
