INDIANS PLUCK ROBINS WHILE TRIPLE PLAY AND 2 HOMERS THRILL FANS

Speaker's Swatters Surpass Dreams of Imagination In Most Sensational Game of World Series

CLEVELAND, O., Oct. 10.—In a baseball game erupting sensational, unique and thrilling plays far beyond the wildest dream of an imaginative fiction or scenario writer...

Wambsganss realized the golden fielding opportunity that confronted him and before the startled spectators could grasp the play he had sprinted to second and stepping on the canvas bag, eliminated Kilduff, who was well on his way to third.

Smith's splendid wallop Cleveland's offensive opened with another play which would have, under any other circumstances, stood out as a feature supreme.

Not satisfied with this display of batting prowess, Tris Speaker must have whispered into the ears of the other members of the team to go do likewise in connection with the inning.

Doc Johnston opened the inning by bouncing a single off Grimes' shins to left-field and took second on a passed ball.

Wambsganss leaped into the air and with the ball clutched in his hand. For the fraction of a second he appeared to hesitate and it looked as though the play would take the usual course of a force out.

HARDING RIDES IN ENGINE CAB Takes Twenty-Mile "Joy Ride" With Wife

ON BOARD SENATOR HARDING'S TRAIL, Oct. 10.—Senator Harding took a twenty-mile "joy-ride" today on his return trip to Marion from his mid-western speaking tour.

LAUDS LINCOLN IN SPRINGFIELD

SPRINGFIELD, Ill., Oct. 10.—Governor Cox spent Sunday here, resting in preparation for his campaign tomorrow.

Wool Growers To Get Dealers' Excess Profits

Markets Bureau Starts Distributing Money Refunded Under Contracts With War Industries Board

(Special to The Star.) WASHINGTON, D. C., Oct. 10.—Distribution of excess profits made by dealers who handled the wool clip of 1918, under regulations of the War Industries Board, is being made by the United States department of agriculture to some 100,000 wool growers.

Some of the dealers who accumulated excess profits have failed or refused so far to refund the entire amount and the bureau is at work to bring about final settlements. The dealers, who operated under permits, signed agreements with the War Industries board binding themselves to abide by the regulations of the board, which specifically limited their profits.

WILL SHIP PORT EXHIBIT Chamber of Commerce Prepares Wilmington Photos for Marine Exposition at Chicago

The port exhibit which will be shown by the Wilmington chamber of commerce at the National Marine Exposition at Chicago for the week beginning October 18, will be prepared for shipment Monday by Secretary J. H. Cowan and will be at the Coliseum for the opening of the exposition.

Taft Sponsor For League Revision, His Cables Show

Cox Makes Public Correspondence Between Wilson and Former President Regarding Changes In Versailles Covenant

REVEALS STAND OF PARTISANS

SPRINGFIELD, Ill., Oct. 10.—Cable correspondence between President Wilson and former President Taft in 1919, during draft of the League of Nations covenant at Paris, was made public during tonight's address by Governor Cox, Democratic presidential candidate, together with a statement by the candidate criticizing severely Senator Lodge, of Massachusetts, and other league opponents.

Mr. Taft, the correspondence detailed, sought and had cable communication with President Wilson, submitting numerous suggestions for changes in the tentative league draft and advising the President regarding its presentation to the senate.

Governor Cox's statement, issued prior to his departure to make addresses tomorrow at Springfield and East St. Louis, Ill., and St. Louis, Mo., said he published the Taft-Wilson correspondence—a white house memorandum—because of "the equivocal position former President Taft and other friends of the league now occupy in their support of the candidate of the league destructionists."

(Mr. Taft) as a result of his study of the draft agreement, and quoted Mr. Taft's own words where sincerity of mind and intelligence were belated by the partisan prejudice of a political campaign.

The white house memorandum, containing some of the cables exchanged by President Wilson and Mr. Taft, stated that, in "every instance," the President followed Mr. Taft's suggestion and Governor Cox's statement declared that "every suggestion of Mr. Taft was followed literally."

The correspondence indicated that Mr. Taft's suggestions dealt principally with protecting the Monroe Doctrine and dealing with American domestic questions, withdrawal from the league, unanimous ratification of the league, and the President's reply added: "You need give yourself no uneasiness about my yielding anything with regard to the embodiment of the proposed convention in the treaty."

On March 18, the correspondence showed, Mr. Taft cabled a reservation for the Monroe Doctrine, stating that it "alone would probably carry the treaty, but others would make it certain."

Mr. Taft's detailed suggestions were: "I would like to see the treaty with the League of Nations in it, make more specific reservation of the Monroe Doctrine, fix a term for duration of the league and the limit of armament, require expressly unanimity of action in executive council and body of delegates and add to article XV, a provision that where the executive council of the body of delegates find the difference to grow out of an exclusively domestic policy, it shall recommend no settlement, the ground will be completely cut under the feet of the opponents of the league in the senate."

The latter, Mr. Taft said, would cover tariff, Japanese immigration and similar domestic questions. "Submitting drafts of proposed amendments and detailed arguments in their behalf, one of Mr. Taft's messages stated: "The Republican senators are trying to stir up anxiety among Democrats. It is a limitation upon our tariff. It would help much to meet and remove objections and cut the ground under senatorial obstruction."

Regarding the League of Nations protection, Mr. Taft was quoted as follows: "My impression is that if the one article already agreed on, the Monroe Doctrine, is inserted in the treaty, sufficient Republicans who signed the round robin would probably retreat from their position and vote for ratification of the treaty to carry. If the other suggestions were adopted, I feel confident that all but a few who oppose any league at all would be driven to accept them and to stand for the league."

Another message by Mr. Taft, March 25, 1919, upon the same subject, said: "I venture to suggest to President Wilson that failure to preserve the Monroe Doctrine more specifically in face of opposition will give great weight to objection to the league that first report endangers doctrine. It will seriously embarrass advocates of league, it will certainly lead to senate amendments."

HITS SENATE FOR LOW WEED PRICE

League Rejection Figures In Campaign

KINSTON, Oct. 10.—Outstanding facts in the Lenoir county Democratic campaign to date are the assertion by J. Frank Wooten, Kinston solicitor, that had the League of Nations been ratified by the senate, tobacco would now be selling for 40 cents instead of 13 cents.

The campaign drive will be continued tomorrow at Southwest. The campaigners will remind the audience these how appropriate it is that they are assembled at such a place—the scene of a great Confederate victory—to take a walk at "oppression," and proclaim the peace covenant.

Taking part in the drive are J. Frank Wooten; Richard F. Churchill, chairman of commissioners; Plato Collins; Jesse T. Heath, clerk of the court; Carl W. Priddy, registrar of deeds; Treasurer John Dawson; Fitzhugh Wallace; John G. Dawson, county chairman; Aden W. Taylor, sheriff; Commissioner Parker Howard and others.

STATE SAVES BY AID TO CHILDREN

Medical Report Shows Value of Treatments

(Special to The Star.) RALEIGH, Oct. 10.—Through the expenditure of approximately \$50,000, the state bureau of medical inspection has saved the school children \$174,752, according to conservative estimates made from figures now being compiled by Dr. G. M. Cooper, who is making up figures covering the last twenty-two months of his work as head of the bureau.

Dr. Cooper's report shows that his force has examined 87,803 school children, including dental work and for other defects which prevent a child from doing its best in school. The dentists have examined 32,097 children and have treated the teeth of 23,445, at an average cost to the state of \$1.28 per child.

The total expense of this dental work to the state has been \$30,023.40. This work does not cost the patients a penny. All treatments are furnished by money provided from state taxes. Examination of the school children revealed that a large percentage of them were suffering from enlarged tonsils and adenoids. Nurses from the state board made an examination of 55,704 school children and found that 2,154 were suffering from badly diseased tonsils and adenoids. All have been successfully treated at a cost to the parents of \$12.50 each.
