### EXERCISES HELD BY FAYETTEVILLE HIGH

President Brewer, Of Meredith College, Delivers The Commencement Address.

(Special to The Star.) Fayetteville, June 6.—With a commencement address by Dr. Charles E. Brewer, president of Meredith college, the graduating exercises of the Fayetteville high school were held in the school auditorium Friday night, when a class of twenty young men and women received their diplomas. The exercises were largely attended despite unfavorable weather conditions.

The valedictorian of the class was Miss Janie Huske and the salutatorian was Miss Mary Bethune. Diplomas, presented by John A. Oates, chairman of the board of trustees, were received by Rupert Harrison, Herbert Tudd, Lloyd Thompson, Preston Harris, Norman Youngblood and Misses Mary Bethune, Stella Fortson, Ada Hall, Ida Lessem, Verna Parker, Mamie Plummer, Sarah Shaw, Selma Vann, Mattie Mae Burns, Frances Green, Janie Huske, Frances Ledbetter, Jane Pope, Allen Rameuse and Gladys Townsend. The Stedman English medals were presented by Mr. Oates to Preston Harris of the senior class, and Miss Bert Smith of the junior class. The trustee scholarship medal was won by Frank Craven, of the freshman class. The Colonial Dames prize for the best essay on American citizenship by a student from any Cumberland county school was presented to Oscar Parsley by Major E. R. McKethan, who related an interesting and amusing story of his graduation with the first class to finish the Fayetteville schools. Superintendent W. S. Snipes presented the county-wide spelling prize, won in competition at the county commencement, to Miss Mary Bethune; the award for the best essay on the history of Cumberland county to Miss Ida Lessem, and the Merchants' association prizes for essays on the advantages of membership in the United States army, to Oscar Parsley and Miss Eloise Snyder.

Certificates from the commercial department of the school were presented by Rupert Harrison, Misses Mary Tolar, Virginia Kelly, Fannie Ahearn, Frances Ledbetter, Gladys Townsend, Mamie Plummer, Stella Fortson, Jane Pope, Verna Parker and Mattie Mae Burns.

Dr. Brewer's address was an inspiring discourse on "Crisis" and a strong plea for conservatism in daily living. The program was opened with singing by the high school glee club and prayer by Rev. Archer Bogger, and was closed with the class song.

The class day exercises were held in the morning, and were presided over by Rupert Harrison, the class president.

### WALLACE VERY PROUD OF STRONG NEW BANK

Doors Opened Early On Morning Of The First.

(Special to The Star.) Wallace, June 6.—The new institution, of which Wallace is justly proud, the Farmers' Bank and Trust company, opened its doors for business on June 1st. There was a deposit of more than \$75,000, by over a hundred depositors. The new safe, which can be seen from the window, is attracting a great deal of attention. It is the latest up-to-date Mosler screw-door manganese steel safe. This bank was organized in March, with a paid in capital of \$50,000, by over 200 stockholders. The popular officers are president, G. B. D. Parker; vice-pres., W. B. Drake, Raleigh; second and acting vice-president, W. T. Crump; cashier, O. P. Banks.

New and comfortable quarters have been fitted up for a temporary home in what has been a store, between the postoffice and W. M. Rivenbark's auto company. On the opening morning of the bank, when Messrs. Crump and Banks opened the doors of the building, little D. E. Boney, Jr., son of Mr. and Mrs. H. F. Boney, was the only person to be seen on the street. It being about 5 o'clock in the morning, ready with the first deposit for the new bank. So eager was the little fellow for the prize, a new greenback, that he had not risked being in a rush.

Little D. E. Boney, Jr., is the grandson and namesake of D. E. Boney, of this place, one of the oldest and most highly esteemed citizens of the community, having long ranked as one of the most prominent and successful business men of the vicinity. W. T. Crump, acting vice-president, formerly of Wagram, and O. P. Banks, cashier, formerly of Charlotte, are not new at the banking business, having both been in this business for several years, and what the Wallace people, and those of the surrounding community have seen and learned of these men, they are fully qualified for the great position of responsibility and trust which has been placed upon them.

"MAYFLOWER HALL." Plymouth, Eng. June 6.—Foundation stones of a new memorial to be called "The Mayflower Hall," which the Salvation Army proposes to build on a site near the starting place of the Pilgrim Fathers here are to be laid on September 6. The ceremony will take place in connection with the tercentenary celebration of the sailing of the Pilgrims.

The stones, which are to be brought from Plymouth, Mass., will be laid by Ambassador Davis, Lady Astor, who is the member of parliament for the division, and General Booth.

The cost of the scheme is 25,000 pounds.

The coal mined in Japan varies from the hardest anthracite to peat but the quality is usually inferior to that of the American product.

### DEFEAT ADMITTED BY C. L. ABENETHY

Concedes Brinson Victory In Third District And Pledges His Support.

(Special to The Star.) Newbern, June 7.—Hon. Charles L. Abenethy today issued the following statement:

"To the democrats of Third congressional district:

"It seems from the meagre returns which have come in from the district that my opponent has been nominated. The heavy rains which kept so many farmers away from the polls, the light vote and the appeal of my opponent's friends to give him another term accounts for the result.

"No man has ever lived who has more loyal and true friends than I, and no man appreciates them more. My loyalty and fidelity to the democratic party are unshakable and I will support the nominee of the democratic party and my opponent in the election and hereby request my friends to do so. Those who opposed me in the primary, I have nothing but the kindest feelings; every man has the right to support whom he pleases.

"To those loyal friends who stood by me I extend my sincerest thanks. I shall ever be ready to aid any of them whenever I can."

OFFENSIVE GAINS STRENGTH. Warsaw, June 6.—(By the Associated Press.)—The Polish northern counter-offensive is gaining momentum. The bolshevik being driven eastward all along the line, according to a communique given out by the war office late today.

On one sector, it says, the Poles advanced twenty kilometers in a day. The heaviest fighting is reported northwest of Borisov, where the bolsheviks are endeavoring to break the Polish Vilna defenses. General Eluski witnessed the opening of the present offensive which is designed principally to oust the bolsheviks from the territory gained since May 18.

TREATY BOOSTS THE BALTIC. The Baltic has new importance by reason of the changes brought by the war. An official British statement says it "is no longer merely a shallow strip of water leading to Petrograd and Finland, and dividing the German empire from a distant and somewhat vaguely comprehensive Scandinavia, but a northern Mediterranean, washing the coasts of nearly as many different and independent countries as the nineteen Mediterranean countries capable of exporting the most valuable raw products and of absorbing an ever-increasing quantity of finished materials."
