entering, There are many rumors in Constantinople, probably all of them ground- worship for Islam. less, that Greek troops will take the church by force, regardless of peace conference rulings. Eliminatie the Moslem alterations in its interior and reto the historic building by the Emperor sixth century.

by recurrent rumors that the Turkish nation. nationalists have mined Saint Sophia and many other important buildings Greek advance into the Turkish capital. Such an advance is not regarded as improbable. The ability of the Constantinople government to enforce the terms of any treaty is questionable as long as Mustapha Kemal controls practically all of the remaining fragments of the Turkish army and refuses to take orders from the Sultan. Greece has the only troops which could undertake further punitive measures and might reasonably be expected to demand Constantinople as the reward for

additional military operations. Russians Not Barred

In spite of the boast of Russians in constantinople that the Turkish capital and Saint Sophia will eventually fall into their hands as a result of the dissensions among the entente powers. Russians from their most historic mos-
