

GEOLOGISTS ASK GOVERNMENT AID POWER SURVEY

Believed That Large Saving Of Fuel Could Be Affected Thereby.

(Special to The Star.)
Washington, April 12.—Joseph Hyde Pratt, Ph. D., North Carolina state geologist, has written from Chapel Hill, to Representative Godwin asking his support of an appropriation by congress for a "super-power survey."

It is set out that such a survey would look to the saving of millions of tons of coal and otherwise benefit the people of the country. Dr. Pratt, who is director of the North Carolina Geological and Economic Survey, writes to Mr. Godwin as follows:

Dr. Pratt's Letter
"Enclosed is copy of a resolution recently passed by the American Association of State Geologists in regard to an appropriation by congress for a super-power survey.

"There are few things more important than the proper utilization and development of our waterpowers, not only for the promotion of industry, but, as suggested in this resolution, for the saving of coal and reducing the freight burden of the railroads. The North Carolina Geological and Economic Survey is vitally interested in the waterpower development and we are planning, with our meager resources, to begin a water resource survey of the state this summer.

"Such a survey by the federal government would be of inestimable value to North Carolina, and I sincerely hope that you will give this measure your earnest and active support.

The resolution referred to, which was recently passed by the American Association of State Geologists, is as follows:

Super-Power Survey
"Whereas, there has been presented to the congress a plan for a survey of the power requirements of the Washington-Boston industrial area, and whereas, the Association of American State Geologists is aware that such a survey is a necessary first step toward the saving of tens of millions of tons of coal each year, and will help diminish the great freight burden of the railroads in the most congested industrial region of the country, and

"Whereas, we believe it is the duty of the government to further this great saving for the welfare of the citizens both of the present and future.

"Be it Resolved, that we heartily approve this 'super-power survey' and urge upon the congress the advisability of making this year the needed appropriation; and

"Be it further, resolved, that each state geologist send a copy of his resolution to each member of his state delegation in congress in order that the stand of this body be brought to his attention."

Mr. Godwin indicated that he is greatly interested in the proposition and that he would do all in his power to secure federal aid for the movement, believing, as he does, that it would be a great economic saving to the people.

DENTISTS WORKING WITH SCHOOL KIDS
Thirty-One Thousand Children Treated Since Work Started

(Special to The Star.)
Raleigh, April 12.—Dentists and surgeons working with the state board of health have treated over 31,000 school children of North Carolina free of charge since the work was inaugurated in the state under the direction of Dr. G. M. Cooper, supervisor of the bureau of medical inspection of school children.

The work was started in 1918, following the enforcement of the law for the medical inspection of school children.

These reports showed that a large per cent of the school children of the state were suffering from decayed teeth and from mouth and nose troubles which could be easily remedied if it were possible to get them to dentists and surgeons.

RALEIGH AUTOMOBILE SHOW OPENS TO PUBLIC IN A TENT

(Special to The Star.)
Raleigh, April 12.—Raleigh's big automobile show opened in a tent on the Centennial school building grounds tonight, with the largest entry of automobiles of all makes that have ever been entered for such a show. Dealers from all parts of the state are on hand with new and latest models of their machines, and the indications are that the attendance for the show will break all former records. It was impossible to hold the show in the city auditorium because it was not possible to get space in the cars which sought entries. The show will be on for the remainder of this week.

RALEIGH PEOPLE OBSERVING HALIFAX REVOLUTION DAY

(Special to The Star.)
Raleigh, April 12.—Many offices in Raleigh are closed today for Halifax Revolution Day. The governor is out of the city, and his officials are closing up the work of the day this morning and took a brief vacation. The secretary of state and other state officials also allowed the clerical help a day off, in response to the mandate of the legislature which made the day a legal holiday for North Carolina. Banks in the city are also closed for the day.

More than two billion passengers rode on all the New York car lines during the fiscal year just ended. Of this number it is said that several got seats.

—Tacoma Ledger.

Dorothy Dalton's Beauty Chat

Miss Dorothy Dalton, the actress famous the world over for her beautiful complexion, says: "Any girl or woman can have a beautiful, rosy-white complexion and smooth unlined skin like mine if they will follow my advice and use Derwillo, a simple toilet preparation. It is because it imparts instant beauty is easy to apply, absolutely harmless and has a marvelous effect upon the skin. One application proves it." Be sure to read Miss Dalton's interesting story of how to quickly acquire a beautiful complexion, soon to appear in this paper. In the meantime get Derwillo at any toilet counter and try it today; you will be delightfully surprised.—Adv.

YOUR COMPLEXION CAN BE MADE WHITE, SOFT AND YOUTHFUL

By The Use Of The BLACK AND WHITE Beauty Treatment

Every woman wishes to appear beautiful. The savage maiden tattoos her skin, fixes rings in her nose and uses other crude ornaments to make herself more attractive. An example of present-day beauty among civilized women is a soft, velvety skin and a radiant complexion.

To improve your complexion, you should not use anything that hides your faded, pimply, blotchy skin. Such applications last only a few hours, and are injurious to the delicate skin tissue in many cases.

You can make your complexion beautiful by removing the faded, dark, sallow, blotchy skin with the BLACK and WHITE Beauty Treatment which consists of a creamy ointment and soap. This beauty treatment will not injure the skin and is easy to apply. Before retiring you thoroughly cleanse the skin with BLACK and WHITE Soap; then mix and apply BLACK and WHITE Ointment according to directions.

The BLACK and WHITE Beauty Treatment will also remove pimples, sun-freckles, insect bites, skin blotches, liver spots and other unsightly blemishes of the skin. Remember that the BLACK and WHITE Beauty Treatment is different from other cosmetics in that it removes—does not cover or hide—the blemishes. You can buy BLACK and WHITE Ointment and Soap at all good drug stores for 25c each a package, or the manufacturers will send both postpaid on receipt of 50c.

You can get a free sample, literature and a BLACK and WHITE Birthday and Dream Book, if you will clip and mail this advertisement to BLACK and WHITE, Box 915, Memphis, Tenn. Adv.

Brightens the skin

FOUND CARDUI GREAT BENEFIT

South Carolina Lady Suffered Until She Couldn't Stay Up or Go Anywhere. Tells How Cardui Helped Her Get Well.

Batesburg, S. C.—In telling how she found relief from troubles that had caused her much suffering, Mrs. E. E. Oswald, of this place, says: "Each month I would begin to suffer with my back and head. My limbs would ache and I would chill. I wouldn't be able to stay up, no matter what I wanted to do, or where I wanted to go. My people tried giving me different medicines and teas and tonics, yet I didn't get any better.

"Some one told me of Cardui, and I began to take it. I noticed it helped me. I kept it up, after a few months I didn't have any trouble. For about six months I used it, before . . .

"I found I was all right, and from that day to this have never had any trouble at this time. I have taken it since, a bottle or two, in the winter, especially when I have been exposed, and would take a cold, for I consider it the best thing a woman can take to tone up the system, keep off nervousness and increase the appetite. I certainly know it has been of great benefit to me."

If you are weak, nervous, or suffer from womanly troubles such as Mrs. Oswald mentions, take Cardui, the Woman's Tonic.

All good druggists sell Cardui.—adv.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head and ear noises or are growing hard of hearing, go to your druggist and get 1 ounce of Parmit (double strength), and add to it 1-4 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial. (Adv.)

PREACHING on SUCCESS

We might preach a thousand sermons on success and everyone would begin just so: save money. And all would end just so: save money. For that is the law.

Usually we think of law as a rule that punishes. This law is a rule that REWARDS. Just so: save money—and reap the reward of the law of success.
