Possession of Auto Was Unknown to Relatives-Police Probing Four Theories

(Special to The Star) WASHINGTON, N. C., Oct. 26 .- H. W Brantley, a livestock dealer of Columbia, Tyrrell county, and well known throughout eastern North Carolina, is believed to be at the bottom of the Pamlico river as the result of an accident at Fowles' wharf here, early this morning, when his automobile almost went off the dock and into the water. Somewhat mysterious circumstances surround the supposed tragedy. Brantley was at work repairing his automobile on a dark side street. He was being assisted by a negro bellboy from the Hotel Louise. Brantley suggested that they take the car to Main street, where more light would be available. While he drove down to the dock to turn around, the boy went to Main street. Arriving there, he heard the engine of the automobile suddenly stop, according to his story of the affair. Thinking that Brantley probably had stalled the car, the boy went to help him. He found the car with one of the front wheels off the end of the dock. The running gear, catching underneath, had prevented it from going over entirely. No sign of Brantley could be found.

With \$1,000 in His Pockets, G. O. P. Nominee Says He Knows Nothing of Californian Mentioned In State Department Dispatch as Having Made Recognition Overtures To Soviet Government In Deal for Siberian Coal and Oil Fields.

MARION, O., Oct. 26.—Direct denial was made by Senator Harding today of reports reaching the state department that Washington D. Vanderlip was acting as his agent in Russia. "I have never heard of Mr. Vanderlip," said the senator. "He is not my agent and I have no agent. I know absolutely nothing about any such matter as is discussed in these dispatches and have no interest in it whatever."

The Republican nominee declined to make any other statement regarding the Vanderlip story or to comment specifically upon the reported negotiations relating to possible American recognition of the soviet government of Russia. He said he considered his denial broad enough to make his position entirely clear and to serve notice to everyone concerned that he was not a party to any of Vanderlip's activities.

The announcement issued by the state department was as follows: from London that Washington D. Vanderlip of California had concluded an arrangement with the Russian Soviet government for a large concession in Northeastern Siberia, the only dispatch either personally or politically, with bearing on the subject received by the Senator Harding and that their interstate department was one received Oc- est in the Siberian venture is purely tober 20 from the commissioner for the Baltic province at Riga.
