

RECORD CROP OF WHEAT FORECAST

More Winter Acreage Sown Than Was Hoped For.

Government Estimates the Crop Will Exceed by Eighty Million Bushels Any Other Yield in American History.

Washington, Dec. 16.—A huge winter wheat crop, larger by eighty million bushels than any yield in the history of American agriculture, was forecast today by the department of agriculture.

The government's appeal, made before the coming of peace was in sight, saying an acreage of 47,500,000 was desirable, and the guaranteed price of \$2.20 a bushel for wheat, stimulated extraordinary effort on the part of farmers, said the department's announcement. As a result of 49,277,000 acres were planted during a long and almost perfect season.

The fall growing season has been one of the finest ever known, resulting in the crop being in the best condition ever recorded in December and giving promise of heavy yields.

The department announced that winter wheat gives promise of a total production of 75,000,000 bushels. An average spring wheat crop would place next year's production of wheat beyond a billion bushels and exceed the record crop of 1915.

States having more than a million acres of winter wheat, the percentage of increase and the condition of the crop on Dec. 1 include: Virginia, 1,326,000 acres; 1 per cent increase; condition, 91.

TO CUT SHORT A COLD TAKE A CALOTAB

The New Calomet Tablet That Is Entirely Purified of Nauseating and Dangerous Qualities.

Of the latest medicines in the world the doctors prize Calomet most highly to break up a cold overnight or to cut short an attack of influenza, grippe, sore throat or a deep-seated cough and possibly to prevent pneumonia. Now that all of the unpleasant and dangerous qualities have been removed, the new kind of Calomet called "Calotabs" is the doctors' ideal treatment for colds, etc.

One Calotab on the tongue at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, your work or pleasures. Next morning your cold has vanished and your whole system is purified and refreshed. Calotabs is sold only in original sealed packages; price thirty-five cents. Your druggist recommends and guarantees Calotabs by refunding the price if you are not delighted—adv.

MEMORIAL TO DR. GRAHAM Will Take the Form of a \$100,000 Students Building. (Special Star Telegram.) Raleigh, Dec. 16.—North Carolina university's memorial to the late President Edward K. Graham will take form in a \$100,000 building to be known as "The Students' Activities Building," according to a plan presented today by alumni represented by Victor S. Bryant, Clem G. Wright, Geo. Stephens and Lionel Well, and faculty members composed of H. W. Chase, W. M. Day, E. V. Howell, C. T. Woolen, and J. R. Wilson.

Rocky Mount, December 16.—News has been received here that Corporal Julius L. Hickman, of Whiteville, who is well-known in the city, was wounded severely while in action. The young fighter is now in a base hospital in England, and expects to soon be able to return to his home. He was a former member of the North Carolina national guard, and was on patrol duty at the Tar River bridge here shortly before the United States entered the war.

Mountain River in Freshet Again—(Special Star Telegram.) Asheville, Dec. 16.—Reports from Brevard, Penrose and other points on the Toxaway line state that considerable damage has been done by crops and farm lands by the recent heavy rains which started Saturday and are still continuing.

At Horshoe and Penrose the water from the French Broad reaches the railroad tracks. Candler on the Murphy line, has also suffered from the rains. The French Broad is at flood stage here, with rain still falling but there is no real danger apparent as yet.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Guaranteed to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

PENNY WISE AND DAYS BEHIND IS BURLESON

R. D. Cronly Wants a Piker Used on Postmaster-General to Get Soldiers' Mail Sent to Families.

Washington, Dec. 16.—R. D. Cronly, of Wilmington, secretary of the Atlantic Coast Line company, thinks that the economy program of Postmaster-General A. S. Burleson is partially responsible for a congested mail service. "The fathers never intended this department as a money-maker but as one of service to the entire people—good service—and what receipts were arranged for it were largely incidental and with the idea of part contributions," is the statement made by the Wilmington citizen in a letter to Senator Simmons.

"Few of our people here have heard from their boys in France since November 11. Of course, unfortunately, some will never hear more, but a number who have indirectly or through the few cables that have come in, heard of their sons, have not by mail heard from them.

A mail from all parts of France should come a few days ago informing them days ago and few letters have yet percolated through. The authorities should have put every facility at this service, following November 11 and pushed this mail through to final delivery. My opinion is that it has been that the department in undertaking to be self-supporting or money-making is pinching entirely too much."

Mr. Cronly suggests that the piker or other instrument be used in stirring the postoffice department to action.

BURGAW NEWS NOTES.

Mrs. Hermans Pulliam Dies at Pinnacle—Soldiers Returning. (Special Star Correspondent.) Burgaw, Dec. 16.—Mrs. E. P. Sidbury received a wire from the war department a few days ago informing her that her son, Lacy, had been wounded in France, but, fortunately for her, she had received a letter from him written since the armistice was signed saying he was all right, although he had been gassed.

Quite a number of Burgaw boys who are known to have been in the last fighting have not been heard from and it is causing considerable uneasiness among their families, but all are hopeful for the best. It is supposed that some of them were with the armies of occupation and that may be the reason why they have not been heard from.

C. L. Sams of the agricultural department is to visit Pender county this week in the interest of bee-keeping. He will be accompanied by Elton Warner, of Port Republic, who will go to Holly township Tuesday and to Currituck township Wednesday. Both of these sections are fine for bees and produce a great amount of honey.

Mr. F. M. Fitch, of the Melvin hse been mailing questions to the farmers throughout the county in order to find out the quantity of farm products they will have for market, such as corn, cotton, peanuts, cowpeas, soy beans, sweet beans, and pork. When the questions have been returned Mr. Melvin hopes to be able to organize a co-operative movement in marketing the surplus.

Mr. Overstreet and family have returned from Hopewell, Va., and located here. Mr. Overstreet hopes to engage in farming, and has purchased a farm here.

H. Overstreet, who has been at Hopewell for the last two years, visited his relatives and friends here last week.

Lieut. Gray Stokes, who has been at home on furlough for several days, left for camp Friday evening.

Wyatt Blake, Harry Johnson and Robert Hearn have all returned home, having been discharged from the S. A. T. C.

On nearly every train that arrives now the boys are coming home from camp, having been discharged from the service.

the results following its use are often simply astonishing. Weak, tired people regain strength and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health. Bitro-Phosphate, the use of which is inexpensive, also wonderfully promotes the assimilation of food, so much so that many people report marked gains in weight in a few weeks. It is sold in Wilmington by Bellamy and other good druggists.
