Extracts From His Socialist Paper Read at Trial.

His Former Managing Editor Testifies That Berger Instructed Him To Use Berlin Dispatches As Leaders.

Chicago, Dec. 16.—A mass of documentary evidence in support of the government's charges that Victor L. Berger, of Milwaukee, violated the espionage law in the anti-war campaign he carried on as editor of the Milwaukee socialist daily newspaper, The Leader, was presented to the jury in Judge Landis' court today in the trial of five socialist party chiefs.

Extracts from numerous anti-war editorials which Berger caused to be published in the Leader were read into the record. J. E. Harris, formerly managing editor of the Leader, testified that he resigned his position in May, 1917, because of a dispute with Berger over an order received to print for the second time the proclamation and war program of the St. Louis socialist convention.

The witness said he previously had been criticized by Berger for the way in which war news had been handled at times.

"My instructions from Berger were to use the Berlin dispatches as leaders in the war news," said Harris. "He always said that the Berlin stories were more reliable because the news from London and France was censored."

On cross-examination Harris admitted that Berger had on numerous occasions printed editorials in the Leader and the junker class in Germany.

District Attorney Clyne read extracts from a number of anti-war editorials published by Berger in the Milwaukee Leader.

VICTORY CLUB APPEAL

Supt. R. W. Isley of Sampson County Schools Urges Them to Work.

Clinton, Dec. 16.—Supt. R. W. Isley of the Sampson county schools has issued the following appeal to the Victory club boys and girls to redeem their pledges.

Christmas holidays represent a great opportunity for Victory boys and girls to earn and fulfill pledges made to the united war work campaign. Many Victory boys and girls have paid in full, while others have paid in part as the pledge cards asked. During the Christmas holidays each Victory boy and girl should find work and earn to help meet this noble obligation. Many stores need extra help during the Christmas rush. The next payment on the pledge for those who have not paid in full is due January 15 and the last payment is due March 1. The state chairman is asking for prompt payments.

Victory boys and girls are asked to pay to their teacher who in turn will send funds to Howard McKinnin, Clinton.

Teachers who have Victory boys and girls are asked and urged to form an honor roll of those boys and girls who have redeemed their pledges. A large cardboard properly designed containing the names of all the boys and girls who have paid in full could be placed on the wall of the school room. When one pays, his name should be entered with a star after it. A permanent record of these boys and girls should be kept in the library record book.

"I CAN DO MORE WORK NOW," SAYS A FARMER'S WIFE

I Have More Strength and Energy Since I Got Rid of Constipation, Kidney Trouble, Dizzy Spells, Nervousness and Gastritis.

"I SLEEP LIKE A BABY"

The New Root and Herb Medicine, Dreco, Did Much For This Charleston Woman.

"I feel that I should tell everyone what great good this new medicine, Dreco, has done for me," are the words of Mrs. Rosa Jenkins, who resides in Charleston, but whose husband has a farm nearby.

"I have long been a sufferer from troubles peculiar to all women who do not cure the first symptoms of disease. Constipation has been one of my worst complaints and it seemed I could not get rid of it. Then my stomach got out of order and gas would form and bloat me up after meals and make me very uncomfortable. My kidneys were out of shape also and I frequently had dizzy spells and suffered from poor sleep and my appetite fell off to almost nothing. I was getting weak and losing flesh all the time.

"Since I have finished a bottle of the new medicine, Dreco, I have a different story to tell for all my troubles are about past. The constipation never gives trouble, my kidneys are acting fine and I never have a dizzy spell. My appetite is huge and I have gained five pounds in weight. I sleep like a baby and never wake up from the time I hit the bed. I gladly recommend this splendid remedy to all my friends and advise anyone suffering as I was to try it immediately.

Dreco is dispensed by good druggists everywhere and is particularly recommended in Wilmington by Hardin's drug store, 126 South Front St.—adv.

AMERICAN INDIAN DID HIS BIT WELL

Upwards of 10,000 Served With the Colors During War.

Indians Hold the Equivalent of One Fifty Dollar Liberty Bond For Every Man, Woman and Child Of the Race.

Washington, Dec. 16.—The American Indian, by enlisting in the army and navy, by subscribing liberally to the liberty loans, by increasing the production of foodstuffs on Indian lands and by contributions to relief agencies, greatly aided the United States and the allies in winning the war, declared Cato Sells, commissioner of Indian affairs, today reported in his annual report.

Mr. Sells said that out of 33,000 eligible for military duty, more than 4,500 Indians entered the army, 1,000 enlisted in the navy. Commissioner Sells said Indians now hold the equivalent of one \$50 liberty bond for every man, woman and child of their race in the nation.

Through it all, Commissioner Sells declared, a new view of life and responsibilities is coming to the Indian. "In the midst of the most decisive and expansive achievements of history," said the report, "he is learner of the eternal principles involved. He is a student of the rights of individuals of nations and of international ethics. It is something to challenge attention when eight or ten thousand of a race which within the memory of living men knew little beyond the restraints of barbarism, cross the ocean as crusaders of democracy and civilization."
